For Applicant: H. Nordheim and William Slapo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 3, 1955 after due notice by publication in the Bulletin; laid over to June 7, 1955, to permit the applicant to obtain a decision from the Building Department as to structural conditions to comply with the Labor Law and to permit the filing of a companion administrative appeal to be heard with the zoning application on the laid over date; laid over, date to be set for hearing when companion "A" appeal has been examined and set for hearing; the "A" and "BZ" cases to be heard on the same date; then set for hearing January 10, 1956; then February 15, 1956, for inspection and decision; hearing closed; then to February 28, 1956, for applicant to file revised plan; then laid over to March 20, 1956, for further inspection and decision; then to April 3, 1956, for applicant to furnish consent of adjoining owner for use of property as means of egress from foot of fire escape; then to April 24, 1956, at request of the applicant, to obtain a consent of the adjoining owner for exit across his property; then to May 8, 1956, for applicant to file consent of adjoining owner for exit; then to June 5, 1956, at request of the applicant, to file consent of adjoining owner; and

WHEREAS, the district maps accompanying the zoning resolution show that Thompson street is in residence and business use, B and C area, class 1½ height districts; Spring street is in retail, business and unrestricted use, B area, class 1½ height districts; the site is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 4, 1951 acting on amendment to Alt. Applic. 1676-45, reads:

"16. In a Retail Use District no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing that not more than 5% of the total floor space of the building is so used. Article II Para. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 23.4 ft. frontage by 100 ft. in depth, on which is

MINUTES

located a building 23.4 ft. front by 96 ft. in depth, 4 stories, 56 ft. in height, of class 3 construction, used for manufacturing on all floors; that it is proposed to permit manufacturing on all floors, not incidental to conduct of retail business conducted on premises; and

WHEREAS, the applicant states that the present owner has held title to the property since July 15, 1944; that the assessed valuation of land is \$9,000 and of the building \$11,000 making a total of \$20,000; that the building was erected 1911; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant was unable to obtain a consent of the adjoining owner for permission to exit through his premises; that, however, he requested the Board grant the application in view of the long time that such means of egress has been available for the subject building, and with the understanding that in the event such egress ceases to be available, a second means of exit will be provided; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, as to objection 16, to permit the occupancy of the building throughout for manufacturing, as proposed and as indicated on plans filed with this application, marked "Received September 18, 1951", 1 sheet, "March 3, 1955", 1 sheet and "March 15, 1956", 3 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board this day by resolution adopted under Cal. 444-55-A; and that such fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

444-55-A

APPLICANT—Henry Nordheim, for Leah Slapo, owner.
SUBJECT—Application June 3, 1955—re Appeal from a decision of the borough superintendent—relating to egress and construction.

PREMISES AFFECTED—171 Spring street, north side, 70 ft. 2 in. east of Thompson street, Block 502, Lot 41, Borough of Manhattan.

APPEARANCES—

For Applicant: H. Nordheim and William Slapo.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated May 31, 1955, on amendment to Alt. App. 1676 of 1945 reads:

"10—Means of egress including cellar should comply with Section 270 of the L.L.

"12—Required liveload for manufacturing and storage is 120 lbs. per sq. ft.

"17—Building should be of fireproof construction as it exceeds the tabular height limit, Sect. C26-254.0 B.C. and Sect. 270 of the Labor Law."

and

WHEREAS, the applicant stated to the borough superintendent in the amendment filed May 12, 1955, upon which the decision dated May 31, 1955, was issued that the liveload for all floors will be 120 lbs. per sq. ft.; and

WHEREAS, the applicant has not appealed on objection 12 relating to liveload; and

WHEREAS, the applicant states the building is 4 stories, 56 ft. in height, 23 ft. 4 in. front by 96 ft. in depth of class 3

construction and erected 1911, located on a lot 23 ft. 4 in. front by 100 ft. depth in a retail use B area, Class 1½ height district, and used and occupied since 1946—cellar; storage and boiler, no persons; 1st floor—factory-printing, 2 persons; 2nd floor—factory, metal candy-molds, 10 persons; 3rd floor—storage, no persons; 4th floor—factory—silk printing, 3 persons; no change in use or occupancy is now proposed; type of storage proposed is not stated; and

WHEREAS, the applicant states the building is provided with one interior 3 ft. 8 in. wide fireproof stairs, fireproof enclosed; equipped with fireproof self-closing doors leading direct to street and provided with a ladder and scuttle to roof and one stack of fire escapes on the rear wall extending to roof by stair and to street and yard by ladder with egress from yard to fireproof passage 60 Thompson Street, window and door openings on the course of the fire escape are fireproof self-closing; adjoining building to the east and west are 56 ft. in height; and

WHEREAS, violation No. 1819 of 1949, issued by the borough superintendent February 2, 1955 stated that the violation existed of Section C26-178.0-183.0 of the Administrative Code in that the building had been changed from five to four stories by relocating floor beams contrary to plans approved under Alt. App. 1676 of 1945, and that the first and second stories were occupied without a Certificate of Occupancy; and

WHEREAS, the applicant has filed an extract from the minutes of the Court of Special Sessions of the County of New York, dated May 24, 1955, stating that the defendant Leah Slapo was discharged on her own recognizance on October 19, 1954, on a charge of violation of the Multiple Dwelling Law; and

WHEREAS, the applicant states the building formerly consisted of two buildings and by the construction of two side walls and a roof became a single unit of Class 3 construction; that the floor beams of both buildings were raised so as to create higher ceilings and in the process the fifth floor was eliminated; that the roof was not raised; thus, the building remains the same height as formerly; that this applied to the front buildings; that the rear building was a two-story building and additional brick walls were added to bring it up to the same level of the front building and its floor beams were also raised to bring its floor levels on the same level as the front building; and

WHEREAS, the applicant contends that the buildings had out-lived their usefulness as tenements due to the depreciation of neighboring property that were converted to commercial uses; that the type of occupancies in the building are such that they did not produce noise or odor; that the third floor is used for the storage of furniture, and the blue-printing process stated to be on the fourth floor is actually off-set printing; that the number of occupants on each floor is limited; that the exit facilities are adequate; that the front stairway is entirely fireproof, enclosed in fireproof walls and lead to the street, and is provided with 3 ft. 8 in. wide fireproof doors at each floor; and

WHEREAS, the applicant contends as to the fire escape at the rear of the building that such fire escape and means of escape at the rear yard level were accepted by the Tenement House Commissioner October 24, 1913, under Alt. App. 889 of 1912, and afford exit from the rear yard to fire passage of No. 60-62 Thompson Street; and

WHEREAS, plans filed with this appeal marked, "Received, June 3, 1955" indicate the use of the cellar (marked basement) as storage and all other floors as factory; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 1676/45, Objection No. 10 and that the appeal be and it hereby is *granted*, to permit the continuance of the exits from the cellar, as shown on plans filed marked "Received March 15, 1956", 3 sheets, *on condition* that the rear fire escape shall be maintained in good structural con-

MINUTES

dition with exit to roof and drop ladder to yard; that the means of exit from this fire escape may be through adjoining premises as has existed, but in the event the owner of adjoining premises refuses to permit its continuance, the owner of subject premises shall provide a lawful means of exit from the rear fire escape through the building to the street; that as to objection 17 the building shall not be increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by the Board this day by resolution adopted under Cal. 626-51-BZ; and *withdrawn* as to Objection 12, to comply.

469-52-BZ—Vol. III

APPLICANT—Alex Danin, for Cord-Meyer Development Co., owner (Bay Terrace Cooperatives Sections 3, 4 and 5 Inc., lessee).

SUBJECT—Application reopened May 24, 1955 as Vol. III—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use district, the substitution of two story garden simplex apartments for each two duplex single family units, within the same building envelope.

PREMISES AFFECTED—212-14 to 212-52 16th avenue, southeast corner of 212th street, Block 5118, Lot 30; 15-15 to 15-41 and 15-47 to 15-63 212th street and 212-19 to 212-49 16th avenue, northeast corner, Block 5857, Lot 110; 15-18 to 15-42; 15-70 to 15-86 and 16-18 to 16-34 212th street, northwest corner 18th avenue, Block 5863, Lot 60; 16-21 to 16-37 212th street, southeast corner of 16th avenue, Block 5918, Lot 30; 16-41 to 16-65 and 16-71 to 16-87 212th street, southeast corner 18th avenue, Block 5918, Lot 40; 209-37 to 209-77 and 211-07 to 211-49 18th avenue, northwest corner 212th street, Block 5863, Lot 110; 18-47 to 18-59 and 18-73 to 18-95 211th street; 211-03 to 211-23; 211-27 to 211-55; 211-67 to 211-91; 211-95 to 211-99 23rd avenue; 211-02 to 211-12; 211-39 to 211-41 and 211-36 20th avenue; 18-04 to 18-28; 18-34; 20-08 to 20-24; 20-28 212th street; and 18-15 to 18-41; 211-10 to 211-34; 211-38 to 211-50; 211-54 18th avenue, southwest corner, Block 5872, Lot 2, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alex Danin and Charles H. Mulligan, Jr.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 24, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, F-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 26, 1955 acting on N.B. Applic. 7453-52, reads:

"1. Substitution of two story garden simplex apartments for each 2 duplex single family units does not conform to BSA variance granted by the Board on July 14, 1953 under Cal. No. 469-52-BZ—Vol. II and 161-53-A."

(See schedule "D").

and

WHEREAS, the applicant states that the premises consist of plots, as follows: block 5863, lot 60, irregular, 736.35 ft. fronting 212th street, average depth 572.65 ft.; block 5918, lot 30, irregular, 262.85 ft. fronting 212th street, 421.03 ft. fronting 16th avenue; block 5857, lot 110, irregular, 595.21 ft. fronting 212th street, 411.65 ft. fronting 16th avenue;

block 5918, lot 40, irregular, 312 ft. fronting 212th street, average depth 318 ft.; block 5863, lot 110, irregular, 1034 ft. fronting 18th avenue, average depth 289 ft.; block 5872, lot 2, 695 ft. fronting 212th street, 791 ft. fronting 23rd avenue, approximately 697 ft. fronting 18th avenue, approximately 925 ft. fronting 211th street; 1036 ft. fronting east and west sides 20th avenue, average depth 700 ft.; that it is proposed to permit the following changes; 282 duplex (single family units) containing living quarters on the 1st floor and sleeping quarters on the 2nd floor (each unit containing 5 rooms) be eliminated and instead of these apartments there be constructed 141 1st floor simplex apartments (each unit containing 5 rooms) and 141 2nd floor simplex apartments (each unit containing 5 rooms); that this will be accomplished by utilizing the 1st floor of each 2 duplex apartments as a 5 room simplex apartment and by utilizing the 2nd floor of each 2 duplex apartments as a 5 room simplex apartment (see schedule D); that this change merely substitutes a 2 story garden simplex apartment unit for each 2 duplex single family units and in no way whatsoever will it affect the previous decision with respect to construction and general layout of the project; that the location of each of the 25 revised buildings will in no way be changed, nor will the over-all dimensions, area and cubic contents of these buildings be changed as a result of this proposed revision; that similarly, the number of families to be accommodated by the project, the number of exterior garages, the number of interior garages, the number of parking spaces, all will *not* change; and

WHEREAS, the applicant contends that this application is made because the sponsor of the Bay Terrace project has determined from experience gained in the past 24 months, that the simplex apartment units are in far greater demand by the public and are far more acceptable to the needs of the public, than the duplex units; that the original distribution of apartment units calling for 50% simplex and 50% duplex units, was dictated by the FHA, and in light of the sponsor's experience of great difficulty in selling the duplex units, the FHA has changed its regulations and permitted Bay Terrace cooperative sections 3, 4 and 5 to be built entirely of simplex units in order to alleviate the undue hardship suffered by the sponsor in having to sell a dwelling unit considered undesirable by the public; that although at present specific plans have been filed with the Board for sections 1 through 5 inclusive, a total of 1,062 apartments, additional plans have been prepared with the building department so that the area will eventually be built up by the sponsor with 3,500 apartment units, and all the preliminary planning was based on a complete development of this size; that in order to make a project of this magnitude possible, it was necessary for the sponsor to take and accomplish the following steps since the variance was adopted on July 14, 1953; and alteration map No. 3613 was filed with and approved by the City; that this alteration map extensively changes the area, closes mapped streets, provides for dedications by the sponsor to the City of a public school site, presently under construction as P.S. 169, an extension to an existing playground, a strip of land adjoining the parkway and the construction of chain link fencing along the perimeter of the project; that an agreement was entered into with the City whereby the sponsor undertook the building of an extensive network of storm water drains and sanitary sewers including the installation of large size sewer pipes in very deep trenches for the purpose of accommodating all 3500 families; that work on the installation of these utilities has been completed for sections 3 and 4 and a portion of section 5 will be completed within a few weeks; that in accordance with the agreement with the City, the sanitary sewers were designed of a size sufficient to take in the sewerage of many of the homes in a large area in the vicinity of the development and a large segment of this sanitary sewer has already been completed; that all the streets in the area were substantially widened in the planning for a large development, the additional land necessary for this street widening to be dedicated to the City and the paving to be done by the sponsor;

MINUTES

and

WHEREAS, the applicant further contends that the afore-listed commitments could not have been made by the sponsor for a development of fewer than 3500 dwelling units; that the cost of the lands dedicated to the City and the cost of the very extensive sewer system can be borne only if their cost is to be allocated to the many apartment units that will constitute the entire development; that it is obvious that the apartments must be attractive to the public for otherwise they could not be sold and the development could not proceed; that many of the aforescribed heavy expenses have already been incurred by the sponsor and the financial losses that would result in a discontinuation of the project would be overwhelming; that aside from the obligations undertaken by the sponsor, the Department of water, gas and electricity of the City of New York has already installed water mains in the area to accommodate a large development and the utility companies have likewise revamped their facilities for the expected large developments; that at the present time, the revised plans for sections 3, 4 and 5, for which approval is hereby requested, have been completed in every detail and filed with the building department, and filed and approved by the FHA; that a construction permit for section 3 has been secured from the building department (permit No. 1728-54 to 1731-54 inclusive) and some building operations within this section, including the acquisition and the placement of over 100,000 cubic yards of fill and preparations for piling, have been completed; and

WHEREAS, the applicant states that the present owner has held title to the property since 1946 and that the assessed valuation of land is \$114,050.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 14, 1953 only so far as it refers to the type of buildings involved and to permit, in lieu of the duplex single family units as previously permitted, buildings as now proposed, two-story garden simplex apartments as shown on plans marked "Received April 28, 1955" 9 sheets, and "March 16, 1956", 13 sheets, *on condition* that the resolution above cited shall be complied with.

103-54-BZ—Vol. II

APPLICANT—Siegel and Green, for L. S. C. Realty Corp., owner.

SUBJECT—Application reopened January 17, 1956 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection of an outdoor amusement center, also the maintenance of an illuminated business sign.

PREMISES AFFECTED—1950 Bruckner boulevard, south side, 364.8 ft. west of Pugsley avenue, Block 3677, Lots 58 and 61, Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel and Frank Jollento.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 17, 1956 subject to regular procedure, to consider new proposal, previously withdrawn; and

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bruckner boulevard and Houghton avenue are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent,

dated December 1, 1955 acting on Alt. Applic. 1044-55, reads:

"1. Proposed erection of an outdoor amusement center on a plot located in a Residence use district is contrary to Art. 2, Sec. 3 of the Z. R.

"2. Proposed illuminated business sign in a Residence use district is contrary to Art. 2, Sec. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 79.15 ft. in depth, now vacant; that it is proposed to level the site, enclose the premises with a fence having gates to both streets and to install on the premises outdoor amusement devices for patron amusement; and

WHEREAS, the applicant states that the subject premises are now zoned for residence use, E area, since April 26, 1945; that prior thereto these premises were zoned for business use B and C area;

WHEREAS, the applicant contends that Bruckner boulevard since its widening has become a heavily trafficked arterial highway; that this particular area, especially to the south, is sparsely developed and was formerly low lying marsh land filled in and used by the department of sanitation and others as a dump; that the future development of this area is doubtful, irrespective of its present zoning; that while this immediate area is zoned for residence use, it is not residential in character nor conducive to residential development; that since the establishment of Bruckner boulevard as a through highway, this particular block between White Plains road and Pugsley avenue has been established as an amusement center; that the Board's records will disclose the several variances of similar nature granted for all the other premises comprising this entire block, except the subject premises, as well as the golf driving range that exists on a large tract of land immediately south of the subject premises; that the proposed illuminated business sign on the building face is a required incidental facility, which experience has shown to be necessary for the successful conduct of the operations of this enterprise and cannot adversely affect anyone, as it will face Bruckner boulevard which is a 187 ft. wide street without a single development on its north and opposite sides; that a grant of this variance would result in the improvement of a vacant plot otherwise undesirable for its zoned residential purposes; that the temporary term requested will afford an ample safeguard for the future character of this area, if and when it becomes desirable for conforming development; that the granting of this variance will enable the owners to obtain a beneficial use of their property and would not adversely affect the character of this neighborhood and would permit a use compatible with other surrounding uses; and

WHEREAS, the applicant states that the present owner has held title to lot 58 since December 8, 1950 and to lot 61 since February 6, 1953; that the assessed valuation of lot 58 is \$4500 and of lot 61 \$1500; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term expiring on May 4, 1964 to permit the use of the premises substantially as proposed and as indicated on plans filed with this application marked "Received December 6, 1955" 2 sheets, and "April 24, 1956" one sheet, *on condition* that all existing uses on the plot shall be removed and the plot shall be leveled substantially to the grade of Bruckner Boulevard and Houghton Avenue and shall be constructed and used as proposed and as indicated on such plans; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than five feet six inches in height with no openings therein except gates not over 10 ft. in width to Bruckner Boulevard and a gate of similar width to Houghton Avenue where shown; that as to objection No.

MINUTES

2 there may be an illuminated business sign of the dimensions as shown on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

297-54-BZ

APPLICANT—Lama, Proskauer and Prober, for Sylvia Griff, owner.

SUBJECT—Application reopened May 8, 1956 for consideration as to extension of time to complete expired October 26, 1955—re (decision of the borough superintendent) previously granted on condition, under sections 21, 7c and 19A, permitted in the business use portion of plot located in a residence and business use, D area district, the demolition of existing frame structure on lot 23, and the erection of a new one-story extension, using more than the area permitted; and permitting an opening from proposed extension to existing frame structure to construct one large store; and permitted a horizontal exit door between two structures; and permitting an entrance to a proposed loading area, both located in the residence use portion of plot, with loading area less than 33 ft. in depth, and less than 14 feet in height.

PREMISES AFFECTED—65-61 to 65-65 Grand avenue and 56-64 to 56-72 Hamilton place, northwest corner, Block 2719, Lots 21, 22 and 23, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended and time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, on October 26, 1954 this application was granted by the Board on certain conditions, under sections 21, 7c and 19A(h) of the zoning resolution, to permit in the business use portion of a plot located in a residence and business use, D area district, the demolition of existing frame structure on lot 23 and the erection of a new one story extension using more than the area permitted, and to permit an opening from proposed extension to existing frame structure, to construct one large store and to permit a horizontal exit door between two structures; and to permit an entrance to a proposed loading area, both located in the residence use portion of plot, with the loading area less than 33 ft. in depth, and less than 14 ft. in height; and

WHEREAS, the applicant requested reopening of this application, amendment of the resolution and extension of time, to obtain permits and complete the work, which had expired by time limitation on October 26, 1955; and

WHEREAS, this application was reopened on May 8, 1956 and set for hearing on June 5, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 20, 1956 acting on Alt. Applic. 120-54, reads:

"1. Proposed extension to a wood frame building occupied as a store and dwelling is contrary to Section 4.1.2. and contrary to Resolution of Board of Standards Cal. No. 790-49-A.

2. Area of the plot to be built upon exceeds percentage permitted for a D area, Sec. 14 Zoning Resolution.

3. Provide two enclosed stairways from cellar directly to the street Section 6.1.2.2.3 and 6.3.3.

4. The portion of the loading and unloading area, more than 101.04' from Grand avenue is in a Residence Use District and contrary to Art. 2 Sec. 3 of the Zoning Resolution.

5. Provide one loading berth at least 33' deep and at least 14' high, Sec. 19A Zoning Resolution, Subd. h 1 and 2.

Note: Above premises were subject to Board of Standards and Appeals Variance under Calendar Number 297-54-BZ and 790-49-A, Vol. II. Since Board resolution adopted October 26th, 1954 has expired, this matter is referred back to the Board."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 26, 1954 by adding thereto:

"that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution;"

and to amend the next to the last sentence in such resolution so that as amended this portion of the resolution shall read:

"that access doors may be constructed in the cellar where shown on plans as cited in resolution adopted October 26, 1954."

450-55-BZ

APPLICANT—Leonard F. Rothkrug, for Thomas Nastasi, owner.

SUBJECT—Application June 7, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G-1 area district, the occupancy of a class 4, single family residence by 2 families.

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; applicant to file report as to houses in area having more than one family; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Powell Cove boulevard are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 12, 1955 acting on Alt. Applic. 762-55, reads:

"1. Proposed two family house is contrary to Zoning Resolution Sec. 16-C-a which states that in a G-1 district no dwelling shall be erected or altered other than for occupancy for a single family."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 200 ft. in depth, on which is located a one-and-one-half story building of class 4 construction, 40 ft. front, 29 ft. in depth, 24 ft. in height; that certificate of occupancy No. Q78506 was issued December 28, 1951, after completion of work under N.B. 9496-50 providing for a boiler room, toilet and two car garage in the cellar and dwelling for one family on the 1st floor and attic; that the premises are illegally occupied by two families since 1951, shortly after the issuance of the certificate of occupancy; and

MINUTES

WHEREAS, the applicant contends that the owner purchased the land when the premises was in an F area district and building plans were approved and construction was commenced while the premises were in an F area district; that the area district was not changed until July 24, 1951 while the building was under construction; that at any time prior to the change of area district, the owner could have erected a two family dwelling or amended his building plans to change the proposed occupancy from one to two families; that it was the owner's intention to erect a house which could be used at some future time by 2 families; that the owner particularly thought that one of his children's family would occupy the house with him and soon after the house was completed, the owner's daughter's family moved in with him and occupies the second apartment in the building; that the premises consist of an unusually large plot, 80 ft. by 200 ft. in area, and the building is set back 45 ft. from the street, 20 ft. from each side lot line and 126 ft. from the rear lot line; that there is only one building on this large lot and ideal conditions prevail which provide light, air and ventilation to both apartments; that although the neighborhood is still a newly developed one, most of the homes were built when the premises was in a D area and F area district, which provisions of the zoning resolution permit 2-family occupancies; that a majority of the homes within the area affected by this appeal are occupied by two families; and

WHEREAS, the applicant states that the present owner has held title to the property since July 20, 1950; that the assessed valuation of land is \$5,500 and of the building \$8,000 making a total of \$13,500; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which is of the opinion that this building should be used for one family only, as designed; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 762/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

529-55-BZ

APPLICANT—Henry C. Brucker for Alfred W. and Amelia Ziegler, owners.

SUBJECT—Application June 29, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a E area district, the erection of a two story one family dwelling with side yard of less width than required by section 18b of the zoning resolution.

PREMISES AFFECTED—78-30 82nd street, west side, 277.15 ft. south of 78th avenue, Block 3832, Lot 57, Glendale, Borough of Queens.

APPEARANCES—

For Applicant: Oscar F. Schmitt and Alfred W. Ziegler.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 78th avenue are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 3, 1955 acting on N.B. Applic. 2434-55, reads:

"1. Provide minimum sideyard for an E area district as required by Sec. 18(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a vacant lot, 20 ft. frontage by 90 ft. in depth; that it is proposed to erect a two story, one family dwelling of class 3 masonry construction, 18 ft. 8 in. by 36 ft. in area, with accessory garage located in the cellar, set back 20 ft. from the street line with a 34 ft. rear yard set flush on the southerly side line and 1 ft. 4 in. from the northerly line; and

WHEREAS, the applicant states that the present owners purchased this lot on February 9, 1944; that on May 9, 1952 they sold the lot to Arthur and Ruth Carroll who subsequently intended to erect a one family dwelling on the lot but found out that the zoning resolution side yard requirement of 5 ft. limited any potential dwelling to a width of 15 ft., which is insufficient; that the original owners refunded the purchase price of the land and took back title to same; that since then they have been paying taxes on the lot with no possibility of erecting any improvements, except an insufficient 15 ft. wide dwelling which is too narrow to lay out practical size rooms therein; that there is no possibility of disposing of the lot with this restriction upon it; that one block westerly and one half block northerly, the district is D area zone and the dwelling as proposed could be erected without any question; that the proposed building will be in keeping with the other dwellings in the neighborhood in all respects; and

WHEREAS, the applicant contends that no light and ventilation will be impaired by the granting of this variance because the proposed building is adjoining 78th road, which is physically in effect—curbed, paved sidewalks, open to traffic but does not show on the city map; that title to same is in Amelia and Alfred Ziegler name and the names of the owners of block 3833, lots 33, 37 and 55; and

WHEREAS, the applicant states that on October 5, 1934 the area zone was changed from D to E; and

WHEREAS, the applicant states that the present owner has held title to the property since February 9, 1944; that the assessed valuation of land is \$1,200 and of the building \$200 making a total of \$1400; and

WHEREAS, the applicant states that 78th Road while mapped and open for traffic is owned by the abutting owners and that this owner has title to the middle of the street to which the yard may be considered as extending; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to the width of the side yard, so as to permit the width of such side yard to be as proposed and as indicated on plans filed with this application, marked "Received June 29, 1955", 4 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

656-55-BZ

APPLICANT—Hurley, Kearney, Lane and Mattison, for St. Charles Hospital, owner.

SUBJECT—Application August 9, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking of motor vehicles for physicians and personnel of St. Charles Hospital.

PREMISES AFFECTED—295 Hicks street, east side, 198 ft. north of State street, Block 261, Lot 9, Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: George P. Lane.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, State street, Henry street and Hicks street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated July 26, 1955 acting on Alt. Applic. 2019-55, reads:

"1. Proposed parking of motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to use the plot for the parking of motor vehicles for physicians and personnel of St. Charles Hospital; and

WHEREAS, the applicant contends that the hospital is a voluntary, non-profit-making organization operated under the general supervision of the Roman Catholic Diocese of Brooklyn and is devoted to the care of crippled and defective children; that at the present time there are literally no parking facilities in the area for physicians and personnel of the hospital and as a consequence these persons, and the physicians in particular, who require the use of their automobiles daily, are required to park their autos some distance away from the hospital; that the proposed facility will be restricted solely to the parking of motor vehicles by these persons and no fee will be charged; that the property will be entirely enclosed with a fence and entrance thereto will be had by means of a gate leading from Hicks street; that the premises are located within a residence district; that if the site were part of the same lot upon which the hospital is located, it could be used as proposed without permission of the Board and it is only because it is on another lot that permission must be sought; that the hospital renders a very valuable service to the community, a service which is impaired because of the great inconvenience caused to physicians and personnel because of the absence of parking facilities; and

WHEREAS, the applicant states that the present owner has held title to the property since May 19, 1949 and that the assessed valuation of land is \$2,600; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied for the parking of motor vehicles belonging to physicians and personnel of St. Charles Hospital, located on Block 261, lots 16 and 18, *on condition* that all uses on the premises shall be removed and the premises graded to the level of Hicks street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with an opening thereon on Hicks street, 10 ft. in width, which opening shall be fitted with gates which shall be kept closed when the parking lot is not in use; that opposite such opening the curb cut may be 12 ft. in width; that the sidewalk and curbing

abutting the premises shall be restored or reconstructed to the satisfaction of the Borough President; that during the term of this variance, the premises shall be occupied for no other use; that no sign shall be erected except a sign attached to the fence near the entrance, which sign shall not extend beyond the building line and not be illuminated, advertising only the private use of the premises for parking and such other information as the commissioner of licenses may require; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

738-55-BZ

APPLICANT—Patrick D. Concagh, for 333 West 46th Street Corp., owner.

SUBJECT—Application September 21, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, a parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—333-337 West 46th street, north side, 378 ft. west of 8th avenue, Block 1037, Lots 16, 116 and 117, Borough of Manhattan.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 46th street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 8, 1955 acting on Alt. Applic. 1408-55, reads:

"1. Proposed parking lot in a Residence use district for more than five motor vehicles is contrary to Article II Section 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 52 5/6 ft. frontage by 100 ft. 5 in. in depth, occupied by 3 old rooming houses to be demolished; that it is proposed to occupy the site as a parking lot for more than 5 motor vehicles; that it is further proposed to level the plot to grade and provide the necessary wire fencing and bumpers; that it is requested that a distance of 15 ft. be permitted between the terminating posts in the wire fence at the entrance to the plot on West 46th street opposite the curb cuts; and

WHEREAS, the applicant states that it is felt that the use zoning of this area is basically wrong; that in 1936 when the use zoning was changed from business to residence it was hoped that by raising the restrictions this area could be brought back; that after 19 years of this experiment it is obvious that it has done more harm than good, that there is certainly no indication in this neighborhood that any owner intends to build a conforming use; that the neighborhood has continually gone down since the change in zoning and no new residence uses have been constructed in this area for many years; that these premises, consisting of 5305 sq.ft., are occupied by three old rooming houses constructed about 50 years ago; that the proposed demolition of these buildings would be a definite first step toward clearing the area for some future more modern use of the premises; that to permit the owner to use the resulting vacant area for off-street parking in order to pay the cost of demolition and taxes until an opportunity presents itself

MINUTES

to construct a profitable new building, seems only fair; that the subject premises are bounded on 3 sides by very old 3 and 5-story multiple dwellings and on the south by West 46th street, which is a one-way, eastbound street; that it is planned to store a maximum of 30 cars on the proposed parking lot; and

WHEREAS, the applicant contends that the old buildings presently standing on the site were constructed about 50 years ago and are not economically realistic; that the income from them is in fact not great enough to offset the cost of taxes, operation and maintenance at today's prices; that the owner has carefully considered the possibility of constructing a conforming use on this site but came to the obvious conclusion that it would be entirely inappropriate and a total waste of money in this noisy, run-down commercial district; that the only practicable possibility appears to be complete demolition of the existing buildings and the operation of a commercial parking lot until such time as a conforming use can be economically feasible; and

WHEREAS, the applicant further contends that the site is located on the fringe of the theatrical district and within a short distance of Times square; that Madison Square garden is situated on the west side of 8th avenue between 49th and 50th streets and there are a great many theaters, movies, nightclubs, restaurants, hand laundries and other service establishments in the immediate vicinity; that during the day time the stores along 8th avenue would be served as well as patrons of the Garden and the moving picture theaters; that although there is a small parking lot between the subject site and 8th avenue on 46th street, which was recently granted by the Board under Cal. No. 397-54-BZ, and a few other lots in the surrounding neighborhood, the total number of car spaces provided for off-street parking is still far below the requirements; that the demand for off-street parking facilities in this area probably exceeds that of nearly all other areas of the City; that the granting of this application would not in any way adversely affect the immediate neighborhood; that the elimination of the three old rooming houses would create additional light and air for surrounding buildings on the south side of 47th street and along the north side of 46th street; that it would also create a fire block in this long row of old buildings; and

WHEREAS, the applicant states that the present owner has held title to the property since January 11, 1954 and January 6, 1953; that the assessed valuation of land is \$39,000 and of the buildings \$6,500 making a total of \$45,500; that the buildings were erected in 1884; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for parking, substantially as proposed and as indicated on plans filed with this application, marked "Received September 21, 1955", 2 sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises leveled substantially to the grade of West 46th street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that a similar fence shall be erected on the street building line, with a gate not over 10 feet in width for entrance and exit and with curb cut opposite not exceeding 15 ft. in width; that during the term of this variance the premises shall be occupied for no other use and no signs shall be erected, except one sign attached to the fence near the entrance, not extending beyond the building line and not illuminated, advertising only the parking use, rates charged and such other information as the commissioner of

licenses may require; that there may be constructed a building not over one story in height and 100 sq.ft. in area, which may be of frame, for use as an office and shelter for the attendant, erected on the front of the lot near the entrance; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

764-55-BZ

APPLICANT—Burke, Green and Groh for Joseph and Marie Danisi, owners.

SUBJECT—Application September 27, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use district, the proposed use of existing building, for office, distributing, and storage building for beverages; more than one building on the plot.

PREMISES AFFECTED—120-42 Springfield boulevard, west side, 91.04 ft. north of 121st avenue, Block 12694, Lot 56, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Joseph Danisi.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 121st avenue are in a residence use, E-1 area, class ½ height district; Springfield boulevard is in residence and retail use, E-1 area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 13, 1955 acting on Alt. Applic. 1421-55, reads:

"1. Proposed office and distributing and storage building for beverages in a residence use district is contrary to Art. 2 Sec. 3 of the Zoning Resolution.

2. Only one building permitted on one plot, sec. 1(v)." and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. 2 in. frontage by 92 ft. 44 in. in depth, on which are located two buildings of class 3 construction 14 ft. 2 in. by 36 ft. 3½ in. designated building B; 14 ft. 2¼ in. by 14 ft. 1-¾ in. designated building A, now vacant, formerly used for storage of building material; and a two story brick and frame dwelling at the rear of the site, 29 ft. by 29 ft. ¾ in.; and

WHEREAS, the applicant states that the property referred to is presently zoned as a residence district, class 1/2 height district and E-1 area district; that as of July 25, 1916 the property was zoned as a business district, a one times height district and a D area district; that the present residence designation became effective on January 21, 1947 and the present height and area designations became effective on June 30, 1952; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that under N.B. 4416-1937 a one story concrete block storage shed, 14 ft. by 36 ft., foundation 12 in. concrete 4 ft. below grade, was used for the storage of building material with the building erected in the front of a lot; that the rear of the lot was used for a residential dwelling; that under N.B. 4493 of 1937 permission was granted for a one story block office building to be used as an accessory building to the building material business on the same premises; that there was no certificate of occupancy issued for either building; that the premises

MINUTES

were used for many years for the storage of materials; and when the storage of materials business was abandoned, the two front buildings were blocked up and have not been in use for the past 8 years; and

WHEREAS, the applicant further contends that the only new work proposed on these buildings, outside of the general restoration, is the installation of a small exit door in the wall facing Springfield boulevard in building B; that the only other change shown on the plan is the location of a future curb cut and the change of occupancy of the building on the front of the lot; that since these erected buildings have been used almost solely for business purposes until they were abandoned by the former owner, the use of said premises, though now in a residential district, for a business use would not be out of conformity with the former use of the premises or with the general use of the surrounding properties on Springfield boulevard; and

WHEREAS, the applicant states that the present owner has held title to the property since June 16, 1954; that the assessed valuation of land is \$4,000 and of the building \$1,900 making a total of \$5,900; that the building was erected in October, 1937; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the premises and existing buildings to be occupied substantially as proposed and as indicated on plans filed with this application marked "Received September 27, 1955" 4 sheets, *on condition* that the existing building shall not be extended and in all other respects shall comply with all laws, rules and regulations applicable thereto; that suitable fences shall be maintained on the lot lines; that there shall be to Springfield Boulevard a curb cut not exceeding 15 ft. in width; that until such curbs are installed the cut may be toward the center of the premises; that in all other respects the building and occupancy shall comply with the requirements applicable if the premises were located in a local retail district; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

784-55-BZ

APPLICANT—Goldwater and Flynn, for Housing Enterprises Inc., owner.

SUBJECT—Application October 4, 1955—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, lubricatorium, minor motor vehicle repairs, washing, parking and storage of motor vehicles.

PREMISES AFFECTED—30-11 Francis Lewis boulevard, east side, from 30th avenue to 32nd avenue, Block 6021, Lot 1, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Rosenblum and L. R. Colman.

For Opposition: David Guralnick, Regina Mergel, Nicholas Mergel, Loretta Bell, Elinore Goodman (Samuels), Marianne Kreiman, Mary A. Clarke, Josephine Viola, Kate Neiderberger, Mary Emerzalorf, Anna Devlin, Frances Melanson, Martin Grealish, Emi Kopkex, Joseph Brennan, Alfred Romerio, Salvatore Costanzo and Carlo Buscemi.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bul-

letin; laid over to June 5, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 30th avenue and 32nd avenue are in local retail and residence use, D area, class 1 height districts; Francis Lewis boulevard is in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 16, 1955 acting on N.B. Applic. No. 4052-55, reads:

"1. Proposed use of gasoline selling station, lubricatorium, minor motor vehicle repairing, washing, parking and storage of motor vehicles in a Local Retail district extending into residence district is contrary to Art. II Sections 4-c & 3 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 190.18 ft. frontage by 111.43 ft. in depth, now vacant; that it is proposed to erect a parkway type gas station and separate the plot from adjoining properties by brick walls to a suitable height along the rear and side lot lines; that the building itself will be 76 ft. in length and 31 ft. 8 in. in depth; that it will be set back from Francis Lewis boulevard as shown on plans submitted with this application; and

WHEREAS, the applicant states that the plot fronts 190.18 ft. on Francis Lewis boulevard, including a diagonal piece of 10.36 ft. which fronts on Utopia parkway, 111.43 ft. on 30th avenue and 95.34 ft. on 32nd avenue; and

WHEREAS, the applicant contends that Francis Lewis boulevard is a principal traffic highway connecting with Cross Island boulevard, Triborough bridge and Whitestone bridge and also connecting to the south with the principle highways of Queens and the Rockaways; that this section of Francis Lewis boulevard is devoted mainly to business uses and also includes within a short radius two gas stations, for which variances were granted by the Board; that the section is amply provided with retail stores and it is believed that the proposed structure would be of greater benefit to the property along the rear, since it would provide greater light and ventilation than conforming structure built up to the rear lot line; that if a taxpayer were built, the loading and unloading of merchandise would certainly not be as beneficial as the proposed building, set back from the rear line and from Francis Lewis boulevard; that the size of the plot will give ample room for the functioning of a modern, progressive type of station that will bear comparison with the gas stations now within the area of notification; and

WHEREAS, the applicant states that the present owner has held title to the property since January 8, 1949 and that the assessed valuation of land is \$13,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 4052/55, Objection No. 1, be and it hereby is *affirmed* and the application be and it hereby is *denied*.

788-55-BZ

APPLICANT—Charles M. Spindler, for John and Margaret Rose, owners.

SUBJECT—Application October 5, 1955—(decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, proposed motor vehicle repair shop and parking and storage of more than 5 motor vehicles, for a term of 15 years.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Clintonville street are in a business use, D area, class 1 height district; 12th road is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 16, 1955 acting on N.B. Applic. 3241-55, reads:

"1. Proposed motor vehicle repair shop & parking & storage of more than 5 motor vehicles located within a business use district is contrary to Art. II Sec. 4a(29) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 55 ft. frontage by 150 ft. in depth, now vacant; that it is proposed to construct a one story masonry building, 42 ft. by 66 ft. in size, to be used as a motor vehicle repair shop; that the unbuilt upon portion of the plot will be fenced with a 5 ft. high woven wire base on a 6 in. concrete base and will be used for the parking and storage of more than five motor vehicles; that the proposed building will be set 15 ft. back from the building line and will have a face brick facade; and

WHEREAS, the applicant states that the site consists of an interior vacant plot with a frontage of 55 ft. on 12th road and a depth of approximately 150 ft., located entirely within a business use district; that the adjoining vacant lot to the west (tentative lot 43) is under the same ownership as the site; that the use zoning of the site was changed from unrestricted to business use on April 16, 1938; that the height and area designations have remained unchanged since 1916; and

WHEREAS, the applicant contends that the adjoining gas station to the east, lot 39, is leased and operated by Raytal Service Station, Inc., who have a conditional contract to purchase the site under appeal and who will operate the proposed motor vehicle repair shop; that this adjoining gas station on lot 39 was reconstructed under a zoning variance granted by the Board under Cal. No. 197-39-BZ; that there is considerable industrial development in the surrounding area; that there is a factory in block 4517, lot 45 just west of the vacant lot 43 which adjoins the site; that to the rear of the site in block 4517, lot 21 are two new factory and warehouse buildings just being completed; that also in the affected area to the rear is another factory in block 4517, lot 29 and also within the affected area on 12th road, there is a commercial wet wash laundry in block 4518, lot 21; that there are also a number of other parking lots, factories and gas stations within the area shown on the block diagram; that it is felt that the proposed site, located between a gas station and a factory building, with an intervening vacant plot under the same ownership as the site, will not adversely affect the surrounding area; that the demand for repair shop facilities is so great that this service can no longer be properly provided in the adjoining gas station and the proposed building will provide an adequate area to house the needed repairing facilities and will also provide adequate area for auto safety inspection when the new law requiring same becomes effective; and

WHEREAS, the applicant states that the present owner has held title to the property since July 17, 1953 and that the assessed valuation of land is \$4,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the applicant stated that the owner had no intention to request gasoline pumps in front of the building on the proposed paved space; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h and i to permit the premises to be developed so that the motor vehicle repair shop building and parking at the rear and the front substantially as proposed and as indicated on plans filed with this application marked "Received October 5, 1955" 3 sheets may be constructed and maintained on condition that all buildings and uses now on the premises shall be removed and the premises shall be constructed substantially as thereon shown; that there shall be no cellar under the proposed building; that there shall be no windows opening on the lot line to the west; that the portion of the premises at the front of the building proposed to be left unbuilt upon shall be paved with concrete; that the driveway and rear portion of the plot proposed to be used for parking shall be surfaced with concrete or clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of buildings do not occur and where walls of buildings on adjoining lots do not occur a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except that for 15 ft. both to the east and to the west there shall be a masonry wall not less than four feet six inches in height where shown; that curb cuts shall be limited to two curb cuts where shown, one 20 ft. and one 19 ft. in width; that the sidewalks and curbing in front of the premises shall be restored or repaired to the satisfaction of the borough superintendent; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a certificate of occupancy shall be obtained within the requirements of Section 22A of the Zoning Resolution.

793-55-BZ

APPLICANT—Gabriel Nathan, for James, Sarah and Louis Cappell, owners.

SUBJECT—Application October 6, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, proposed use of vacant land for parking lot for more than 5 motor vehicles and boats.

PREMISES AFFECTED—60-02 to 60-12 Beach Channel drive and 401-421 Beach 60th street, northwest corner, Block 430, Lots 130 and 140, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Gabriel Nathan.

For Opposition: William Cohn.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach Channel drive and Beach 60th street are in a residence use, D area, class 1 height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated September 29, 1955 acting on Alt. Applic. 1844-55 reads:

"1. Proposed use of vacant land in a Residence Use District for an open parking lot for more than 5 motor vehicles and boats is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 109.26 ft. frontage by 228.35 ft. in depth, irregular, now vacant; that it is proposed to use the premises for the open parking and storage of motor vehicles and boats; and

WHEREAS, the applicant states that the property was zoned undetermined use from July 25, 1916 until December 28, 1939, when it was changed to a residence use district; and

WHEREAS, the applicant contends that James Cappell, owner of lot 130, operates the boat yard at the foot of Beach 60th street and his son, Louis Cappell, owner of lot 140, operates the gasoline service station across the street at the northeast corner of Beach Channel drive and Beach 60th street; that it is their intention to operate this parking lot jointly for the patrons of the boat yard and for cars and and trucks waiting to be serviced at the gasoline station; that the need for off-street parking is particularly acute during the summer resort season; that the Cappell Boat yard, one of the largest in the Rockaways, will soon lose to the City, for the new Edgemere housing project, their property on Beach 59th street, lots 96 and 102 in block 482; that they have used this property for parking for boat patrons' cars for over 30 years; that the proposed site will replace this lost property; and

WHEREAS, the applicant states that the Chamber of Commerce of the Rockaways, which is greatly concerned with the private boating activities in Rockaway, is in receipt of a letter from the department of parks recommending that the Cappell boat yard relocate its facilities nearby when the City takes its existing facilities; and

WHEREAS, the applicant states that the present owners have held title to lot 130 since January 29, 1953 and to lot 140 since November 12, 1954 and that the assessed valuation of land is \$3,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles as shown on plans filed with this application marked "Received October 6, 1955", 3 sheets, *on condition* that all structures and uses on the premises shall be removed and the site leveled substantially to the grade of Beach Channel drive and Beach 60th street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with no openings therein except one to Beach 60th street, toward the north, not over 15 ft. in width with curb cut opposite of similar width and two curb cuts to Beach Channel Drive; that all such openings in the fence shall be fitted with gates which shall be kept closed when the parking lot is not in operation; that signs shall be restricted to a permanent sign attached to the fence near the entrance, advertising the parking and storage use, rates charged and such other information required by the Commissioner of Licenses; that such sign shall not extend beyond the building line or be illuminated; that during the term of this variance, the 5 feet along Beach 60th street proposed to be taken for widening may be included in the premises as long as no building is erected on that portion; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that in all other respects the occupancy shall comply

with all laws, rules and regulations applicable thereto other than as amended this day by resolution adopted under Cal. 794-55-A; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

794-55-A

APPLICANT—Gabriel Nathan, for James, Sarah and Louis Cappell, owners.

SUBJECT—Application October 6, 1955—filed pursuant to section 35, General City Law re premises located in bed of mapped street—proposed widening of Beach 60th street.

PREMISES AFFECTED—60-02 to 60-12 Beach Channel drive and 401-421 Beach 60th street, northwest corner, Block 430, Lots 130 and 140, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Gabriel Nathan.

For Administration: Samuel L. Becker, Dept. of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated September 29, 1955, on Alt. App. 1844/55 reads:

"2. Proposed use of land in the bed of a mapped street must be referred to the Board of Standards & Appeals for decision, per General City Law. Sec. 35."

and

WHEREAS, the applicant states the premises consist of a lot 109.26 ft. front by 228.35 ft. irregular in depth, in a residence use, D area, Class 1 height district; now vacant, proposed to be used for the parking and storage of more than five motor vehicles; and

WHEREAS, the applicant states the owner of lot 130 and owner of lot 140 propose to operate the parking lot in question, jointly, for patrons of a boat yard and gasoline station located nearby; and

WHEREAS, the applicant contends that the proposed widening of Beach 60th street has been on the map since May 11, 1923, and to date the city has taken no action; that it would be an undue hardship to deprive the owners of the full use of their property; that there will be no structure except the fence located on the portion of the lot within the bed of the mapped street widening.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 1844/55, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit that portion of the premises along Beach 60th street proposed to be widened as shown on the City map, to be included within the confines of lots 130 and 140, *on condition* that the resolution adopted this day by the Board under Cal. 793-55-BZ, permitting the premises to be occupied for parking, is complied with and that no building is erected on such proposed widening.

893-55-BZ

APPLICANT—M. Martin Elkind, for 640 East 13th Street Corp., owner.

SUBJECT—Application November 10, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the proposed parking for more than 5 motor vehicles.

PREMISES AFFECTED—529 East 11th street, north side, 285.6 ft. west of Avenue B, Block 405, Lot 48, Borough of Manhattan.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 5, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 11th street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 11, 1955 acting on Alt. Applic. 1438-55, reads:

"1. Proposed parking space for over five motor vehicles is contrary to section 3 of the Zoning Resolution. Area is located in Residence use District."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 103.3 ft. in depth, now vacant, with a woven wire fence at the building line; that it is proposed to prepare the ground for parking use by grading the surface and installing a surface consisting of cinders and binders, which will be rolled and graded; that wherever adjoining walls do not occur, a suitable fence as required by regulations will be installed; that a curb cut will be installed and an opening provided in the present fence; and

WHEREAS, the applicant states that as of July 25, 1916 the property was zoned as a business district and the present residence designation became effective on November 29, 1945; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the proposed parking use of the subject premises is a community facility greatly needed on this street; that at the present time all available curb space is solidly lined with cars morning and night; that residents on this street who use their cars during the day as well as business people who work in this area are constantly faced with a great problem in trying to find a place to park, and the proposed use, while not large enough to park many cars, will solve a problem for at least some who live or are in business in this immediate vicinity; that a parking lot on this street would not adversely affect any nearby owner nor create a unique condition; that although the zoning along this street is residential, there are many business uses in the form of stores existing in many of the buildings on adjacent property, and furthermore, there is a two story garage building on lot 49 immediately adjoining the subject premises; and

WHEREAS, the applicant states that the present owner has held title to the property since February 4, 1955 and that the assessed valuation of land is \$9,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for parking and storage, *on condition* that all buildings and uses on the site shall be removed and the plot leveled substantially to the grade of East 11th street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur including the street building line, a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, with an opening therein on the street building line not over 12 ft. wide, as shown on plans filed with this application, marked "Received November 10, 1955", 2 sheets, and with curb cut opposite not exceeding 15 ft. in width; that such opening shall be equipped with gates which shall normally be kept closed when the parking lot is not in

operation; that during the term of this variance the premises shall be used for no other use and no building shall be erected thereon; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that the sidewalks and curbs abutting the site shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this resolution.

930-55-BZ

APPLICANT—Fred C. Dahlem, for Valentine Galick, owner.

SUBJECT—Application November 21, 1955—re (decision of the borough superintendent) under sections 7f, 7i, 7c and 21 of the zoning resolution, to permit in a retail use, D area district, the use of a building for motor vehicle repairs and garage for more than 5 motor vehicles and extension of subject building to occupy 100% of the area of the lot.

PREMISES AFFECTED—424-426 East 10th street, south side, 306 ft. west of avenue D, Block 379, Lot 21, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to May 8, 1956, for inspection and decision; hearing closed; then to June 5, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; East 10th street is in retail and manufacturing use, D area, class 1 height districts; Szold place is in a manufacturing use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 21, 1955 acting on Alt. Applic. 1730-55, reads:

"1. Proposal to occupy subject bldg. for motor vehicle repairs and for garage for more than five (5) motor vehicles is contrary to Art. II Sect. 4(a) 29 & 15 of the Zoning Resolution.

2. Proposal to extend subject bldg. to occupy 100% of the area of the lot is contrary to Art. IV Sect. 14(c) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. 4 in. frontage by 92 ft. 3-1/4 in. in depth, on which is located a building 40 ft. 4 in. front, 70 ft. in depth, one story in height; that it is proposed to occupy building for motor vehicle repairs and garage for more than 5 motor vehicles, and extension of subject building to occupy 100% of the area of the lot; and

WHEREAS, the applicant states that under N.B. Applic. 197-50 a one story brick building was erected 40 ft. 4 in. wide and 70 ft. deep and certificate of occupancy No. 39155 was issued for garage for 3 motor vehicles, warehouse and loading platform and 5% manufacturing; that the premises were vacant until the Stuyvesant Steel & Wire Co. rented same for use as warehouse, storing large coils of wire; that the Stuyvesant Steel and Wire Co. recently decided to move and Mr. Valentine Galick who now operates a body and fender shop at No. 2 Szold place purchased the building on 10th street known as No. 424-426 East 10th street for the

MINUTES

purpose of using this building to hold excess cars awaiting repairs in the Szold place shop; that it is proposed to divide his business by doing body and fender work in the Szold place shop, for which he has permits from the time this area was unrestricted; and

WHEREAS, the applicant further states that the building in question is the 10th street building and it is requested to have a garage for more than 5 motor vehicles and a repair shop with a limitation to use hand tools and no body and fender work, or take in any cars for storage for fees, this garage to be a non-storage garage; and

WHEREAS, the applicant contends that at present the surplus cars are in the street and it is a hardship constantly moving them about; that 10th street is a two way street with a bus route on same; that permission is also requested to cover the entire rear yard with the shop and garage as the space is badly needed and at present is only a rubbish dump where people in neighboring buildings throw refuse; and

WHEREAS, the applicant states that the present owner has held title to the property since August 18, 1955; that the assessed valuation of land is \$10,500 and of the building \$18,500 making a total of \$29,000; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 21 as to area, to permit the extension of the building at the rear as proposed and indicated on plans filed with this application, marked "Received November 21, 1955", 5 sheets, and to permit under section 7i the building to be occupied as a garage for more than five motor vehicles and for motor vehicle repairing, *on condition* that there shall be no windows opening in the rear or side lot lines of the proposed extension; that the extension in all other respects shall comply with all laws, rules and regulations applicable thereto; that the motor vehicle repairs shall be of the usual type, with hand tools and light motor driven tools, excluding all collision and heavy work, but permitting the use of an acetylene torch, subject to a permit from the fire commissioner; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

977-55-BZ

APPLICANT—Robert Gottlieb, for E. Devlin, Inc., owner (Walter B. Cooke, Inc., lessee).

SUBJECT—Application December 9, 1955—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a business and residence use, B area district, the erection of an extension to be used in conjunction with the existing funeral parlor, on the residence portion of the plot, using more than the area permitted.

PREMISES AFFECTED—1 West 190th street and 2501 Jerome avenue, northwest corner, Block 3201, Lot 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; applicant to file additional plan showing additional exit from the 2nd floor; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, B area, class 1¼ height districts; Jerome avenue is in business and retail use, B area, class 1¼ height districts; 190th street is in business, residence and retail use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 1, 1955 acting on Alt. Applic. 1112-55, reads:

"1. Proposed erection of an extension to be used in conjunction with the existing funeral parlor on the residence portion of the lot which is located partly in a business use district and partly in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Proposed occupancy of the entire portion of the lot which is in residence use district is contrary to Sec. 12B(b) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 ft. frontage on Jerome avenue, 115 ft. in depth on West 190th street, presently improved with a two story and cellar, class 3 building, 65 ft. by 90 ft., used as a funeral parlor; that it is proposed to extend the building by building up the entire rear yard 25 ft. by 65 ft. for two stories; 15 ft. of this extension would be in the residence zone; and

WHEREAS, the applicant contends that the building, erected in 1927 as a funeral home, has become the largest of its kind in The Bronx and needs more office and record storage space to keep up with the great amount of work done there; that the building, being only 90 ft. in depth, could legally be extended 10 ft. up to a height of 23 ft., but this width would not give enough area for the required need; that by extending the additional 15 ft., no harm would be done to adjoining property on the north as this has already been erected the full 115 ft. for a frontage of 252 ft. by a grant of the Board under Cal. No. 1-30-BZ; that the property to the west has a yard which contains a two car garage; that the character of the neighborhood would in no way be affected by the erection of the extension; that no windows are planned at the west and the front would match the present front on 190th street; that the main entrance to the funeral home is now on Jerome avenue and this would be maintained as all funerals leave from Jerome avenue; that the property is expensive and is assessed for \$90,000; that as the need for the office and record storage space is urgent, to deprive the owner of this required space would be of great hardship to him; that the area of present yard is 1625 sq.ft.; area in business district, 650 sq. ft.; area in residence district is 975 sq.ft.; allowable coverage in business district 100% equals 650 sq.ft.; allowable coverage in residence district, 65% of 975 equals 633.75 sq.ft.; proposed erection in residence district, 975 sq.ft.; excess coverage in residence district equals 341.25 sq.ft.; that in view of the fact that the greater percentage of the lot is in a business district and as the proposed erection in the residence district would be kept below 23 ft., and as the building extension would not adversely affected the light or ventilation of adjoining property, the variance is requested; and

WHEREAS, the applicant states that the present owner has held title to the property since November 15, 1953; that the assessed valuation of land is \$35,000 and of the building \$55,000 making a total of \$90,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the proposed extension in the rear of the building for the use in conjunction with the use of the existing building substantially as proposed and as indicated on plans filed with this application marked "Received December 9, 1955" 8 sheets, and "May 22, 1956" one sheet, as to additional door for exit to new stair, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

991-55-BZ

APPLICANT—Charles M. Spindler, for Claire-Al Realty Corp., owner.

SUBJECT—Application November 15, 1955—(decision of the borough superintendent) under sections 7c, 7i and 7A of the zoning resolution, to permit in a business use district, the proposed extension in area and reconstruction of an existing gasoline service station, and use of premises for a gasoline service station, office and sale of auto accessories, lubrication, washing, minor repairs (with handtools only), parking and storage of motor vehicles, with proposed curb cuts within 75 ft. of the residence use district.

PREMISES AFFECTED—236-244 Dyckman street, southwest corner of Seaman avenue, Block 2246, Lots 61, 63, 65, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph C. Haus and Abraham Weiskopf.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, at request of objector, applicant concurring; then to June 5, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Seaman avenue are in business and residence use, B area, class 1¼ height districts; Dyckman street is in business and unrestricted use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 7, 1955 acting on Alt. Applic. 1714-55, reads:

"1. Proposed extension in area, and reconstruction of existing gasoline service station, partly in a business and partly in a residence district, and use of premises for a gasoline service station, office and sale of auto accessories, lubrication, washing, minor repairs with hand tools only, parking and storage of more than 5 motor vehicles is contrary to Art. II, Sec. 3 and Sec. 4(a) (29) and (46) of Z. R.

2. Proposed curb cuts on Seaman Ave. within 75'-0" of residence use district are contrary to Art. II Sec. 7-A of Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 83 ft. frontage by 127 ft. in depth, irregular; that this plot is made up of three tax lots; that lot 65 is a triangular lot fronting on Seaman avenue; that this plot was the subject of a variance by the Board under Cal. No. 144-48-BZ permitting the construction of a diner extending into the residence use district, and also varying section 7-A to

permit show windows and signs within the prohibited distance from the residence use district; that this diner was never constructed and the property has now changed ownership; that lot 63, with a frontage of 58 ft. on Dyckman street is now occupied as a gas station and parking lot and is also developed with a three story brick building containing a store and the gas station office on the 1st floor and dwelling above; that this gas station was constructed under fire department approval within the business use district prior to 1925 and is now operating under fire department permits; that lot 61, with a frontage of 25 ft. on Dyckman street and a depth of 100 ft. is occupied as a one story and cellar public garage covering the entire lot, constructed under N.B. 126-16; that in addition to the garage door leading to Dyckman street, there are doors to the 1st floor and cellar of this garage from the adjoining gas station plot (lot 63); that both of these plots have been operated in conjunction with one another and the fire department records for both occupancies are listed in the same folder; and

WHEREAS, the applicant states that it is now proposed to demolish the 3-story building on lot 63 and to alter and rebuild the present garage building to form a modern gasoline service station accessory building; that the entire cellar of the present garage will be filled in, a portion of the 1st floor will be demolished and new walls facing both streets will be constructed to form a new face brick facade for the accessory building; that minor repairs will be with hand tools only and will be confined to the interior of the accessory building; that a brick fence wall will be constructed along the south lot line and returning along Seaman avenue for the portion of the site that is within the residence use district (approximately 25 ft.); that shrubbery and planting, protected by a concrete curb will be provided along all lot lines within the residence use district and along the fence wall on Seaman avenue; and

WHEREAS, the applicant states that a curb cut is requested on Seaman avenue within the business use district; that although section 7-A applies to this site there is only one lot beyond the subject site within the residence use district; that this lot is the narrow end of a multiple dwelling, with a frontage of only 20 ft. 9 in. on Seaman avenue, half of which is the rear yard of the building; that at this point, Seaman avenue ends where it meets Riverside drive and opposite the end of Seaman avenue is the stone retaining wall of Fort Tryon park; that there is no park entrance at this point, the nearest entrance being located at the intersection of Riverside drive and Broadway, well over 200 ft. from the subject site; that there is also no legal pedestrian crossing of Riverside drive at the corner of Seaman avenue; and

WHEREAS, the applicant contends that the westerly lot line of the site adjoins the blank masonry wall of a one and two story garage, repair shop and auto showroom which is under the ownership of the same individual who owns the site under appeal; that just west of this garage and repair shop building is a parking lot on the corner of Dyckman street and Payson avenue, also under the same ownership and beyond this parking lot there are two other public garages within the affected area on Dyckman street; that the southerly portion of the plot extending into the residence use district will be used for parking and storage of motor vehicles; that this parking use is very necessary in this heavily populated area and a large percentage of present parking occupants reside in the adjoining apartment house; that the modern gas station herein proposed will be a considerable improvement over the old buildings now occupying the site; and

WHEREAS, the applicant states that the present owner has held title to the property since September 8, 1955; that the assessed valuation of land is \$58,000 and of the building \$18,000 making a total of \$76,000; that the building was erected in 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of area to cover the plot substantially as proposed and as shown on plans filed with this application marked "Received November 15, 1955" 5 sheets, *on condition* that all buildings and uses not proposed to be retained shall be removed and the premises shall be leveled substantially to the grade of Seaman Avenue and Dyckman Street and shall be constructed and arranged substantially as indicated on such plans; that the existing building proposed for garage and motor vehicle repairing, toward the north, shall not be increased in height or area; that the renovation thereto as proposed may be constructed; that the existing cellar shall be filled to grade; that pumps shall not be erected nearer than fifteen feet to the street building line and shall be of a low approved type; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks including the existing tanks which shall be tested by the Fire Commissioner as to suitability for reuse; that curb cuts shall be restricted to two curb cuts, each 30 ft. in width, to Seaman Avenue and two curb cuts of similar width to Dyckman Street; that such curb cuts may be permitted under Section 7A of the zoning resolution where such section applies; that curbing and sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the borough superintendent; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection at the intersection where shown of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend diagonally for a distance of not over four feet beyond the building line; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that along the southwesterly lot line there shall be erected and maintained, where shown, a brick masonry wall not less than 5 ft. 6 in. in height; that planting, where shown, shall be maintained with suitable planting material properly protected with curbing not less than 8 in. in height and 6 in. in width; that such portable firefighting appliances shall be maintained as the fire commissioner shall direct; that under section 7i there may also be repairing maintained within the accessory building mainly with hand tools for adjustments only; that under Section 7c, there may be parking and storage of motor vehicles on spaces where there will be no interference with the servicing of the station and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

1005-55-BZ

APPLICANT—Albert Melniker, for Gertrude Le Blanc, owner.

SUBJECT—Application December 21, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, car washing, lubritorium, sale of accessories, minor motor vehicle repairs, with hand tools only, parking for more than 5 motor vehicles, for a term of 15 years.

PREMISES AFFECTED—234 Jewett avenue and 899 Post avenue, northwest corner, Block 1027, Lot 1, West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for applicant to arrive at an agreement with the Borough President as to the procedure relative to the street widening and road paving and to file copy with the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Jewett avenue and Post avenue are in a retail use, D area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 13, 1955 acting on N.B. Applic. No. 1235-55, reads:

"1. Proposed use of premises as a gasoline service station, car washing, lubritorium, sale of accessories, minor motor vehicle repairs with hand tools only and parking for more than 5 motor vehicles on a lot located in a business use district is contrary to Art. II Sect. 4(a) (15) (29) (46) (52) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 139.75 ft. frontage by 100 ft. in depth, on which is located a two story residence, to be demolished; that it is proposed to erect a gasoline service station to contain the conjunctive uses of car washing, lubritorium, sale of accessories, minor motor vehicle repairs with hand tools and parking for more than 5 motor vehicles; that it is also proposed to install new curb and sidewalks to conform with the adopted widening line; that it is further proposed to provide fencing and landscaping to the property line abutting the adjoining property to protect the character of the existing church cemetery; that signs for the building and the open area will be of such nature as not to conflict with traffic signs or traffic signals; that construction of this gas station will require the removal or demolition of an existing frame structure now on the property in question; and

WHEREAS, the applicant states that Dwight street is not shown on the area plan due to the fact that this street has been eliminated from the street system map and a sewer easement has been substituted in its place; that the existing dwelling shown on drawing No. 2 will be demolished if a variance is granted; that this drawing shows the property in question, originally consisting of lots 1 and 6 in block 1027; that these two lot numbers were merged as lot No. 1 and all building department applications were filed as block 1027, lot No. 1; that the existing dwelling as shown on drawing No. 2 was erected prior to 1898; that the proposed street widening for Jewett and Post avenues as indicated on drawing 3 and 4 represents an area to be given up for the purpose of widening, in the amount of 2400 sq. ft.; and

WHEREAS, the applicant contends that this proposed building has been designed in a manner that will harmonize with the neighborhood and will be set back in order not to obstruct the intersection of Jewett and Post avenues; that the widened portion of both streets will be deeded to the City of New York without cost to the City; that this will be of definite help to the traffic conditions at this corner; that the owner will request that a change be made in the existing bus stop to conform with the new lines of street widenings and curb cuts; that the need for this gas station has been stimulated by the tremendous increase in traffic on Jewett avenue, the general growth and increase of population on Staten Island and the increase in commercial activity in the immediate neighborhood; that if a variance is granted, the proposed building will be leased and operated by a major oil company; that a review of the financial aspect of this improvement indicates that if a variance is granted, it should preferably be for a term of not less than 15 years; that the total cost of the proposed building and property in question will represent over \$40,000; that amortization and depreciation over a period of less than 15 years would create a financial burden and would make lending arrangements with a financial institution quite difficult; that this property is under option to purchase with an expiration date of April 30, 1956; and

MINUTES

WHEREAS, the applicant states that the present owner has held title to the property since January 21, 1954; that the assessed valuation of land is \$6,300 and of the building \$3,600 making a total of \$9,900; that the residence building was erected prior to 1898; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises as proposed to be reduced in size, as indicated on plans filed with this application, marked "Received December 21, 1955", 5 sheets, "March 23, 1956", 1 sheet, and "May 16, 1956", 1 sheet, to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on such plans, *on condition* that the premises as proposed to be reduced in area shall be constructed and arranged as indicated on such plans; that all existing buildings and uses on the entire premises shall be removed and the site leveled to the grades of Post and Jewett avenues; that the accessory building shall be of the design and arrangement indicated, faced with faced brick on all sides and have no cellar; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the new building line; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the portion of the present lot 1 proposed to be donated to the city including curbs and sidewalks shall be leveled, graded and paved to the specifications of the borough president; that curb cuts shall be restricted to three, two on Jewett avenue and one on Post avenue, each 24 ft. in width, located where indicated; new sidewalks as well as existing sidewalks abutting the premises shall be constructed or repaired to the satisfaction of the borough president; that where not occupied by accessory building and pumps, the premises, as proposed to be reduced, shall be paved with concrete or asphaltic paving; that there shall be erected on the rear lot line to the west and the side lot line to the north, except where rear wall of accessory building will occur, a masonry wall not less than 5 ft. 6 in. in height; that there shall be no windows in the rear of the accessory building; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and the illuminated globes of the pumps, excluding all roof and temporary signs but permitting the erection within the building line where shown, of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and which sign may extend beyond the building line for a distance of not more than 4 feet; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that under section 7i for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7h, there may be parking and storage of motor vehicles on spaces where there will be no interference with the servicing of the station; that the work proposed to be done in connection with the portion of the lot to be given to the city shall be substantially in accordance with letters filed with the Board from the Borough President's Office, dated April 30, 1956 and May 24, 1956; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:00 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 5, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

1464-39-GR

APPLICANT—Perry-Carrington Engr. Company.

SUBJECT—Reopening and amendment as to additional inspection agency (Perry-Carrington Engr. Company).

APPEARANCES—

For Applicant: E. M. Magarian and E. M. Ford.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1464-39-GR

Subject: Amendment to resolution as to additional inspection agency.

Perry-Carrington Engineering Company, Marshfield, Wisconsin requested by letter dated February 28, 1956 that Milford E. Tesmer and Clarence H. Perry of the Perry-Carrington Engineering Company be approved as an Approved Inspection Agency.

Mr. Clarence H. Perry is a Registered Professional Engineer. He has engaged in general engineering practice for the past fifteen years.

Mr. Tesmer has been employed in general engineering for the past nine years.

The applicants has also filed letters of reference from the City Engineer of the City of Marshfield.

The Committee on Test has reviewed the qualifications and experiences of the applicant and on the basis of the data submitted, the Committee therefore recommends that Clarence H. Perry and Milford E. Tesmer of the Perry-Carrington Engineering Company be approved as an inspection agency under the provisions of the Rules of the Board of Standards and Appeals on Inspection of Opening Assemblies and that such approval shall remain in force until rescinded by the Board and that all inspections shall be under the supervision of the applicant.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,

Assistant Engineer.

GEORGE F. SKLENARIK,

Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted December 18, 1939 as *amended* through June 28, 1955, to *approve* an additional opening protective assembly inspection agency in accordance with the report of the committee.

1464-39-GR

APPLICANT—George S. Rider Company.

SUBJECT—Application for consideration and report as to additional inspection agency (George S. Rider Co., Cleveland).

APPEARANCES—

For Applicant: E. M. Magarian and E. M. Ford.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1464-39-GR

Subject: Amendment to resolution as to additional inspection agency.

George S. Rider Company, Cleveland, Ohio requested by letter dated February 6, 1956 that Joseph J. Demma and William J. Schieff of the George S. Rider Company be approved as an Approved Inspection Agency.

The Board on July 2, 1940 under Cal. No. 1464-39-GR approved the George S. Rider Company as an approved agency wherein the inspection was to be done by a Mr. H. R. Neff and a Mr. R. F. Amos.

Both Mr. J. Demma and Mr. Wm. Scheeff are graduate engineers and Registered Professional Engineers and are both employees of the George S. Rider Company.

The Committee on Test has reviewed the qualifications and experiences of the applicants and on the basis of the data submitted the committee, therefore, recommends that J. Demma and William Scheeff of the George S. Rider Company, Cleveland, Ohio be approved as Inspection Agency under the provisions of the Rules of the Board of Standards and Appeals on Inspection of Opening Protective Assemblies and that such approval shall remain in force until rescinded by the Board and that all inspections shall be under the supervision of the applicant.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted December 18, 1939 as *amended* through June 28, 1955 to *approve* an additional opening protective assembly inspection agency in accordance with the report of the committee.

252-45-SA

APPLICANT—Metropolitan Refining Company, Inc., owner.
SUBJECT—Application for consideration—reopened February 7, 1956 as to amendment to resolution as to additional name—re Metropolitan Feeder (water treatment appliance); previously approved.

APPEARANCES—

For Applicant: S. Johnson.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 252-45-SA

Subject: Amendment to resolution as to additional name.

Metropolitan Refining Company, Inc., Long Island City, requested by letter dated January 10, 1956 that the resolution adopted April 2, 1946 approving the Metropolitan Feeder, a water treating appliance, be amended to permit the Alken-Murray Corp., 131 East 23rd Street, New York to market the Metropolitan Feeder under their name. The application was reopened by a vote of the Board February 7, 1956.

Recommendation

The Committee on Test recommends that the resolution adopted April 2, 1946 under Cal. No. 252-45-SA be amended so as to permit the Alken-Murray Corp., to market the Metropolitan Feeder under the name Alken-Murray Corp., on condition that under whichever name marketed the re-

quirements of the resolution adopted April 2, 1946 under Cal. No. 252-45-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of April 2, 1946 in accordance with the above report.

459-45-SM

APPLICANT—Truscon Steel Company, owner.

SUBJECT—Application July 9, 1945—Truscon Steel Double Hung Series 138 and 145 Windows.

APPEARANCES—

For Applicant: Albert B. Meyer.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 459-45-SM

Subject: Truscon Steel Double Hung Series 138 and 145 Windows.

Truscon Steel Company, Youngstown, Ohio filed July 9, 1945 an application with the Board of Standards and Appeals for approval of the material known as Truscon Steel Double Hung Series 138 and 145 Windows under the provisions of Article 11, Sub Article 7, Chapter 26 Administrative Building Code.

Purpose

The material is a three-quarter hour fire resistive window.

Description

The assembly includes a double hung, spring counter balanced hollow metal window frame, equipped with a latch at the center meeting rail with an in-opening solid-section ventilator below and a hollow-metal fixed window frame with an out opening, solid section ventilator below. The two sections are provided with a hollow metal vertical mullion between them.

The windows are constructed of hot rolled steel strip. All sash and frame members are electro galvanized, and bonderized and finished with baked on coat of paint.

Frame members are coped and welded and sash corners are coped, interlocked and welded.

The windows are provided with weather stripping at the head, jamb, sills and meeting rails and weathering blocks are provided at opposite ends of meeting rails. The sash is provided with lift handles, pull down handle and sweep lock. The windows are glazed with 1/4 inch wire glass.

The maximum sizes are as follows: Single or multiple fixed units 5'-4" wide by 9'-9" high; Single or multiple double hung units 5'-0" wide by 9'-9" high; Out projecting ventilator 5'-4" wide by 2'-7" high.

The in-projecting ventilators set in hollow metal mullions shall not be used in this type protection.

Inspection and Test

The assembly was tested in accordance with the requirements of C26-610.0 Administrative Building Code at the Underwriters Laboratories in the presence of Comm. E. W. Kleinert Committee on Test.

The window successfully passed the fire and hose stream test. The complete report Retardant 3763-1 is on file with and is part of the record.

MINUTES

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Truscon Steel Double Hung Series 138 and 145 Windows for use in New York City as having met the requirements of C26-610.0 Administrative Building Code under the provisions of Article 11, Sub Article 7, Chapter 26 Administrative Building Code as a three quarter hour fire resistive window on condition that the maximum sizes shall be as herein described, that in-projecting ventilators shall not be used and that each window bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 459-45-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner.
JOHN A. DARTS
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 895-51-SA

Subject: Mueller Climatrol Oil Fired Air Conditioners, Models 50, 201, 202, 209, 211, 212, 214, 215, 216, 218, 219 and 253.

The L. J. Mueller Furnace Company, filed December 17, 1951 an application with the Board of Standards and Appeals for approval of the Mueller Climatrol Oil Fired Air Conditioners, Models 50, 201, 202, 209, 211, 212, 214, 215, 216, 217, 218, 219 and 253, under the provisions of C19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals. The L. J. Mueller Furnace Company has transferred its assets to the Worthington Corporation but will continue operations as the Mueller Climatrol Division of the Worthington Corporation.

Purpose

Oil fired domestic and commercial heating units.

Description

Mueller Climatrol Type 50 Oil fired Winter Air Conditioners are designed for residential and commercial installations and manufactured in sizes ranging from 100,000 to 225,000 BTU output. The units are of welded steel construction and are fired by pressure atomizing burners. Controls consist of combination single speed fan switch and limit control. Two speed combination switch instead of single speed may be used with two speed motor. A Barometric draft regulator, a Minneapolis-Honeywell thermostat and a Protecto relay are installed. The cabinet is of steel with radium corners insulated with corrugated asbestos, laminated with aluminum foil. The inner front panel contains 1 inch of rock wool insulation. The burners are either Type 454 or Type 464 pressure atomizing previously approved. The fuel unit includes Rota-Roll pump with pressure regulator, duplex wire gauze oil strainer anti-hum diaphragm, oil pressure gauge and brass prining plug. The firing assembly includes a 10,000 V. transformer, ignition wires with snap terminals, electrodes insulated with porcelain and grounded to eliminate static, nozzle, inner and outer blast tubes and primary and secondary air turbulators. Supplied with burner are MH

MINUTES

TM-11A three wire thermostat, with RA116A constant ignition protecto relay and refractory with vermiculite insulation.

Inspection and Test

A model of the oil fired air conditioners was inspected and tested at 11 South Fullerton Avenue, Montclair, New Jersey and found to operate as designed. Present at the test were Chief Engr. L. V. Huber of the Committee on Test. The oil fired air conditioner has been listed by the Underwriters Laboratories, Mis. Pet. 1803, Application No. 48C2553.

Recommendation

On the basis of the inspection and test and the data submitted by the Applicant, the Committee on Test recommends the approval of the Mueller Climatrol Oil Fired Air Conditioners, Models 50, 201, 202, 209, 211, 212, 214, 215, 216, 217, 218, 219 and 253 for use in New York City in domestic and commercial installations when installed and operated in accordance with this report and the provisions of the Oil Burner Rules of the Board, provided each appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 895-51-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 116-52-SM—Vol. II

Subject: Amendment to resolution as to proportions of Structo-Lite premixed plaster.

United States Gypsum Company, New York requested by letter dated August 1, 1955 that the resolution adopted July 15, 1952 under Cal. No. 116-52-SM be amended so as to permit the approved material Structo-Lite to be furnished in accordance with the requirements of C26-464 as amended by Local Law 1 of 1955.

Description

The material Structo-Lite is a premixed perlite-gypsum plaster. There is no change in the material as approved July 15, 1952 under Cal. No. 116-52-SM—Vol. I wherein the Board required that each bag be labeled "Scratch" or "Brown" as C26-464.0 required that the scratch coat to be 100 lbs. of gypsum to 2 cu. ft. of perlite and the brown coat to be 100 lbs. of gypsum to 3 cu. ft. of perlite.

Recommendation

The Committee on Test recommends that as C26-464 was amended by Local Law No. 1 of 1955 to permit both the scratch and brown coats of plaster to be 100 lbs. of gypsum to 2½ cu. ft. of perlite, the resolution adopted July 15, 1952

under Cal. No. 116-52-SM be amended so as to permit Structo-Lite premixed plaster of a mix of 100 lbs. of gypsum to 2½ cu. ft. of perlite on condition that the requirements of the resolution adopted July 15, 1952 under Cal. No. 116-52-SM are complied with, except that the bags in which the material is marketed do not have to be marked "Scratch" or "Brown".

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 15, 1952 in accordance with the above report.

430-49-SA

APPLICANT—Square Manufacturing Company, owner.
SUBJECT—Application for consideration—reopened April 10, 1956 as to amendment to resolution as to additional model drink dispenser—re Square Manufacturing Co. Carbonated Beverage Dispenser, Model 5008; previously approved.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 430-49-SA

Subject: Amendment to resolution as to additional model drink dispenser.

Square Manufacturing Company, Chicago, Illinois requested by letter dated March 28, 1955 that the resolution adopted July 12, 1949 under Cal. No. 430-49-SA be amended so as to include an eight flavor drink vending machine. The application was reopened by a vote of the Board April 10, 1956.

Purpose

The purpose of this appliance is to vend carbonated beverages.

Description

The requested dispenser is basically the same as the dispenser approved by the Board July 12, 1949 under Cal. No. 490-49-SA except for cabinet design modifications to take care of the additional drinks.

The water supply system, CO₂ system and cooling system are identical to the approved appliances.

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1949 under Cal. No. 430-49-SA be amended so as to include the Eight Drink Machine Carbonated Beverage Dispenser on condition that the requirements of the resolution adopted July 12, 1949 under Cal. No. 430-49-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
George F. Sklenarik
Assistant Engineer

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 12, 1949 in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 774-52-SA

Subject: Amendment to resolution as to additional model.
Apco Inc., New York requested by letter dated March 9, 1956 that the resolution adopted December 23, 1952 under Cal. No. 774-52-SA be amended so as to include an eight drink automatic dispenser. The application was reopened by a vote of the Board April 10, 1956.

Purpose

The appliance is designed to automatically dispense, in a paper cup upon insertion of a coin, a refrigerated drink.

Description

The eight drink machine is similar to the machine approved by the Board December 23, 1952 under Cal. No. 774-52-SA except that two extra outlets have been added to the machine in order to dispense the two extra flavors. In all other respects, the water supply system, carbonator system and refrigeration system are identical to the six drink machine approved by the Board December 23, 1952 under Cal. No. 774-52-SA.

Recommendation

The Committee on Test recommends that the resolution adopted December 23, 1952 under Cal. No. 774-52-SA be amended so as to include the eight drink dispenser on condition that the requirements of the resolution adopted December 23, 1952 under Cal. No. 774-52-SA be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 367-54-SA

Subject: Johnson Forced Warm Air Heaters Oil Fired, Models JA75, JA1, JA1.2, JA1.5, JA2, JA2.5, JA3, JA4, JA5, JA6, JA7, JA8, JA10, JA12, JA15, JA20, JA25, JA30, JA35, JA40, JA50, HB75, HB1, JB2, HB3, HB4, HB5, JAS1, JAS1E, JAS1.5, JAS2, JAS2E, JAS3, JAS3E, JAS4, JAS5, JAS6, JAS7, JAS8 and JAS10.

Johnson Heater Corp., owner-manufacturer filed May 4, 1954 and application with the Board of Standards and Appeals for approval of the Johnson Warm Air Heaters (oil fired) and the above mentioned model numbers, under the provision of C19-570, and the Oil Burner Rules of the Board of Standards and Appeals and Article 12, Chapter 26, Administrative Building Code.

Purpose

Warm air heaters, oil fired, for use in domestic, commercial and industrial installations.

Description

Johnson Tubular Warm Air Heaters are all welded steel and gas tight construction using as prime direct heating surfaces multiple banks of practically self cleaning single pass criss cross air heating tubes placed directly over the fire for the highest possible transfer of heat from the fire to the air. The heater construction is such that the external air pressure surrounding the tubular heater core is always greater than the internal pressure within the combustion chamber and in no case can any product of construction escape into the circulated air being heated. The heaters use slow speed centrifugal blowers for large volume of air, long life and minimum maintenance. The large open type buildings are heated by these heaters using our exclusive Johnson method of heating by discharging large volume of low temperature air at low velocity into the area to be heated from outlets at the heater only. Areas in excess of 1,500,000 cubic ft. are being heated by this method with only the one free standing heater using no duct work or conveying piping. The heaters are designed, however, for use with a conventional duct system where required.

The heaters are either placed on the floor in the area of the building to be heated, in the basement or suspended from the ceiling. The heaters are fired by oil burners approved for use in New York City. The units are equipped with fully automatic standard approved power atomizing type oil burners and controls for use with light fuel oil. The large sizes of heaters are designed for use with approved Horizontal Rotary Burner equipment and controls to use the heavier No. 4, 5 and 6 oils as fuels automatically. An interlock is used on blowers of the larger models to prevent discharge of oil into fire box unless blower is in operation.

Inspection and Test

An inspection of this heater was made and tested at the plant of the Studebaker Corporation of New Hyde Park, Long Island and was found to operate as designed. Present at the test was Chief Engr. L. V. Huber of the Committee on Test and K. S. Johnson, Jr., representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends

MINUTES

the approval of the Johnson Forced Warm Air Heaters Oil Fired, Models JA75, JA1, JA1.2, JA1.5, JA2, JA2.5, JA3, JA4, JA5, JA6, JA7, JA8, JA10, JA12, JA15, JA20, JA25, JA30, JA35, JA40, JA50, HB75, HB1, HB2, HB3, HB4, HB5, JAS1, JAS1E, JAS1.5, JAS2, JAS2E, JAS3, JAS3E, JAS4, JAS5, JAS6, JAS7, JAS8, and JAS10 for use in New York City with fuel oil not heavier than No. 6 U. S. Department of Commerce Standards provided each heater has a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 367-54-SA." and provided also that in garages the heater is located at least 8 ft. above the floor and equipped with a 40/40 mesh screen over the combustion air intake and further that all installations shall comply with the Oil Burner Rules and Art. 12, Chapter 26, Administrative Building Code.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 487-55-SM

Subject: Nazareth Air Entraining Portland Cement, Types IA and IIA and Nazco Type IIIA.

Nazareth Cement Company, Nazareth, Pa., filed May 25, 1955 an application with the Board of Standards and Appeals for approval of the material known as Nazareth Air Entraining Portland Cement, Types IA and IIA and Nazco Type IIIA under the provisions of C26-312.0.C Administrative Building Code and for use under the Rules of the Board adopted under Cal. No. 64-55-SR.

Purpose

The material is a portland cement for use in structural concrete.

Description

In the manufacture of the air entraining cement, the air entraining agent is introduced into the clinker of portland cement and the two are interground so as to pass the specification of this type of cement; this intergrinding takes place in the tube mills.

Inspection and Test

Samples of the various types were collected placed in containers and sealed, the sealed containers were submitted to the laboratory for test in accordance with the requirements of the Rules for approval of Air Entraining Cements adopted under Cal. No. 64-55-SR.

The cements met the requirements and the complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Nazareth Air Entraining Portland Cement Type IA and IIA and Nazco Type IIIA as manufactured at the applicant's plant located at Nazareth, Pa., as meeting the requirements of C26-312.0 Administrative Building Code as superseded by the General Resolution adopted under Cal. No. 64-55-SR for use in New York City under C26-191.0 Administrative Building Code and the permissive uses under Cal. No. 64-55-SR on condition that the type of cement shall be legibly marked and that each bag or container shall be marked, tagged or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 487-55-SM.", including the type of cement and when marketed in bulk for use in New York City, the bill of lading shall be similarly marked.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 565-55-SA

Subject: Water Lining and Integral Fuel Oil Heater (preheater).

Leonard F. Rothkrug for Sentry Norden Oil Heating Company, Inc., New York filed June 21, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as the Water Lining and Integral Fuel Oil Heater (fuel oil preheater) under the provisions of the Oil Burner Rules of the Board.

Purpose

A method of preheating fuel oil for use with oil burners.

Description

This apparatus is used in connection with the firing of standard type commercial and industrial heating boilers, using No. 6 oil as fuel. It is a means of extending the length of a standard boiler furnace, permitting greater flame travel and at the same time adding radiant heating surface, together with forced circulation to the boiler. It reduces high heat temperatures in the boiler furnace. About a year ago this unit was redesigned to include an integral fuel oil heater of the non-contaminating type in its construction.

The appliance consists of two cylinders, one having a larger diameter than the other—one cylinder set within perimeter of the other, allowing a space of approximately 3" between both cylinders. Water from the boiler is circulated by means of a pump through the space between the cylinders, where it picks up heat from the direct action of the oil burner flame. The resultant hot water is returned to the boiler at the water line. This water is moved in constant

MINUTES

circulation during the firing period of the oil burner. While the water is being circulated it attains a high temperature of approximately 230° with no pressure on the boiler.

This high temperature is attained because of the fact that the water is in a confined space in small quantity and under forced circulation. This water temperature of 230° provides a skin temperature on the outside of the Water Wall shell of approximately 210°.

The Water Wall shell is constructed of 5/16" thick A.S.M.E. boiler plate. On to this shell is welded a compartment. This is a sealed compartment and consists of a series of baffles welded to the Water Wall shell and arranged in such a fashion that when No. 6 oil is introduced into the lower portion of the compartment, the oil being under pump circulation is moved back and forth in constant motion over the hot surface of the Water Wall shell. A temperature rise of 100° is thereby easily attained because not alone is the hot surface of the Water Wall being used, but the baffle plates already referred to act as extended heating surface.

On installations where this unit has been used, it has provided heated oil up to temperatures of 180°. Because the oil is separated from the boiler water by a wall 5/16" thick, there is no possibility of the oil contaminating the boiler water. The thickness of this boiler plate exceeds the total thickness of the tubing used, even in presently approved non-contaminating heaters. The boiler meets with the low pressure Code of the A.S.M.E.

Inspection and Test

This apparatus was inspected and tested at 259 West 72nd Street, New York City, and found to operate as designed. Present at this test were Asst. Engr. J. A. Darts, of the Committee on Test and L. Rothkrug and others representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Water Lining and Integral Fuel Oil Heater (fuel oil preheater), for use in New York City when installed in accordance with this report, and the requirements of the Oil Burner Rules and the Boiler Code, provided each unit bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 565-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman.
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 603-55-SA

Subject: Perfectaire Oil Fired Suspended Horizontal Forced Warm Air Furnaces and Floor Mounted Models No. H75, H90, H100, F150, F245, F385, F585, F815, S75, S90, S110, S115, S230, S345, S420 and S520.

Air Conditioning Engr. Company, Cambridge, Mass. filed July 8, 1955 an application with the Board of Standards and Appeals for approval of the appliances known as the Perfectaire Oil Fired Suspended Horizontal Forced Warm Air Furnace and Floor Mounted Models H75, H90, H110, F150, F245, F385, F585, F815, S75, S90, S110, S155, S230, S345 and S520 under the provisions of Article 12, Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is an oil fired warm air furnace used for domestic and commercial heating.

Description

The furnaces are designed for either floor mounting or for suspension installation.

The furnaces consists of oil burner, blower, motors, filters, controls, heat exchanger, combustion chamber and inner and outer casing.

The oil burner used in conjunction with the furnace is the New Way Oil Burner; approved by the Board under Cal. No. 829-48-SA. The blower is of the squirrel cage type. The filters are of the disposable type, glass strands and are Underwriters approved. The controls consists of thermostat, primary relay, combination fan and limit switch, draft control and magnetic starter. The heat exchanger is made of 12 gauge steel. The combustion chamber is of 18 gauge type 430 stainless steel. The outer casing is of 22 gauge steel and the inner casing of 26 gauge steel.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts Committee on Test and it was noted that the oil burner was approved by the Board under Cal. No. 829-48-SA. The oil fired units have been approved by the Underwriters Laboratory under MP2132.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Perfectaire Oil Fired Suspended Horizontal Forced Warm Air Furnaces and Floor Mounted Models; H75, H90, H110, F150, F245, F385, F585, F815, S75, S90, S110, S115, S230, S345, S420 and S520 for use in New York City in domestic and commercial installations with fuel oil not heavier than No. 2 on condition that all installations shall comply with the requirements of Article 12, Chapter 26, Administrative Building Code and the Oil Burner Rules of the Board and each appliance bear a label reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 603-55-SA."

The Committee further recommends that these units may be marketed by Overhead Heaters, New York, Inc., under the trade name of Risco and that the suspended units may be installed in garages on condition that they are suspended at least 8'-0" above the level of the garage floor, that the air for combustion passes through a 40/40 mesh screen installed in the air intake of the oil burner.

(Sgd.) HARRIS H. MURDOCK,
Chairman.
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

Re: Cal. 605-54-SA

Subject: Commander Bake Oven, Models 12, 18, 24, 32, 36 and 40 (electrically heated).

Despatch Oven Company, Minneapolis, Minnesota filed July 21, 1954 an application with the Board of Standards and Appeals for approval of the appliance known as the Commander Bake Oven, Models 12, 18, 24, 32, 36 and 40 (electrically heated) under the provisions of C26-191.0 Administrative Building Code.

Purpose

The appliance is an electrically heated oven used for the baking of bread, rolls, cakes, etc.

Description

The frame work of the oven and the panels and insulation is the same construction as the oven described under Cal. No. 607-54-SA.

The heating system consists of high-grade, open coil, nickel nichrome alloy wire elements mounted in ceramic insulators. The elements are so designed as to maintain a low temperature in order that a uniform temperature control might be maintained. The heater is prewired and includes all internal wiring with terminals brought to the outside of the heater chamber for final field connections and element arranged in banks.

The set circuit on an electrical oven is controlled through a disconnect switch and is on continuously when oven is in operation controlling circuit operates through an automatic contactor and is operated by the controlling instrument.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts Committee on Test. The appliance operated as designed and the controls operated as required.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Commander 12, 18, 24, 32, 36 and 40 (Electrically Heated) Bake Oven for voluntary use in New York City as a bake oven in commercial establishments, on condition that all electrical work shall comply with the requirements of the Electrical Code and further that the appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 605-54-SA."

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 642-55-SA

Subject: Browning Liquid Fuel Cutting Torch, Model U-15A.

The Worcester Taper Pin Company of Worcester, Mass., filed July 21, 1955 an application with the Board of Standards and Appeals for approval of the Browning Liquid Fuel Cutting Torch, Model U-15A under the provisions of Section C19-93.0a Administrative Code.

Purpose

A torch to be used for metal cutting.

Description

The Browning U-15A cutting torch employs an oxygen-gasoline flame for the cutting of metals up to 6 inches in thickness when using the largest of the cutting tips available. The torch is supplied in one length only (approx. 19½ in.) and one head angle (83°). The valves used for the control of fuel and oxygen are of a design which prevents separation of the valve stem from the packing nut in the event either valve is opened wide.

Oxygen is supplied to the torch from a standard I.C.C. cylinder through a regulator and sufficient length of oxygen hose. The gasoline, which should be of the unleaded type, is supplied from a special fuel container which has a maximum capacity of about 3 gallons. This container is approximately 9½ inches in diameter and 11 inches high and is made of welded steel. A support in the form of a skirt is tacked to the bottom of the container. Each container, after fabrication is tested by the manufacturer for leakage by means of an air pressure test of 90 psig while submerged in water. The tested container is then equipped with a flame arresting screen assembly which is placed into a brass filler opening and projects into the top of the container about 3 inches. A brass filler cap and relief valve assembly is screwed into the filler opening to seal off the container and to provide a means of pressure relief in the event of abnormal container pressure. Relief valve is set to open at 35 psig. A hand operated pump is used to pressurize the container to a nominal 20-25 psig to deliver liquid gasoline to the torch. It is a plunger type pump with threaded adapter, silver soldered to the pump tube, which is screwed into one of the fuel container openings so that a spring loaded valve at the bottom of the pump tube is normally submerged in the liquid fuel. A small diaphragm type pressure gauge calibrated from 0-30 psig is installed in a container opening to indicate internal air pressure. The remaining container opening accommodates a fuel shut-off assembly which includes a valve, a ball type excess flow check and a draft tube. The fuel container is painted a bright red color and the word "gasoline" is stencilled in ½ inch letters on the side.

When in use, a Fram cartridge type filter with brass cup is attached to the outlet valve. Torch and filter are connected by a special fuel hose. This hose has nominal inside and outside diameter of 3/16 inch and 7/16 inch respectively, is lined with a Thiokol tube, has a red colored outerjacket of oil resisting synthetic reinforced with a single braid rayon construction and is provided with suitable brass fittings. Its minimum rupture pressure is 900 psig.

MINUTES

Inspection and Test

A sample torch was inspected and tested at 761 Humboldt street, Brooklyn by Asst. Engr. G. F. Sklenarik, Committee on Test. The torch and fuel container were designed as described in the data filed by the manufacturer and functioned in a satisfactory manner. Present at the test were William Mohler, sales engineer for Worcester Taper Pin Company, manufacturer and Hugo Barthelson, manager of R. H. Preston and Company, agent.

Recommendation

On the basis of the inspection and test and the data filed by the applicant including report #12373 of September 15, 1954 by the Factory Mutual Laboratories and file MH-6127 of June 8, 1955 of the Underwriters Laboratories both accepting the design and operation of this appliance, the Committee on Test recommends the approval of the Browning Liquid Fuel Cutting Torch, Model U-15A under the provisions of C19-93.0 of the Administrative Code on condition that only unleaded gasoline will be used as fuel and that such gasoline will be stored for use in accordance with the requirements of Article 8, Chapter 19 Administrative Code pertaining to volatile inflammable oils and any additional requirements of the Fire Commissioner and further that each torch and each container bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 642-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

877-55-SM

APPLICANT—Beacon Manufacturing Co., owner.
SUBJECT—Application October 26, 1955—Beacon Closet Bowl Wax Gasket, Models 101, 102 and 103, approval of.
APPEARANCES—

For Applicant: Leon Waldman.
ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—
Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 877-55-SM

Subject: Beacon Closet Bowl Wax Gasket 101 and 102.

Beacon Manufacturing Company, Cleveland, Ohio filed October 26, 1955 an application with the Board of Standards and Appeals for approval of the material known as Beacon Closet Bowl Wax Gasket 101 and 102 under the provisions of C26-1250.0 Administrative Building Code.

Purpose

To provide a floor slab or ring of material impervious to moisture for use with toilet bowls.

Description

The gaskets are made from pure microcrystalline wax which is a mineral by product of oil wells, the wells having paraffine base oil. The wax has a melting point of not less than 145°.

Inspection and Test

Samples of the gaskets were examined by Asst. Engr. J. A. Darts Committee on Test. It was noted that only gasket 102 met Federal Specification HHG-536a.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Beacon Closet Bowl Wax Gasket 102 for setting toilets bowls under the provisions of C26-1250.0 Administrative Building Code on condition that each container or package in which the material is marketed shall bear a label reading as follows: "Approved by the Board of Standards for use in New York City under Cal. No. 877-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 14, 1955, on Alt. App. 110 of 1954, reads:

"1. Exits from all floors, including cellar, to comply with Sect. 270 of Labor Law."

and

WHEREAS, the applicant states the building is three stories, 25 ft. by 100 ft. in area, at first floor, 25 ft. by 90 ft. in area at typical floor, of class 3 construction, erected 1922, now located on a lot 75 ft. by 100 ft., irregular in area, in a business use, C area, class on height district, used and occupied since 1924: Cellar—storage, no persons; 1st, 2nd and 3rd floors: manufacturing textile fabric, 18 persons on the 1st, 20 on the 2nd and 25 on the 3rd; no change in use or occupancy is now proposed. The building is equipped with one four feet wide interior stairs, enclosed in one-hour partitions, equipped with fireproof self-closing doors, leading direct to street, provided with a ladder and scuttle to roof, and one fire escape on the rear extending to roof by ladder and to yard by stair, egress to street is through front yard; window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, Certificate of Occupancy #4799, issued April 8, 1924 against permit #16219 of 1922 permits the use of the building as Store-office and storage; this certificate refers to 2238 Pitkin Avenue; and

WHEREAS, Certificate of Occupancy #42664, issued January 12, 1927 against Permit #11908/26 for premises 2236-2240 Pitkin Avenue permits the use and occupancy as follows: Storage room for druggist supplies on the first floor; and

WHEREAS, Violation #2580/54 was issued by the Borough Superintendent to premises 2236 Pitkin Avenue, describing a hazardous condition and stating that the occupancy of the premises was changed from storage to light manufacturing without obtaining a new certificate of occupancy and contained the note that Alt. App. 110/54 was disapproved February 19, 1954; and

WHEREAS, the applicant states the premises consist of an irregular plot 75 ft. front on Pitkin Avenue by 76 ft. 6 in. and 100 ft. in depth upon which there is located a one and two story building of class 3 construction, erected under N.B. App. 3171/1908 for use as a store and subsequently altered under Alt. App. 16219/1922 by the addition of two stories and extension on the rear of the first floor for which Certificate of Occupancy #4799 was issued in 1924 for the following use and occupancy: 1st floor—store and office; 2nd floor—storage 120 lb. live load; 3rd floor—storage—120 lb. live load; that an additional one story extension was erected on the site under Permit No. 11908/1926 and Certificate of Occupancy #42664 issued for this new portion of the premises which specified its use as, "storage room for druggist supplies"; and

WHEREAS, the applicant states that it is now proposed to use the entire structure for one tenant occupancy for the manufacture of textile fabric (needle work) with a maximum occupancy of 25 persons on the 3rd floor and 20 persons on each of the 1st and 2nd floors, cellar will be used only for storage; and

MINUTES

WHEREAS, the applicant contends that the principal interior stairway is 4 ft. wide enclosed throughout with partitions of wood studs, plaster board, plastered both sides with openings protected with fireproof self-closing doors, with access to the street through an open yard at the front; that in addition, there is a regulation fire escape on the rear of the second and third floors, with access to the street by way of the front yard; that there are two separate exits from the first floor area, one direct to the street and another to the open yard leading to the street; that the cellar ceiling is now fire retarded with half inch plaster board; that it is proposed to enclose the new boiler room with 4 in. masonry partitions to the ceiling and provide a one-hour fireproof self-closing door from the cellar area, it is proposed to protect the boiler room ceiling with half-inch plaster board and 26 gauge metal; the existing outside stair will be provided with flush iron doors opening from the inside without the use of a key to furnish direct egress to the street; that the cellar storage area is also provided with two stairways, one to the first floor area and the other to the open yard which leads to the street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 110/54, Objection No. One and that the appeal be and it hereby is *granted*, to permit the continuation of the existing means of exit as shown and as indicated on plans filed with this appeal marked "Received February 16, 1955" (10 sheets), and "June 1, 1956" (one sheet), *on condition* that the building shall not be increased in height or in area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the exterior fire escape shall be maintained as indicated on plans filed with this appeal marked "Received June 1, 1956" and at all times shall have free access for exit purposes to the street; that there shall be a loose ladder of sufficient length to reach the roof of the adjoining building at a lower level so that escape may be permitted through the scuttle to roof and ladder in the event of necessity; that the protection of the boiler room ceiling shall be as proposed; that the existing outside stair shall be provided with flush iron doors as proposed opening from the inside without the use of a key to furnish direct egress to the street; and that as proposed there shall be not more than one tenant per floor.

THE RESOLUTION—

WHEREAS, Order No. 7599 issued by the Fire Commissioner September 23, 1954, reads:

"4. Conspicuously post and keep posted on the 2nd story and on the 3rd story, and in entrance halls, office and all rooms signs prohibiting SMOKING printed in the English and other necessary languages. Sec. 283 of the Labor Law."

and

WHEREAS, the applicant states the building is 8 stories,

110 ft. in height, 243 ft. 9 in. front by 440 ft. in depth of fireproof construction erected 1912; located in an unrestricted use, A area, class 2 height district; used and occupied since 1912, Cellar—ordinary use; 1st to 8th floors—factory; 75 persons on the 1st, 160 on the 2nd, 100 on the 3rd; 125 on the 4th; 90 on the 5th; 75 on the 6th; 60 on the 7th; 80 on the 8th; the building is provided with an approved standpipe system and a one-source sprinkler system; there are 12 interior 6 ft. wide concrete stairs from roof bulkhead direct to street; and four exterior stairs extending to roof by ladder and to street and yard by stairs; windows and doors on the course of the fire escape or exterior stairs are fireproof self-closing, clear passage is maintained as egress from the lower termination of the fire escape to the freight yard; and

WHEREAS, Certificate of Occupancy No. 84950 was issued Nov. 12, 1937 against NB. Permit 6523/1910 and permits the use of the building—not stated; and

WHEREAS, the applicant states that under existing conditions smoking is prohibited throughout the entire factory and Fire Department Order No. 7599 has been fully complied with; and

WHEREAS, the applicant states that permission is herein requested to allow smoking in the general office, the eating area and the locker room on the second floor, and the office area, and dressing room on the 3rd floor.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #7599, issued September 23, 1954, Objection 4, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit smoking in the areas on the premises on the 2nd and 3rd floors, as indicated with hatched lines on plans filed with this appeal, marked "Received March 20, 1956", (1 sheet), and "May 29, 1956", (1 sheet), *on condition* that such signs shall be posted indicating such areas where smoking is hereby permitted as the Fire Commissioner shall determine; that receptacles for smokers' refuse shall be installed in such areas where he may require; that the sprinkler system shall be maintained in accordance with the approval as *modified* by the Board; and that in all respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated August 26, 1955 on BN App. 2129/55 reads:

"1. Cellar exits inadequate and fails to comply with 271, Labor Law in that (a) 2nd means of egress must be enclosed and lead thru fireproof passageway direct to street (b) swing of doors not in direction of egress."

and

WHEREAS, the applicant states the building is 11 stories, 110 ft. in height, 78 ft. 10 in. front by 135 ft. depth, of fireproof construction, erected 1902, now located in a business and unrestricted use, B area, class 2 height district and used and occupied since 1902; Cellar—bank and storage, 10 persons; 1st floor—bank, 50 persons; 2nd floor—manufacturing clothing, 15 persons; 3rd floor—manufacturing linings, 15 persons; 4th floor—manufacturing shirts, 10 persons; 5th to 11th floors—manufacturing clothing, 25 persons

MINUTES

on 5th, 15 on the 6th, 20 on the 7th, and 30 on each of the 8th to 11th floors inclusive; no change in use or occupancy is now proposed. The building is provided with an approved standpipe system and an approved two-source sprinkler system throughout the building except for the banking floor; there are two 3 ft. 6 in. wide fireproof stairs from roof bulkhead direct to street; and

WHEREAS, Violation No. 1720/1955 was issued by the Borough Superintendent in that each of the cellar areas occupied by the owner and the tenant do not have two legal means of egress as required by law and that hand rails were missing from the stairs at the cellar and first floor; and

WHEREAS, the applicant states that exits from all other floors except the cellar are in conformance with the Labor Law; that the building is a tenant factory; that the sprinkler system covers all floors except the first story use by the bank; that the cellar floor is used by the bank, occupying the first floor; that part of the cellar contains the bank vault and storage space and rest room for employees; that there are two fireproof enclosed stairways, one at the west leading to the freight hall and passage direct to street; that the northeasterly stair leads to the bank floor; that this stair is fireproof enclosed; there is no factory occupancy on the cellar or first floors; that exits on the first floor are readily available to the street and the bank must exercise some supervision so that no unauthorized persons can have access to the cellar floor; that in addition to the two stairs there are two ladders available for the superintendent and the engineer of the building leading from the machine room to the first floor hall and also to a trap door in the sidewalk at the west; and

WHEREAS, the applicant contends that in view of the fact that there is no hazardous or factory occupancy on the first floor or in the cellar and the exits now provided heretofore proved acceptable, it is requested that a variance be granted so as to accept the existing exit from the cellar portion; and

WHEREAS, the applicant states that under the provisions of the Labor Law, as recently amended, effective January 1st, 1957, the violation would not apply; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on BN App. 2129/55, Objection No. 1 and that the appeal be and it hereby is *granted*, to permit the continuance of the conditions as to the first floor and cellar as shown on plans marked "Received September 6, 1955", (2 sheets), and for re-submission to the Borough Superintendent immediately after January 1, 1957 for consideration in view of the recent amendment to the State Labor Law as to exits from the cellar; that in the event the Borough Superintendent decides that the objections are not covered by such amendment or there are additional objections, this appeal may be reopened for reconsideration.

nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 20, 1955, on Alt. Applic. 4222/52 reads:

"8. Opening in a fire wall used for a horizontal exit may not exceed 4'-0" in width and 7'-6" in height. 10.8.1(b)."

and

WHEREAS, the applicant states the building is 1 story, 12 ft. in height, 201 ft. and 230 ft. 8 in. front by 100 ft. and 103 ft. 11-3/4 in. irregular in depth, of Class 3 construction, erected in 1923 in an unrestricted use, C area, Class 1 1/2 height district; used and occupied since 1952: Cellar—boiler room, 1 person; 1st floor—manufacturing quilting, 45 persons. No change or use in occupancy is now proposed. The building is equipped with an approved standpipe system and an approved one-source sprinkler system throughout; and

WHEREAS, Violation #654/55 was issued February 7, 1955 by the Borough Superintendent, for occupying the building for the manufacturing of quilts without obtaining a certificate of occupancy for such use; and

WHEREAS, the existing Certificate of Occupancy #21433 issued October 4, 1923, against N. B. 909/23 permits the use of the building as a public garage; and

WHEREAS, the applicant contends the occupant is engaged in manufacturing quilting which requires finished material to be placed on large rolls and bales, necessitating an opening at least 5 ft. in width in the firewall; that the building is 21,840 sq. ft. in area, subdivided into two areas of 7,140 sq. ft. and 14,700 sq. ft.; and is provided with a standpipe system connected to the city main and a one-source sprinkler system throughout with connection to Fire Department headquarters through an approved central office, which system is connected by an 8-in. connection to the city main; and

WHEREAS, on January 18, 1955, under Cal. No. 430-54-A, the Board modified Objection 1 issued by the Borough Superintendent on Alt. App. 4222-52, requiring a 2-source sprinkler system for the north portion of the building used for manufacturing, on condition that the building be equipped with a 1-source sprinkler system throughout, with connection to fire headquarters through an approved central station, and that the fire wall comply with the requirements and any door opening therein be of an approved opening assembly for fire walls; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 20, 1955, acting on Alt. App. 4222/52, Objection #8 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the opening in the fire wall for use as a horizontal exit to be 5 ft. in width as indicated on plans filed with this appeal marked "Received October 26, 1955" (one sheet) *on condition* that such door shall have an approved opening protective assembly meeting the requirements of the Building Code; that in all other respects the requirements of the Building Code and all other laws, rules and regulations applicable to the building and occupancy shall be complied with including the maintenance of a standpipe system and a one-source sprinkler system as proposed; and that a new certificate of occupancy shall be obtained.

For Applicant: Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. IV, on January 27, 1953, on certain conditions; and

WHEREAS, the resolution was further amended on May 19, 1953; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on September 13, 1955; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 4, 1955 as thereafter amended by resolution adopted through September 13, 1955 only as to the time within which to obtain permits and complete the work so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that additional time is required to obtain Fire Department certification and a certificate of occupancy, that all permits required shall be obtained and all work completed within six months from the date of this amended resolution." (Alt. App. 1214/51 and Misc. App. 347/53.)

319-32-BZ—Vol. III

APPLICANT—Goldwater and Flynn, for Robert P. Marshall, owner.

SUBJECT—Application for consideration—reopening for approval of plans—re Application (decision of the borough superintendent); previously granted on condition, under section 7f of the zoning resolution, permitting in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash (non-automatic) and permitting the parking and storage of motor vehicles on unbuilt upon portion of plot (previously granted by the Board—but not built).

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

Copy of Petition and Order of Certiorari was served on the Board
on June 6, 1956, by Mr. Irving M. Berry, attorney for Jack H. and
Miriam Harrow, objecting property owners, seeking a review of the
Board's determination on May 1, 1956, granting a variance under
Section 7, subdivision c, of the Zoning Resolution, to permit in a
business use district an automatic laundry, gasoline service station,
office, lubritorium, motor vehicle repair shop (with hand tools only)
and the parking of cars awaiting service; Cal. No. 673-55-BZ; prem-
ises 5802-5824 Church Avenue, 119-129 East 58th Street, 74-84 East
59th Street, Borough of Brooklyn.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION 10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 3, 1956, at 10 A.M. for applicant to file revised plans giving consideration to the grade of the plot; date for decision to be set; hearing closed.

810-55-BZ

APPLICANT—Meyer Kraushaar, for Cohen-Kraushaar Realty Corp., owner.

SUBJECT—Application October 18, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a retail and residence use, district, the proposed use of automatic auto laundry, office and parking for more than 5 motor vehicles, with curb cuts less than 75 ft. from the residence use district.

PREMISES AFFECTED—61-24 to 61-30 Utopia parkway and 175-01 to 175-25 64th avenue, northwest corner, Block 6891, Lot 3, Fresh Meadows, Borough of Queens.

APPEARANCES—

For Applicant: Meyer Kraushaar and Ingram S. Carner.

For Opposition: Mrs. Nettie Rothstein and Morris Rosen.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn, without prejudice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a portion of the subject premises is to be acquired by the City for a Fire Department fire house.

Resolved, that the application be and hereby is *withdrawn* without prejudice.

688-45-BZ

APPLICANT—Carl H. Salminen, for Emil Kupprat, owner.

SUBJECT—Application reopened April 10, 1956 for consideration as to extension of term of variance expired March 26, 1956—re (decision of the borough superintendent) previously granted on condition under section 7e of the zoning resolution, permitting in a business use district, the change of occupancy from office and marble storage to permit cutting, polishing and lettering of stones and monuments in addition to office and marble storage.

PREMISES AFFECTED—162-34 Pidgeon Meadow road, west side, 289.54 ft. south of 46th avenue, Block 5461, Lot 40, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Emil Kupprat.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, on March 26, 1946 this application was granted by the Board on certain conditions, under section 7e of the zoning resolution, to permit in a business use district the change in occupancy from office and marble storage, to permit cutting, polishing and lettering of stones and monuments in addition to office and marble storage, for a term of 10 years; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation, on March 26, 1956; and

WHEREAS, this application was reopened on April 10, 1956 and set for hearing on May 15, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, and by notification to the owners by regular mail; and

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, at the request of applicant to obtain new decision from the borough superintendent; and

WHEREAS, the decision of the borough superintendent, dated June 6, 1956 acting on Alt. Applic. 1064-56, reads:

"1. The use of the premises as stone cutting, finishing of gravestones, sales office & display in a Business Use District is contrary to Art. IV (39) of Zoning Resolution and the extension of such use beyond a term of 10 years is contrary to Board of Standards & Appeals Resolution 688-45-BZ; Mar. 26, 1946; printed in Bulletin #14 Vol. 31 and is referred back to the Board for reconsideration."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 26, 1946, only so far as it refers to the term of the variance so that as amended this portion of the resolution shall read:

"*granted* under Section 7e thereof for a term of ten years from the date of this *amended* resolution; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy shall be obtained within six months from the date of this amended resolution."

127-46-BZ—Vol. II

APPLICANT—Paul Friedman, for Interboro Management, Inc., owner.

SUBJECT—Application reopened December 13, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, sales and storage of auto accessories and parking of more than 5 cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—46-11 to 46-21 Hollis Court boulevard and 46-02 to 46-16 189th street, northwest corner and 188-12 to 188-20 46th avenue, Block 5528, Lot 1, Flushing, Borough of Queens.

Liniwicz, M. Licostie, E. Ellolet, Olgo & William San Miguel, Brad & Sue Rouda and Lester and Rose Gerson et. al.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Kleinert,
and Commissioner Keating 3
Not Voting: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 13, 1955 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection and decision; hearing closed; then to June 12, 1956, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, class 1 height district; 46th avenue is in local retail and retail use, B area, class 1 height districts; Hollis Court boulevard is in a residence use, B area, class 1 height district; Utopia parkway is in local retail, retail and residence use, B area, class 1 height districts; 189th street is in retail and residence use, B area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 4, 1955 acting on N.B. Applic. 4583-55, reads:

1. The use of the premises as a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office sales and storage of auto accessories and parking for more than five cars waiting to be serviced in a Retail Use District is contrary to Art. II Sec. 4A ZR."

and

WHEREAS, the applicant states that the premises consist of a plot, 112.48 ft. frontage by 153.80 ft. in depth, now vacant; that it is proposed to erect and maintain for a term of 15 years a parkway type gasoline service station, lubritorium, minor repairs with hand tools only, non-automatic auto washing, office, sales and storage of auto accessories and parking for more than 5 cars awaiting service; and

WHEREAS, the applicant states that the subject premises is presently zoned as a retail use, class 1 height and B area district; that as of July 25, 1916 the portion of the property within 100 ft. of Hollis Court boulevard was zoned as a business district and the remainder as residence district; that on February 28, 1929 the business was extended to include the entire property and the present retail designation became effective on July 24, 1947; that as of July 25, 1916 the property was zoned as D area district and the present B area designation became effective on August 3, 1948; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that on April 2, 1946 the Board, under Cal. No. 127-46-BZ denied an application under section 21 to permit an area district variation at the subject premises, in a business use, D area district, so as to permit the erection of a motion picture theatre (980 seats) and 4 stores, occupying more area of lot than is permitted; that the determination of the Board was reviewed in Court which sustained the Board, *Court Boulevard, Inc. v. Board of Standards and Appeals*, 274 App. Div. 809, 79 N.Y.S. 2d 817, Supreme Court, Appellate Division, Second Department, decided June 21, 1948, and held:

"Irrespective of whether or not the tests for a variance set forth in the case of *Matter of Otto v. Steinhilber*, 282 N.Y. 71, 24 N.E. 2d 851, were applicable or

correctly applied by the Board, the record fails to establish practical difficulties or unnecessary hardships in conforming to the area district regulations."

that subsequent to the decision of the Board the use district designation was changed on July 24, 1947 from business to retail; after the decision of the Appellate Division, the area district designation was changed on August 3, 1948 from D to B; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for a conforming use; that the property was acquired by the owner on November 15, 1944 for development with a motion picture theatre and stores to occupy substantially 90% of the plot; that two weeks after the owner acquired title to the site, the area district regulations were amended so that the plot, which theretofore could have been 100% covered by a building, could be covered thereafter only to the extent of approximately 60%, i.e., 70% of the first 5000 sq. ft. and 55% of the balance of the plot; that an application was subsequently filed with the Board for an area district variance to permit the erection of a theatre and stores occupying more than the permitted area of coverage, which was denied on April 2, 1946; that certiorari proceedings were instituted on behalf of the owner of the premises to review the Board's determination and these proceedings were finally terminated in favor of the Board on June 21, 1948; that subsequently the City Planning commission rezoned the block of which the subject premises was a part, changing the use designation from business to retail use on July 24, 1947 and the area designation from D to B on August 30, 1948, so that the previously denied proposal could thereafter be erected as a matter of right; that however, at the time the rezoning became effective, the motion picture theatre business was and still is in a severe slump and plans to erect a motion picture theatre at this site have been abandoned as being unprofitable; that all efforts to develop interest in the property for a conforming use have been fruitless; that existing store facilities in the neighborhood amply serve the retail needs of the surrounding area and there is insufficient support for any additional store facilities; that the only economic demand which has developed for the use of the subject premises has been and is for a gas station; that development of the property for such use would yield a reasonable return on the investment because it is situated at the intersection of Hollis Court boulevard and 189th street, which both sustain a substantial volume of automotive traffic and because no similar facilities exist nearby for the convenience of the neighborhood; and

WHEREAS, the applicant further contends that a grant of this application would not adversely affect any of the nearby property owners; that the property is located on a small island block, the balance of which is 100% covered by a store; that it is proposed to erect along the entire 46th avenue building line, and along the 189th street building line to within 30 ft. of the intersections of Hollis Court boulevard, a 5 ft. 6 in. brick and picket fence wall and to maintain a 3 ft. wide seeded and landscaped area adjoining the proposed fence walls, and along the westerly interior lot line; that the properties on both sides of Hollis Court boulevard between 189th street and Auburndale are zoned for retail and local retail use and are developed with stores or are vacant; that a grant of this application would improve the appearance of the neighborhood as it would eliminate a vacant, weed-covered lot and would result in the erection of an attractive parkway type gas station; that it would promote public safety as the proposed structure would decrease traffic hazards which are incident to the development of buildings flush to the building lines and which thereby create blind intersections; that the proposed building would be set back 90 ft. from the intersection of Hollis Court boulevard and 189th street and set back 40 ft. from the intersection of 46th avenue and 189th street, thus giving clear visibility and greater safety to traffic at both intersections; that at present there are no sidewalks in front of the premises on 189th street and 46th avenue and a grant of this application would safeguard pedestrian

MINUTES

traffic safety by the installation of such sidewalks and curbs; that the proposed structure will provide more light and ventilation to nearby property owners as it would occupy substantially less area and bulk than a conforming use structure; that the structure would be limited to approximately 15% of the 12,949 sq. ft. area of the plot and would also be limited to one story, 13 ft. 4 in. in height; that no entrances are proposed on 46th avenue or 189th street, so that all ingress to and egress from the proposed station would be via Hollis Court boulevard, which is zoned for retail use; and

WHEREAS, the applicant states that the present owner has held title to property since November 15, 1944 and September 20, 1955 and that the assessed valuation of land is \$8500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 4583/55, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

602-51-BZ—Vol. III

APPLICANT—Robert Gottlieb, for Hermany Realty Corp., owner (Hermany Farms, Inc., lessee).

SUBJECT—Application reopened February 7, 1956 as Vol. III—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the proposed alteration and extension of (4) car garage, used in conjunction with present parking and storage of motor vehicles, accessory to milk distribution plant, into a motor vehicle repair shop for cars of milk plant.

PREMISES AFFECTED—2338 Hermany avenue, south side, 341 ft. west of Zerega avenue, Block 3697, Lots 19, 21 and 25, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb, William Schwartz and Harry Marrow.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly: 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on February 7, 1956 subject to regular procedure, to consider extension of garage and change of use to repairing of owner's motor vehicles; and

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E-1 area, class ½ height district; Hermany avenue is in residence and business use, E-1 area, class ½ height districts; Zerega avenue is in a business use, E-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 19, 1955 acting on Alt. Applic. 1174-55, reads:

"1. Proposed alteration and extension of four car garage (CO 24-35) used in conjunction with present parking and storage of motor vehicles accessory to milk distribution plant, into a motor vehicle repair shop for cars of milk plant, in a residence use district is contrary to Art. II Sect. 3 of the Z.R. and Bd. of S. & A. resolution Cal. #602-51-BZ, Vol. I."

and

WHEREAS, the applicant states that the premises consist of a plot, 183 ft. frontage by 206 ft. in depth, on which is located a one story building of class 3 construction, 75 ft. by 103 ft.; also 4-car garage 33 ft. by 17 ft.; that it is proposed to permit the garage building to be enlarged to 42 ft. by 76 ft. and to be used as a motor vehicle repair shop solely for cars belonging to them; and

WHEREAS, the applicant further states that the plot fronts 183 ft. on Hermany avenue and 183 ft. on Turnbull avenue, 206 ft. deep from street to street; that on the east 75 ft. by 100 ft. on Hermany avenue (lot 25) there is a milk pasteurization bottling and milk distribution plant; that this building was erected in 1931 when the zone was unrestricted; that this property is now located in a residence, E-1, ½ zone; that the zoning for this section shows the following: 1917, unrestricted, 1½, C; 1924—unrestricted 100 ft. on Have-meyer Ave., business, 1½, C; 1941—unrestricted south side Turnbull avenue, residence, 1½, C; 1945—residence 200 ft. on Zerega avenue, business, 1, D; 1954—residence 200 ft. on Zerega avenue, business, ½, E-1; that the present owners bought the milk plant in 1951 and soon afterwards the adjoining vacant land to the west (lots 19 and 21) for proposed parking and storage of their milk delivery trucks; that there is a 4-car garage on this plot erected in 1928 under N.B. 117 and certificate of occupancy N.B. 292-1930; that later in 1951 application was made with this Board for a variance to allow the use of the land for the proposed parking, and acting on Cal. No. 602-51 on February 13, 1952, this variance was granted for 3 years and subsequently extended for 5 years more; and

WHEREAS, the applicant contends that the owners have been illegally using the 4 car garage for repairing their milk delivery trucks, of which they have over 100; that the building is too small; that the location of this building half way between Hermany avenue and Turnbull avenue is such that it is not detrimental to the neighborhood or the adjoining vacant lots; that this section has always been undeveloped; that Turnbull avenue has not even been cut through to Zerega avenue; that except for about 20 private residences, it has been the same since the zoning resolution was enacted; that all the residences in this vicinity were erected while the section was unrestricted, some even before the zoning law was enacted; that no new residential buildings have been erected in the immediate area since 1945 when the zone was changed to residential; that the City of New York erected a large garage and incinerator about 271 ft. east of the plot under consideration; that the section is mainly vacant land, non-conforming uses and old residences; that on April 12, 1954 acting under Cal. No. 777-54, the Board granted to the same owners a variance for 5 years for the property adjoining to the east (lots 32 and 64) also to be used for parking and storage of their milk delivery trucks; that in order to keep these trucks moving they must be properly and periodically serviced and repaired and the most efficient and economical place to do so is on the property; that this land and the surrounding land would never be used for the erection of homes and the proposed building would not harm the neighborhood or adjoining owners in any way; and

WHEREAS, the applicant states that the present owner has held title to the property since July 18, 1951; that the assessed valuation of land is \$13,000 and of the buildings \$48,900 making a total of \$62,000; that the garage was erected in 1934 and the milk plant in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 13, 1952, as thereafter amended by resolutions adopted through May 10, 1955, by adding thereto:

"that in the event the owner desires to reconstruct and extend the existing building along the west lot line, formerly used as a 4-car garage so as to reconstruct the building for motor vehicle repair shop, such change may be permitted, as proposed and indicated on plans filed

MINUTES

with this application, marked "Received January 5, 1956", 4 sheets *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the use of this building as a repair shop is permitted under section 7e for a similar term as the previously permitted use, *on condition* that such building shall have no cellar and comply with the Building Code in all other respects; that there shall be no openings in the wall to the west to adjoining premises; that in the event the owner desires to remove the woven wire fence along Hermany avenue building line, as previously required, and replace same with a masonry wall not less than 5 ft. 6 in. in height, such change may be permitted, provided that in all other respects the resolutions above cited shall be complied with where not inconsistent with this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

629-51-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for M. H. A. Associates, Inc., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7c, 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the proposed extension of an existing non-conforming use, present use storage, office and car washing, to be used as storage and boiler room, gasoline service station, high speed auto laundry, lubritorium, motor vehicle repairs, office and sales, parking and storage of cars awaiting service, with curb cuts less than 75 ft. from the residence use district.

PREMISES AFFECTED—53-15 Queens boulevard and 43-32 to 43-40 54th street, northwest corner, Block 1322, Lot 39, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Bernard P. Auslander.

For Opposition: Nathaniel H. Schackman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, at the request of applicant; then to June 12, 1956, for inspection and decision; hearing closed; applicant to file revised plans omitting curb cut on 54th street and windows on westerly and north walls; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; Queens boulevard and 54th street are in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 7, 1955 acting on Alt. Applic. 1823-55, reads:

"1. Proposed extension of an existing non-conforming use in a Business Use District, present use storage, office and car washing, to be used as storage and boiler room, gasoline service station, high speed auto laundry, lubritorium, minor motor vehicle repairs, office and sales, parking and storage of cars awaiting service is contrary to Art. II Sec. 4(a) 15, 29, 46, 49 of the Zoning Resolution.

2. Proposed business entrances (curb cut) less than 75 ft. from an abutting Residence Use District is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 98 ft. in depth and being used

as a high speed auto laundry, office and storage space installed under N.B. No. 3053-1948 and certificate of occupancy No. Q-54029; that it is proposed to maintain the present legal use of high speed auto laundry and a variance is requested for a period of 15 years in order to install the additional use of gas station consisting of eight 550 gallon gasoline storage tanks and four dispensing pumps; that it is also proposed to reduce the frontage of the present building from 41 ft. 10 in. to 24 ft. 8 in. and erect a new extension at the center of the plot, of class 3 construction, one story in height, having a frontage of 30 ft. and a depth of 27 ft., and to be used as a lubritorium and for minor motor vehicle repairs as conjunctive uses to the present high speed auto laundry and the proposed gas station; and

WHEREAS, the applicant contends that the present high speed auto laundry was erected when such use was permitted in a business zone, so that at this time, although a legal use, it is non-conforming and therefore the mere addition of the gas station does not of itself make the site a non-conforming plot; that Queens boulevard is a main auto lane leading across Queens and therefore the proposal is in keeping at this point, especially so in that there are no other gas stations within the affected area; that in addition to the present legal non-conforming use on the site, Block 1321, lot 43 is developed with a motor vehicle repair shop which is also non-conforming; that the entire affected area on the southerly side of Queens boulevard is occupied as a cemetery, which certainly will not be affected by the proposal; that the curb cuts as proposed on 54th street are required for efficient operation of the high speed auto laundry and gas station and will not affect the residential aspect of 54th street to any greater extent than the many curb cuts maintained by the dwellings on said street for their private garages; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1955; that the assessed valuation of land is \$23,000 and of the building \$12,000 making a total of \$35,000; that the building was erected in 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the additional uses as proposed should be permitted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of uses, to include the sale of gasoline, gasoline service station, presently on a portion of the premises, substantially as proposed and as indicated on plans filed with this application marked "Received October 24, 1955" 5 sheets, and revised plans marked "Received June 6, 1956", 4 sheets, *on condition* that the additional uses shall be constructed and arranged as indicated on such plans including the revised plans above cited; that the gasoline pumps shall face only on Queens Boulevard and shall be of a low approved type, erected not nearer than 15 ft. from the street building line of Queens Boulevard; that the number of gasoline storage tanks shall not exceed eight approved 550 gallon tanks; that along the lot lines to the west, north and east there shall be constructed masonry walls as proposed and as shown, except where existing walls of the laundry building and any retaining walls may occur not less than five feet six inches in height; that such wall along the northerly and easterly lot lines shall be of solid masonry; that along the street building line of 54th Street there shall be erected a masonry wall not less than 2 ft. in height with steel picket fence thereon to a total height of 5 ft. 6 in. with suitable terminating posts at the end of such wall toward Queens Boulevard; that the existing curb cuts may be altered so as to permit two curb cuts to Queens Boulevard where shown on such revised plans, one 40 ft. in width and one 30 ft. in width and one curb cut to 54th Street within the first 25 ft. from the Queens Boulevard building

MINUTES

line; that at the intersection of Queens Boulevard and 54th Street there shall be erected and maintained a block of concrete extending not less than 5 ft. along either building line and not less than 12 inches in height; that signs shall be restricted to a permanent sign attached to the facade of the accessory building advertising the gasoline service station and the laundry use, and the illuminated globes of the pumps, excluding all roof signs and wall signs, but permitting within the intersection the erection of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that sidewalks and curbing abutting the premises shall be reconstructed or restored to the satisfaction of the Borough President; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing within the accessory building with hand tools for adjustment only; that where applicable the curb cuts hereinbefore permitted are hereby permitted under Section 7A; that the steaming and cleaning of cars shall be done inside and not in the open space; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

815-52-BZ—Vol. II

APPLICANT—Reuben Rappaport, for City Bank Farmers Trust Co., and Florence D'Olier, Trustees under will of Thomas Diamond, owners (N. R. M. Garage Corp., lessee).

SUBJECT—Application reopened January 10, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7f of the zoning resolution, to permit in a residence and business use district, the proposed combining of both buildings for garage and parking of more than 5 motor vehicles, and the proposal to extend use of garage wherein gasoline and oil is sold.

PREMISES AFFECTED—248-250 West 80th street and 2231-2239 Broadway, southwest corner, Block 1227, part of Lots 54 and 59, Borough of Manhattan.

APPEARANCES—

For Applicant: Reuben Rappaport.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 10, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to June 5, 1956, for inspection and decision; hearing closed; then to June 12, 1956, for inspection and decision; no appearance for applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 80th street are in business and residence use, B area, class 1½ height districts; Broadway is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1955 acting on Alt. Applic. 1198-52, reads:

"1. Proposal to combine both bldgs. for garage and parking of more than five motor vehicles partly in a residence and partly in a business use district is contrary to Sec. 3 & Sec. 4, Art. II of Z.R. and should be referred back to the Board of Stds. and Appeals.

2. Proposal to extend use of garage wherein gasoline or oil is sold is contrary to Sec. 21A of Z.R."

and

WHEREAS, the applicant states that the premises consists of lot 59, 25 ft. front by 102 ft. 2 in. in depth and lot 54, 101 ft. 6 in. front by 102 ft. in. in depth; that in the building at No. 248, it is proposed that the present floors and mezzanine be left intact, the present iron stairs to be enclosed, new iron stairs and bulkhead to the roof to be built, also new 32 ft. wide opening in the cellar foundation wall to be built to tie in with the #250 cellar; that in the building at No. 250, it is proposed to remove the present 1st floor wood construction and replace with new steel and concrete construction and garage storage maintained as at present; that it is proposed to use the cellar for the storage of motor vehicles and that the 2nd and 3rd floors will remain vacant; and

WHEREAS, the applicant states that this appeal comprises block 1227, lot 59 which is the southwest corner of West 80th street and Broadway and is 101 ft. 6 in. on West 80th street by 102 ft. 2 in. on Broadway, and block 1227, lot 54 which is on the south side of West 80th street and starts 101 ft. 6 in. west of Broadway, is 25 ft. on West 80th street, 40 ft. in the rear by 102 ft. 2 in. in depth; that on lot 59 there is a 5 story building on the corner which is occupied by a private school and a garage building known as 248 West 80th street and on lot 54 is a 3 story building known as 250 West 80th street, whose 1st floor is occupied as a garage; that the garage on lot 59 is mostly in a business zone, B area district and the westerly 1 ft. 6 in. of this building is in a residence zone; that the garage on lot 54 is in a residence district; that Applic. No. 1198-52 was filed for the purpose of obtaining approval to combine both buildings and use same as a single operating unit; and

WHEREAS, the applicant states that the present owner has held title to the property since 1918; that the assessed valuation of land is \$492,000 and of the buildings \$140,000 making a total of \$632,000; that No. 248 West 80th street was erected in 1905 and No. 250 West 80th street was erected in 1902; and

WHEREAS, the premises and area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on May 19, 1953 by adding thereto:

"that in the event the owner does not desire to do all the work required by the resolution above cited, such work as now proposed and as indicated on plans filed with this application marked "Received November 22, 1955" 17 sheets, showing existing and proposed conditions, may be permitted on condition that the building shall not be increased in height or area; and that all of the requirements of the resolution above cited shall be complied with where not inconsistent with the terms of this amended resolution; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

23-56-A

APPLICANT—Reuben Rappaport, for City Bank Farmers Trust Co. and Florence D'Olier, Trustees under the will of Thomas Diamond, owners (N. R. M. Garage Corp., lessee).

SUBJECT—Application January 18, 1956—re Appeal from a decision of the borough superintendent—non-fireproof construction and exits.

PREMISES AFFECTED—248-250 West 80th street and 2231-2239 Broadway, southwest corner, Block 1227, part of Lots 54 and 59, Borough of Manhattan.

APPEARANCES—

For Applicant: Reuben Rappaport.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated October 27, 1955, on Alt. App. 1198/52 reads:

"8. Proposed garage use in a cellar and 1st floor of a non-fireproof bldg. and combining a non-fireproof and fireproof bldg. in cellar is contrary to Sec. 4.2.1 B.C.

9. Exits should lead in a continuous enclosure to the street as per Sec. 6.4.1.11 B.C. (Exit thru rear yard and adjoining bldg. not acceptable). 1, 2, 8 & 9. These objections were denied as to reconsideration on June 30, 1955 and no further denial will be given. You may appeal this decision to the Board of Standards and Appeals J. D. 10/27/55."

and

WHEREAS, the applicant states the building is 3 and 5 stories, 37 and 63 ft. in height, of fireproof and Class 3 construction, 55 ft. 4 in. front by 90 ft. in depth, erected (No. 248) in 1905 and (250) in 1902; located on a lot 55 ft. 4 in. front by 102 ft. 2 in. deep, now in a business and residence use, B area, Class 1½ height district; used and occupied since erection as follows: #248—Cellar—garage; 1st floor—garage and storage and sale of gasoline; 2nd 3d, 4th, and 5th floors—garage; No. 250: Cellar—vacant; 1st floor—garage; 2nd & 3d floors—vacant; that is now proposed to be used and occupied: No. 248—Cellar—garage; 1st through 5th floors—garage with storage and sale of gasoline on 1st floor; No. 250—Cellar—garage; 1st floor—garage, 3 persons; 2nd and 3d floors—vacant; that the building is provided with one 36 in. wide open stairs which does not lead to roof or street; and

WHEREAS, the applicant states the existing iron stairs in No. 248 is continuous from the cellar to existing fifth floor; that a new iron stairs from 5th floor to roof will be provided, including a legal bulkhead and a new fireproof enclosure of the stairs will be provided on all floors; that from the cellar a new exit will be provided to the rear yard with egress through rear yard to westerly wall of No. 250 where a new fireproof passage will be provided leading to cellar stairs, thence to 1st floor and thence to street; that a new iron stairs and enclosure will be provided for the front of #250 with stairs to roof including a legal bulkhead, which stairs will exit at front to street and will include a new stair and enclosure to the cellar, as permitted by the Board in resolution adopted May 19, 1953; and

WHEREAS, the applicant contends that the lessee could not raise sufficient capital to complete the work as approved by the Board in its resolution previously adopted affecting subject premises and about February 1955 revised plans were filed showing a smaller job than heretofore proposed and the decision of the borough superintendent dated October 27, 1955, was issued thereon and which is now the subject of this appeal; and

WHEREAS, the applicant states that garage use in cellar of No. 250 is requested; that a new fireproof steel and concrete 1st floor will be constructed, replacing present wood 1st floor and the new use of present cellar will be within the fireproof area; that legal exits from cellar will be complied with and a new 32 ft. opening made in existing brick wall between No. 248 and 250 for access to the #250 cellar space; that there will be no occupancy of cellar space except when cars are taken in and out of this space; that the present iron stairs in #248 from cellar to 5th floor will be continued to the roof through a legal bulkhead and a new fireproof enclosure of these stairs provided on all floors, exiting through the rear yard, thence through the adjoining building under the same ownership; that this stairs is located in rear of #248; that due to small occupancy in entire combined buildings it is requested the Board accept the proposed exiting through the rear yard and adjoining buildings; and

WHEREAS, the applicant states a fireproof sliding door will be provided on the proposed 32 ft. opening between 248 and 250 W. 80th street; and that as to compliance with Objections 8 and 9 of the decision of the borough superintendent, that to comply with these requirements would pre-

sent practical difficulties and it would take up a large amount of space and result in undue expense.

Resolved, that the decision of the borough superintendent, dated October 27, 1955, acting on Alt. App. 1198/52, Objections 8 and 9 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted this day under Cal. No. 815-52-BZ—Vol. II, shall be complied with; that the exits therein proposed shall be maintained; and that such portable fire fighting equipment shall be maintained as the Fire Commissioner shall direct.

233-54-BZ—Vol. II

APPLICANT—Arthur S. Hirsch, for Joseph Lubin and Joseph Eisner, owners (Car Wholesalers, Inc., lessee).

SUBJECT—Application reopened November 15, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence and local retail use district, the proposed extension in use and area of an existing parking lot for more than 5 motor vehicles and the erection of a 10 ft. x 10 ft. attendant's shelter on a plot presently occupied as parking lot, gasoline service station and garage.

PREMISES AFFECTED—Franklin D. Roosevelt drive, west side, from East 48th to East 49th street, 403-435 East 48th street and 410-430 East 49th street, Block 1360, Lots 1, 2, 3, 4, 5, 6, 8, 11, 14, 15, 16, 26, 34, 35, 37, 38 and 50, Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur S. Hirsch.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and Edward Hoffman, City Construction Coordinator.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 15, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for applicant to file revised plans of existing conditions showing permitted uses of all lots and plan of proposed use indicating manner of protection of view towards United Nations; hearing continued; then to April 24, 1956, for applicant to file additional statement and revised plans of additional fences and hedges; hearing closed; then to May 15, 1956, for applicant to file revised plans as to fences, showing all buildings removed, parking area, buildings and curb cuts, and gasoline selling area enclosed; then to May 29, 1956, for applicant to file revised plans showing all buildings removed, parking, area of building, curb cuts and gasoline station area enclosed; then to June 12, 1956, for applicant to advise the Board if and when coal pockets will be removed and for decision by the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and local retail use, B area, class 2 height districts; East 49th street and East 48th street are in residence, local retail and restricted retail use, B area, class 2 height districts; Franklin D. Roosevelt drive is in residence and restricted retail use, B area, class 2 height districts; First avenue is in local retail and restricted retail use, B area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 3, 1955 acting on Alt. Applic. 30-55, reads:

"1. Proposed use as parking lot for more than 5 motor vehicles, gasoline service station and 10' x 10' temporary class III attendant's shelter, located partially in a Residence Use District and partially in a

MINUTES

Local Retail Use District, constitutes an extension of a non-conforming use and is therefore contrary to Art. II, P. 3 & P.4-C, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 478.18 ft. frontage by 200.84 ft. in depth, presently occupied by a garage for storage of 2 private cars and 2 trucks (owners' use only) and parking lot for more than 5 cars; also a gasoline service station and parking lot for more than 5 cars on lot 16; balance of property on East 48th street is used for parking of cars; and

WHEREAS, the applicant states that this area was originally unrestricted in use except for the area on 1st avenue, which was business use for 100 ft. depth; that on May 5, 1947 the use of the area was changed to residential, except for the area on 1st avenue which is local retail for a depth of 100 ft. on a line parallel to 1st avenue; and

WHEREAS, the applicant states that part of lot 8 was permitted to be used as a parking lot for more than 5 motor vehicles under a variance granted by the Board under Cal. No. 413-51-BZ and certificate of occupancy No. 40064 was issued on July 10, 1952 for the use of this lot as part garage and the 48th street part as a parking lot with a ten square foot sign; that lots 14, 15, 16, 26, 34, 35 and 37 were permitted to be used as a parking lot for more than 5 motor vehicles under a variance granted by the Board under Cal. No. 233-54-BZ; that certificate of occupancy No. 29291 was issued on August 26, 1942 for the use of lot 16 as a gas station and parking lot; that certificate of occupancy listed for the area in Applic. 233-54-BZ is pending; and

WHEREAS, the applicant contends that the purpose of this application is to reopen Applic. 413-51-BZ and 233-54-BZ in order to extend the use of the entire area listed in the application, to maintain the existing gas service station and to provide a class 3, 10 ft. by 10 ft. attendant's shelter and to permit the erection of ten square foot sign attached to the fence on lot 8; that on 1st avenue, East 48th street, the land is used for parking purposes; that the need for parking facilities is great in this area and it is a service to the community to allow additional parking; and

WHEREAS, the applicant states that the present owners have held title to the property since March 1948; that the assessed valuation of land is \$1,512,000 and of the building \$2,500 making a total of \$1,514, 500; that the building was erected in 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 19, 1955, amending resolutions adopted under Cal. Numbers 413-51-BZ and 233-54-BZ, by adding thereto:

"that the additional premises proposed for parking, as indicated on plans filed with this application marked "October 13, 1955", 3 sheets, "March 7, 1956", 3 sheets, "April 19, 1956", 1 sheet and "May 25, 1956", 1 sheet, may be permitted for the parking and storage of motor vehicles in conjunction with the portion of the plot permitted by the resolutions above cited, on condition that the gasoline selling equipment shall be in an enclosure of fences, as indicated on plan marked "Received May 25, 1956"; that the same requirements as to surfacing of this additional area as required under the resolutions above cited shall be carried out and the fencing shall be continued as proposed, with a cyclone fence and privet hedge along First avenue and 48th street; that curb cuts may be as indicated on such plan; that during the term of this variance the premises shall be used for no other use except that of the two-story building facing 49th street, which may be continued as long as occupied by statutory tenant; that the coal tower building shall be removed; that where indicated along East 48th street at the building line there may be erected a Class 3 building not over 100 sq. ft. in area and one story in height for use solely as shelter and office for the attendants; that the parking

shall be only for motor vehicles of the pleasure car type, except that trucks may be parked on the 49th street side for a distance of not more than 50 ft. from 49th street, but not within 100 ft. of the lot line to the south; that such fire-fighting equipment shall be installed as the fire commissioner shall direct; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that any illumination shall be on pipe standards equipped with metallic reflectors, so arranged as to reflect toward the center of the premises and away from adjoining occupancies; that signs shall be restricted to those permitted by resolution adopted by the Board on June 15, 1955 and one additional similar sign, which shall not extend beyond the building line and shall not be illuminated, located at the new proposed entrance on East 48th street, such sign not to exceed 15 sq. ft. in area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

611-54-BZ

APPLICANT—George J. Rusciano, for Pietro Catino, owner.

SUBJECT—Application July 20, 1954—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, for a term of ten years, the maintenance of existing frame garages (formerly stables) to be used for more than three motor vehicles.

PREMISES AFFECTED—3222 Olinville avenue, east side, 170.69 ft. north of Burke avenue, Block 4595, Lot 8, Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Rusciano, William A. Giesen and Mr. & Mrs. P. Catino.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1¼ height district; Olinville avenue is in residence and business use, C area, class 1¼ height districts; Burke avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 30, 1954 acting on Alt. Applic. 763-49, reads:

"2. This dept. has no record for garages on premises. Garages for more than 3 passenger motor vehicles on a lot are unlawful. Article 2, Section 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.04 ft. frontage by 119.67 ft. in depth, irregular, on which is located a 2½ story frame dwelling and seven one-story frame structures used for storage of nine motor vehicles; that it is proposed to permit the continued use of the seven frame structures as garages for nine motor vehicles; and

WHEREAS, the applicant states that there is a 2½ story, 2 family frame dwelling located at the front of the property in question and the buildings for which this appeal is being made are as follows: two 2-car garages and one 1-car garage on the northerly lot line and four 1-car garages on the southerly lot line, all of frame construction; that the owner of the property purchased same on February 15, 1924 and states that the buildings were at that time used

MINUTES

as stables and that they were in existence and used as such prior to 1916; that the property was located outside the fire limits in 1916; and

WHEREAS, the applicant contends that the change of use from stables, which were a disagreeable nuisance and a health hazard, to garages improved the general conditions of the property and the immediate neighborhood; that the nearest public garage is located on White Plains avenue, approximately 3 blocks south of the property in question and there is a definite need for garage space in the neighborhood; that all of the vehicles now using the owner's garages would be forced to use the public streets for overnight parking if such space were not available; that since street parking is a nuisance and a hazard, it is obvious that the garage facilities provided are at least rendering a small contribution towards relieving street congestion and thus improving the condition; that the owner is over 70 years of age and has no income other than that received from the garages and a small apartment in his dwelling and if this means of supporting both himself and his wife is taken away, he would be forced to turn to a public agency for support; and

WHEREAS, the applicant states that the present owner has held title to the property since February 15, 1924; that the assessed valuation of land is \$7,500 and of the buildings \$2,000 making a total of \$9,500; that the buildings were erected prior to 1915; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was as appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variance in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of five years from the date of this resolution to permit the continuance of the frame garages as proposed and as indicated on plans filed with this application marked "Received July 20, 1954", 3 sheets, on condition that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 612-54-A; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six months from the date of this resolution.

612-54-A

APPLICANT—George J. Rusciano, for Pietro Catino, owner.

SUBJECT—Application July 20, 1954—Appeal from a decision of the borough superintendent—re construction.

PREMISES AFFECTED—3222 Olinville avenue, east side, 170.69 ft. north of Burke avenue, Block 4595, Lot 8, Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Rusciano, William A. Giesen and Mr. & Mrs. P. Catino.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated June 30, 1954 on Alt. App. 763/49 reads:

"3. Frame garages are unlawful within fire limits, and said garages must be separated from each other by at least 6 ft. 0 in. of open space. Sections 4.1.2. and 4.1.4." and

WHEREAS, the applicant states that the buildings are one story, 10 ft. average in height, of class 4 construction, 18 ft.

by 20 ft.; 20 ft. 8 in. by 20 ft.; and 10 ft. 8 in. by 20 ft.; and 10 ft. 3 in. by 21 ft. in area, respectively erected prior to 1915 and used and occupied since 1929, as private garages for which no certificate of occupancy was issued; and

WHEREAS, Violation No. C878/50 was issued April 11, 1950 for erecting wood frame structures creating garages for nine motor vehicles without obtaining a permit; this violation superseded violation 202/47; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates' Court July 20, 1954 on a charge of violation of the Building and Administrative Code; and

WHEREAS, the applicant states that the frame garages in question were originally stables at which time the property was located outside the fire limits where frame construction was permitted; that the change of use from stables to garage is less hazardous; that the buildings have been kept in constant repair and any costly change in construction at this time would result in a financial hardship to the owner and defeat the purpose of this appeal; and

WHEREAS, the applicant requests that this appeal be granted in conjunction with application for zoning variance filed under Cal. No. 611-54-BZ so as to permit the continued use of these buildings for a period of ten years; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated June 30, 1954, acting on Alt. App. 763/49, Objection 3, be and it hereby is modified and that the appeal be and it hereby is granted on condition that the buildings shall not be increased in height or area; that they shall be used only as proposed and as permitted by resolution adopted this day under Cal. No. 611-54-BZ; and that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct.

711-54-BZ

APPLICANT—Leonard F. Rothkrug, for Sam Tepperberg, owner (Empire Store Construction Co., Inc., lessee).

SUBJECT—Application August 20, 1954—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business use district, the proposed use of premises for light manufacturing (store fixtures), involving the use of power saws on wood, thus constituting a saw mill.

PREMISES AFFECTED—334 Lexington avenue, south side, 100 ft. west of Marcy avenue, Block 1803, Lot 41, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection and decision; hearing closed; then to June 12, 1956, for complete examination by the Department of Buildings and filing of new decision; and for the full vote of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; Marcy avenue is in a local retail use, B area, class 1½ height district; Lexington avenue is in business, manufacturing and local retail use, B area, class 1½ height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated July 21, 1954 acting on Alt. Applic. 2912-54, reads:

"1. Proposed use of premises, located within a business use district for light mfg. (store fixtures) involving use of power saws on wood constitutes a saw mill and is in violation of Art. 2 Sect. 4a-31 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 42 ft. 10-2/7 in. frontage by 100 ft. in depth, on which is located a three story building of class 3 and class 4 construction, 47 ft. 10-2/7 in. front by 100 ft. in depth; that it is proposed to use premises for light manufacturing (store fixtures) involving use of power saws on wood, thus constituting a saw mill; and

WHEREAS, the applicant states that the premises consist of a plot 43 ft. front on Lexington avenue by 100 ft. in depth on which is erected a two story brick building of class 3 construction used for the manufacture of store fixtures, and also an adjoining wood frame structure three stories and basement in height used in conjunction with the factory on the basement level for offices and for dwellings by three families on the floor above; that the basement of this structure is open at the rear and has been joined to the factory structure by the roofing over of the yard between them; that since it is proposed to separate the two structures by the removal of the roofed over yard and by restoring the rear enclosure wall of the frame building at the basement level, it is believed that it is proper to deal with the issues involved in each building separately; and

WHEREAS, the applicant states that the factory structure is designated as 334 Lexington avenue and is located on the easterly portion of the plot, having a frontage of 25 ft. on Lexington avenue, a depth of 100 ft., a width of 43 ft. along the rear lot line, of class 3 construction, two stories, 22 ft. in height, erected under N.B. 15 of 1891 as a two story brick structure, 25 ft. front by 25 ft. in depth, for use as a stable for horses and a carriage house; that the building was altered under Alt. 76-98 at which time, on the plot 25 ft. front by 100 ft. in depth, there was stated to be a 10 ft. high shed in addition to the two story stable; that the building was again altered under Alt. 4422-13 when the occupancy was changed to garage and light storage for use by the department of sanitation; that the building was again altered under Alt. 597-14 and certificate of occupancy No. 13920 issued March 15, 1946 on the basis of that alteration application as follows: "1st floor—light manufacturing of store fixtures; 2nd floor—office and light storage"; that attention is directed to Cal. No. 855-52-A, pending with the Board, an application by the borough superintendent to revoke the above certificate of occupancy; that one of the grounds for the revocation is that the use of the premises is as a saw mill; that it is believed that the present use of this structure for the light manufacturing of store fixtures is a permitted use in a business use district; that the use of power saws of small horsepower as an incidental operation to the manufacture of the end product is not in violation of section 4a(31) of the zoning resolution which prohibits "saw or planing mill or lumber yard"; that the cutting of small stock lumber can hardly be considered as having been placed in the same obnoxious category by the law makers as a saw mill or planing mill, with its huge piles of heavy tree trunks, sawdust mounds and noisy operation; and

WHEREAS, the applicant contends that there have previously been several non-conforming uses within this structure, the building having originally been erected as a stable, and there are many non-conforming uses on the block; that it is to be noted that if this building were placed in its same relative location on Lexington avenue between Marcy and Tompkins avenues, the next block, the uses would be allowed since the block is partly within an unrestricted use district; that there is a junk shop at 415 Lexington avenue, live poultry market at 394 Lexington avenue, carpet cleaning plant at 388 Lexington avenue, garage and gas station in block 1799, lot 64, coal and ice factory in

block 1804, lot 13; metal products factory in block 1803, lot 26; truck parking lot in block 1798, lot 76; junk yard in block 1798, lot 78; junk yard at 290 Lexington avenue; that many of the buildings within the affected area are in dilapidated condition and several have been demolished; and

WHEREAS, the applicant further contends that the existing certificate of occupancy is still in force since the department has failed to proceed diligently in its prosecution of the revocation; that the attorney for the owner has advised him that his intention was to appear in opposition to the application for revocation, but when he appeared in Magistrate's court in answer to a summons based on the zoning violation, the court warned him to make application to the Board or he would be faced with a heavy fine; that the attorney for the owner appeared in Magistrate's court on July 26, 1954, pleaded "not guilty" to the zoning violation and the case was adjourned for trial to the middle of August; and

WHEREAS, the applicant states that the present owner has held title to the property since March 19, 1946; that the assessed valuation of land is \$4,300 and of the building \$11,200 making a total of \$15,500; that the building was erected in 1881; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years, to permit the use of power saws within the building, as indicated on plans filed with this application, marked "Received August 20, 1954, 3 sheets, and "June 11, 1956," 2 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting equipment shall be installed and maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

712-54-A

APPLICANT—Leonard F. Rothkrug, for Sam Tepperberg, owner (Empire Store Construction Co., Inc., lessee).

SUBJECT—Application August 20, 1954—re Appeal from a decision of the borough superintendent—frame building, commercial use.

PREMISES AFFECTED—334 Lexington avenue, south side, 100 ft. west of Marcy avenue, Block 1803, Lot 41, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative: 4

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated July 21, 1954, on Alt. App. 2913/54 reads:

"1. Proposed change of use of basement of a 3 sty & basement Class 4 (frame) structure for commercial use (office) violates 2.1.3.5 of 4.2.1 of the bldg. code."

and

WHEREAS, the applicant states the building is 3 stories, 34 ft. in height, 42 ft. 10-2/7 in. front by 100 ft. in depth, Class 4 construction, erected in 1881 in a business use, B area, Class 1½ height district; used and occupied since 1946: basement—office (commercial) 5 persons; 1st floor—dwelling, 1 family; 2nd and 3rd floors combined, 1 family; proposed to be used and occupied: basement—office, 5 persons;

MINUTES

1st floor—dwelling, 1 family; 2nd and 3rd floors—combined, dwelling, 1 family; that the building is provided with one 2 ft. 8 in. wide wood stairs, wood enclosed, equipped with wood doors which are not self-closing; stairhall leads direct to street and is provided with ladder and scuttle to roof; and

WHEREAS, the applicant states the premises consist of a plot 43 ft. front by 100 ft. in depth, on which two buildings are located, one a 2 story brick, Class 3 construction used for manufacturing store fixtures, and the other an adjoining wood frame structure, 3 stories and basement, used in conjunction with the factory structure at basement level and for 3-family dwelling above; the basement of this wood frame structure is open at rear and joined to factory structure by roofing over the yard between them; and

WHEREAS, the applicant states that since it is proposed to separate the two structures by the removal of the roofed over yard and restoring the rear enclosure wall of frame building at basement level, it is felt it is proper to deal with the issues involved in each building separately; and

WHEREAS, applicant states the frame structure designated as 332 Lexington avenue has a frontage of 17 ft. 7 in. on a depth of 44 feet, is 3 stories and basement, 42 ft. in height, erected prior to 1907 when Alt. 185/07 was filed for the addition of one story on the then existing building and the occupancy proposed was for two families; and

WHEREAS, applicant states front wall for its full height is of brick construction; that cellar and basement ceilings are fire-retarded with ½ in. plaster boards and plaster; that the basement is now being used for office and storage conjunctively with the adjoining factory building; that the three upper floors are now used by three families as an unlawful multiple dwelling; and

WHEREAS, the applicant contends that although it might be established that the building was occupied by three families prior to 1940 and could lawfully be reclassified as a "heretofore converted multiple dwelling", it is proposed to discontinue the use of the 3d floor and revert the occupancy to two families by leaving the 3d floor vacant; and it is also proposed to remove the roof over the former vacant yard space at rear and restore a rear wall; and

WHEREAS, the applicant contends there will be no factory occupancy in any part of the structure; and

WHEREAS, applicant states there is an appeal filed under Cal. 855-52-A as an application by the Borough Superintendent to revoke Certificate of Occupancy #113920 issued March 15, 1946, affecting the occupancy of the adjoining building on the site; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the Committee noted that the basement is practically at grade and that the applicant proposes to remove the roof over the yard and keep the top floor vacant, limiting the residential occupancy to two (2) families.

Resolved, that the decision of the borough superintendent, dated July 21, 1954, acting on Alt. App. 2913/54, be and it hereby is *modified* as to Obj. No. 1 and that the appeal be and it hereby is *granted* as to the 3-story and basement building only, *on condition* that such building shall be used substantially as proposed and shall not be increased in height or area; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that at all openings between this building and the adjoining one under the same ownership and control, as passed on by the Board under Cal. 711-54-BZ, shall have lawful opening assemblies; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by resolution adopted by the Board this day under Cal. 711-54-BZ and the plans filed thereunder shall be applicable to this appeal.

890-54-BZ

APPLICANT—Irving A. Rudder, for Rose and David Koblenz, owners (David Koblenz, lessee).

SUBJECT—Application November 24, 1954—(decision of the borough superintendent) under sections 7i and 7f of

the zoning resolution, to permit in a business use district, the change of occupancy from 5 car storage garage, auto renting and driving school, to storage garage and motor vehicle repair shop and gasoline service station.

PREMISES AFFECTED—1106 Stebbins avenue, east side, 25 ft. south of East 167th street, Block 2691, Lot 77, Borough of The Bronx.

APPEARANCES—

For Applicant: Irving A. Rudder.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Stebbins avenue and East 167th street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated February 16, 1956 acting on Alt. Applic. 924-54, reads:

"1. Proposed use of motor vehicle repair shop and gasoline service station in a business use district is contrary to Art. II Sect. 4(16) & (29) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 85 ft. 4½ in. in depth, irregular, on which is located a five car storage garage and driving school and auto rental; that it is proposed to change occupancy from five car storage garage and driving school and auto rental, to storage garage and motor vehicle repair shop; and

WHEREAS, the applicant states that this application is presented in order to enable the owner and operator of this property to comply with all regulations and legalize his operations, without which this property could not be operated profitably; that the owner has applied to the State of New York for the establishment of a state inspection station for motor vehicles; that the proposed motor vehicle repair shop and gas station involves no alterations to the existing building; that a legally installed gasoline tank is presently in the premises; that the owner acquired title September 1, 1927 and a certificate of occupancy was issued January 13, 1928 to operate a five car garage and auto driving school and auto rental service; that in addition to this, in order to procure sufficient income from this property, the owner did ignition work and generator repairs and other types of motor repair work; that he also did a limited amount of gasoline servicing from his tank supply bought for the use of his own vehicles, in order that he have a sufficient turnover to maintain an account with the oil supplying companies; and

WHEREAS, the applicant contends that a motor vehicle repair shop and gas station today is an important accessory in a business neighborhood; that in this vicinity there are several similar uses of property in areas zoned as business; that on Union avenue, one block west of Prospect avenue, between 166th and 167th streets, there is a two story brick storage garage for more than five cars, including a repair shop and gas selling station; that this is in a business zone; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1, 1927; that the assessed valuation of land is \$7,000 and of the building \$13,000 making a total of \$20,000; that the building was erected January 13, 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution and that the presence of a gasoline pump within the building does not justify classification of this building as a gasoline service station and the records should be corrected accordingly.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i to permit the change of occupancy as proposed from auto renting and driving school to motor vehicle repair shop in conjunction with the storage garage, as shown on plans marked "Received November 24, 1954", 4 sheets, and June 23, 1955", one sheet, for a term of ten years, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that this grant is not for a gasoline service station; that the gasoline system now in the building may be retained for sale only to customers in the building and not to passing vehicles; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a new certificate of occupancy, within six months from the date of this resolution.

60-55-BZ

APPLICANT—Charles M. Spindler, for Morris Winick, owner.

SUBJECT—Application reopened March 6, 1955 and restored to docket—previously withdrawn—re (decision of the borough superintendent) under sections 7e, 7f, 7i and 7A of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, auto wash, motor vehicle repairs, storage and sale of accessories and office, with a business entrance (curb cut), show windows and signs nearer the residence use district than is permitted, all for a term of fifteen years.

PREMISES AFFECTED—1111-1113 Bedford avenue and 312-324 Gates avenue, southeast corner, Block 1812, Lots 7 and 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: Thaddeus E. Owens and Stanley W. Berman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating..... 3

Negative: Deputy Chief Connolly..... 1

THE RESOLUTION—

WHEREAS, on November 15, 1955 this application for a variance of the zoning resolution under sections 7e, 7f, 7i and 7A, to permit in residence and business use districts, the erection and maintenance of a gasoline service station, lubritorium, auto wash, motor vehicle repairs, storage and sale of accessories and office, with a business entrance (curb cut), show windows and sign nearer the residence use district than permitted, all for a term of 15 years was withdrawn without prejudice, in view of sale of subject property to a new owner; and

WHEREAS, the applicant requested reopening of this application; and

WHEREAS, this application was reopened on March 6, 1956 and set for hearing on April 10, 1956 at 10 A.M., subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956 for decision; premises having been previously inspected; then to April 24, 1956 for further consideration by the Board; hearing closed; then to May 29, 1956, for notices to be sent out to all owners in the area, subject to the regular procedure; then to June 12, 1956, for decision; hearing closed; and

WHEREAS, the premises and surrounding area were in-

spected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, i and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7f and 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received February 1, 1955," 2 sheets, "May 25, 1955", 3 sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises graded substantially to the grade of abutting streets, constructed and arranged as indicated on such plans; that the rear portion of the plot to the southeast shall be properly fenced but not used in connection with the gasoline station and shall be kept in neat condition at all times; that there shall be no cellar in the accessory building; that the accessory building shall be faced with face brick with stone trimmings, shall be arranged and constructed substantially as shown on such plans, except that the toilet rooms shall not have contiguous doors, and the building shall comply with the Building Code in all other respects; that pumps shall be of a low approved type, erected not less than 15 ft. from either street building line; that gasoline storage tanks shall be limited to ten approved 550 gallon tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that entrances shall be restricted to two curb cuts on Bedford avenue, where shown, each not over 18 ft. in width and two to Gates avenue, each not over 30 ft. in width; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that within the intersection there shall be erected a block of concrete not less than 12 in. in height extending for 5 feet along each building line from the intersection; that no curb cut shall be nearer than 5 ft. to a lot line as prolonged; that the wall of adjoining building shall be faced with masonry to a height of not less than 8 ft., subject to permission by the adjoining owner; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that under section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7A, where applicable, the curb cuts hereinbefore permitted may be allowed; that signs shall be restricted to permanent signs erected on the front of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting a post standard at the street intersection, for supporting a sign which may be illuminated, advertising the brand of gasoline on sale and permitting such sign at right angles to Bedford avenue and to extend beyond the building line for not more than four (4) feet and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

423-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Rose Epstein, owner.

SUBJECT—Application May 25, 1955—re (decision of the borough superintendent) under sections 7e, 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, high speed auto laundry, lubritorium, body and fender work, welding, incidental repairs, brake testing, wheel alignment, incidental painting and spraying, office and sales, parking of motor vehicles awaiting service with entrances closer to the residence use district than permitted.

PREMISES AFFECTED—70-11 to 70-19 Northern boulevard, and 32-62 to 32-70 71st street, northwest corner, Block 1166, Lot 37, Woodside, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; then to April 17, 1956, for inspection and decision; then to May 1, 1956 for applicant to file revised plans to provide adequate reservoir space; hearing previously closed; then to May 15, 1956, for applicant and the Construction Coordinator to file information as to site of housing development; laid over for decision; then to May 29, 1956, for applicant to investigate possibility of premises being taken for housing project; then to June 12, 1956, for applicant to investigate further as to possibility of housing project in the area; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Northern boulevard are in a business use, B area, class 1½ height district; 71st street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 29, 1955 acting on N.B. Applic. 826-55, reads:

"1. The proposed high speed auto laundry, gasoline service station, lubritorium, minor auto repairs, brake testing, wheel alignment, body & fender work, welding, incidental painting & spraying, office & sales & parking of motor vehicles awaiting service, in a bus. use district is contrary to Art. 2 Sec. 4(29) (46) (52) of Zone Res.

2. Entrances on 71st St. are contrary to Art 2 Sec. 7A of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a modern high speed auto laundry and gas station consisting of eight 550 gallon gasoline tanks and four dispensing pumps; that the contemplated building will be one story in height, of class 3 construction, having a frontage of 70 ft. and a depth of 46 ft. 8 in. and contain the conjunctive uses of high speed auto laundry, lubritorium, minor auto repairs, brake testing, wheel alignment, body and fender work, welding and incidental painting and spraying, office and sales and parking of motor vehicles awaiting service; that as of July 21, 1916 the premises were in an unrestricted use district and received its present use designation on July 31, 1947; that there is also pending before the city planning commission a change in the height designation; and

WHEREAS, the applicant contends that the proposed building will be highly modern in design and a definite improvement to the area; that Northern boulevard is a heavily trafficked auto lane and as such the proposal is entirely within keeping at this point; that there are many non-conforming uses within the affected area as follows: block 1166, lot 49—gas station; block 1242, lot—gas station; block 1243, lots 1 and 6—gas station; block 1244, lot 1—gas station; block 1245, lot 1—gas station; that with the many gas stations in the affected area Northern boulevard has lost its purely business aspect as far as zoning is concerned and the high assessed value of the property makes it mandatory for the owner to develop this site as proposed; that the large undeveloped area north of Northern boulevard does not require stores at this point; that the proposed curb cuts on 71st street are required for efficient operation of the proposal and cannot affect undeveloped 71st street; and

WHEREAS, the applicant states that the present owner has held title to the property since December 27, 1955 and that the assessed valuation of land is \$17,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years to permit the premises to be occupied as a gasoline station and high speed auto laundry substantially as proposed and as indicated on plans filed with this application marked "Received May 25, 1955", 3 sheets, "Received February 14, 1956", one sheet and "April 24, 1956", one sheet, *on condition* that the premises shall be leveled substantially to the grade of Northern Boulevard and 71st Street and shall be constructed and arranged as indicated on such revised plans marked "Received April 26, 1956"; that the laundry and accessory building shall be located where thereon shown; that there shall be no windows in the laundry wall opening to the adjoining premises to the north and west; that from the laundry wall to the building line of 71st Street there shall be masonry wall of brick not less than 5 ft. 6 in. in height; that there shall be no cellar under the accessory buildings; that the accessory building shall be of the design and arrangement as thereon shown and faced with face brick with stone coping; that along the side lot line to the west from the wall of the accessory building to the building line of Northern Boulevard there shall be erected a masonry wall not less than two feet in height with a steel picket fence erected thereon to a total height of 5 ft. 6 in., and such walls shall have substantial terminating posts; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Northern Boulevard; that the number of gasoline storage tanks shall not exceed eight 550 gallon approved tanks; that the balance of the premises where not occupied by the laundry and accessory building and pumps shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts to Northern Boulevard each not over 30 ft. in width and one curb cut of similar width to 71st Street and one curb cut for entrance to the laundry not over 15 ft.; that signs shall be restricted to permanent signs attached to the laundry building and to the accessory building, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that within the intersection there shall be erected a block of concrete extending for a distance of not less than 5 ft. along either building line, and not less than 12 ins. in height; that under Section 7i there may be minor repairing, for a similar term, with hand tools only for adjustments maintained within the accessory building; that under Section 7A, curb cuts where such restrictions are applicable, may be permitted; that such portable fire fighting equipment shall be maintained as the Fire Commissioner shall require and that all permits shall be obtained, and a certificate of occupancy shall be obtained, within the requirements of Section 22A of the Zoning Resolution.

508-55-BZ

APPLICANT—John J. Tricarico, for Joseph Fanto, owner.

SUBJECT—Application June 21, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto laundry, minor auto repairs, storage for 5 commercial vehicles.

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 16th avenue are in a business use, C area, class 1 height district; 58th street is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 15, 1955 acting on N.B. Applic. 1171-55, reads:

"1. Proposed building and premises in a Business zone, to be used for Gasoline service station, auto laundry, auto repairs (minor) and storage of (5) five commercial vehicles is contrary to Article II, PP. 4a, subdivision 5, 29 & 46 of the Zoning Resolution.

2. Proposed business entrances within 75' of a Residence zone in a transition from non-Residential use is contrary to Article II, PP. 7-A of the Zoning Resolution.

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to secure a variance for a period of 15 years in order to erect a modern gasoline service station consisting of four 550 gallon gasoline storage tanks and two dispensing pumps; that the proposed accessory building having a frontage of 40 ft. and a depth of 40 ft. and 70 ft., one story in height of class 3 construction, will contain the conjunctive uses of lubrication, car wash, minor auto repairs, office and sales and storage and a garage for 5 commercial motor vehicles; that the proposed accessory building will be of brick construction, highly modern in design; and

WHEREAS, the applicant contends that 16th avenue, although zoned for business, has lost its business character at this point due to many commercial type buildings located within this area; that 58th street, east of 16th avenue is a dead end street due to the Long Island freight railroad right of way; that this plot was purchased on November 23, 1954 from the City of New York and at that time was given assurance that the plot was located in an unrestricted zone and that a gas station could be legally erected; that 16th avenue is a main auto lane and as such the proposal is entirely in keeping at this point; that there is a definite need for a service station and auto laundry in this area; that the land is high in assessed value and it is mandatory that it be developed with a use in keeping that would render the owner an equitable return on his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since November 23, 1954 and that the assessed valuation of land is \$6,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f and i of the zoning resolution; and

Resolved, that the decision of the borough superintendent, acting on N.B. App. 1171-55, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

630-55-BZ

APPLICANT—Francis H. McGrath, for Henor Realty Corp., owner.

SUBJECT—Application July 28, 1955—re (decision of the

borough superintendent) under section 7h of the zoning resolution, to permit in a residence and restricted retail use district, the parking of more than 5 cars.

PREMISES AFFECTED—73-83 Henry street and 92 Orange street, southeast corner and 89-93 Pineapple street, Block 227, Lots 5-10, 13 and 32-34, Borough of Brooklyn.

APPEARANCES—

For Applicant: Francis A. McGrath.

For Opposition: Eugene K. Zimmerman and Sidney F. Strongin.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for further consideration hearing closed; with the right to reopen the hearing for further public appearance reserved by the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and restricted retail use, B area, class 2 height districts; Henry street is in a restricted retail use, B area, class 2 height district; Orange street and Pineapple street are in restricted retail and residence use, B area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 13, 1955 acting on Alt. Applic. 2385-55, reads:

"3. The proposed parking of cars located partly in a restricted retail and partly in a residential district is contrary to Art. II Sec. 3 and Art. Sec. 4-B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 132 ft. 10 in. frontage by 142 ft. 6 in. in depth, irregular, on which are located 4 and 5 story multiple dwellings, some containing stores; that it is proposed to demolish said buildings and maintain premises as a parking lot; and

WHEREAS, the applicant states that the plot is irregular and has frontages on three streets as follows: 95 ft. 3-3/8 in. on Orange street; 132 ft. 10 in. on Henry street and 75 ft. 2 in. on Pineapple street; that it contains 10 tax lots and comprises approximately 1/2 of block 227; that the corporate owner of the premises is an affiliate of the Hotel St. George, which occupies all of block 231 diagonally opposite the block in question; that another affiliate of the said hotel owns an existing parking lot in said block 227, located at the northwesterly corner of Pineapple and Fulton streets, occupying a plot approximately 99 ft. on Pineapple street and 94 ft. on Fulton street (lots 25 and 29); that it is intended ultimately to establish in all or most of block 227 a 4 or 5 story parking garage for more than 150 motor vehicles and to operate a heliport on the roof of said parking garage; and

WHEREAS, the applicant states that prior to July 28, 1952 the entire area from Fulton street westerly to a point 100 ft. west of Henry street was zoned for business use; that on that date the City Planning commission rezoned the area 100 ft. on each side of Henry street as restricted retail and the balance residential; and

WHEREAS, the applicant contends that the proposed use would be temporary pending complete formulation and approval of plans for the ultimate development of the entire block; that the proposed use would provide an area of approximately 22,000 sq. ft. of sorely needed parking space in the downtown Brooklyn area adjacent to the Brooklyn civic center and off street parking for guests registered in the hotel; that at present there are erected on the premises 4 and 5 story multiple dwellings, some containing stores; that the buildings have long since outlived their usefulness and are occupied for the most part as furnished

MINUTES

rooming houses in which slum conditions obtain; that it is intended during the pendency of this application, insofar as possible, to demolish said buildings and eliminate the slum conditions; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1955; that the assessed valuation of land is \$128,000 and of the buildings \$46,500 making a total of \$174,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied substantially as proposed for the parking of cars of the pleasure car type only, as indicated on plans filed with this application, marked "Received April 5, 1955", 2 sheets and "July 28, 1955" 2 sheets, *on condition* that all buildings on the site shall be removed promptly and the plot leveled substantially to the grade of adjoining streets, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all exterior lot lines a woven wire fence of the chain link type, not less than 5 ft. 6 in. high with no openings therein except one to Henry street, one to Orange street and one to Pineapple street, where shown, not exceeding 15 ft. in width each with curb cut opposite of similar width; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to one at each entrance as above stated, attached to the fence at each entrance, not illuminated and not extending beyond the building line, advertising the parking use for patrons and employees of the hotel St. George, the rates charged, and such other information as may be required by the Commissioner Licenses; that there shall be an attendant on the premises from 10 A.M. to 2 A.M.; that lights for general illumination shall be on post standards with metallic reflectors so arranged as to reflect toward the center of the premises and away from adjoining occupancies; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon except there may be a building not over 100 sq. ft. in area and one story in height, of Class 3 construction, erected near one of the entrances for use as office and shelter for the attendant; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

665-55-BZ

APPLICANT—Henry Nordheim, for Jovel Realty Corp., owner.

SUBJECT—Application August 16, 1955—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the proposed change of occupancy from vacant cellar and 4 metal garages at street level, to motor vehicle repair shop in cellar and 4 metal garages at street level.

PREMISES AFFECTED—164 West Kingsbridge road and 2669 Kingsbridge terrace, northwest corner, Block 3240, Lot 59, Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim and R. J. Casey.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1¼ height district; West Kingsbridge road and Kingsbridge terrace are in local retail and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 10, 1955 acting on Alt. Applic. 498-55, reads:

"1. Proposed occupancy of four metal garages and motor vehicle repair shop in cellar is contrary to Art. II, Section 3 of the Zoning Resolution in a Residence District."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a one story building of class 3 and class 5 construction, 36 ft. 8 in. front by 45 ft. in depth, and 4 metal garages; that it is proposed to maintain a motor vehicle repair shop in cellar and occupy 4 garages at street line; and

WHEREAS, the applicant states that the location of this site was in a business district from July 25, 1916 to April 28, 1954 and on April 29, 1954 it was changed to residence use; no change in height or area districts; and

WHEREAS, the applicant states that on this site is a cellar with a concrete ceiling over which 4 metal garages were erected, accommodating 20 cars; that the cellar area, including the walls, is 2300 sq. ft. which is less than half of the size of the lot, the lot being 5600 sq. ft. in area; that in this cellar it is proposed to do motor vehicle repairing consisting of engine work, front and rear axle and all electrical work pertaining to a car; that there will be no body and fender repairing and no painting; that the structure with the garages were erected between June 3, 1924 and September 26, 1924 and certificates of occupancy Nos. 886, 887, 1770 and 1771 were issued for the garages and certificate of occupancy No. 1772 was issued for the basement showing that the cellar occupancy was to be occupied for plumbing supply and storage; that at the time this structure was erected the site was located in a business use district and therefore the commercial use conformed to the district designation granting that garages for rent are, or is a commercial use and that the repairing of motor vehicles is also a commercial use; and

WHEREAS, the applicant further states that during the years from 1924 this cellar was variously occupied up to December 30, 1954 and is now vacant; that from October 1, 1924 it was occupied for supplies and storage of plumbing; from 1926 up to 1934, a motor vehicle repair shop; commercial bakery up to 1938; a hotel supply company up to 1944; motor vehicle repair shop up to 1947; fountain pen manufacturer up to 1950 and finally a carpet cleaning company up to February 15, 1955; that the property has remained vacant since that date; and

WHEREAS, the applicant contends that prior to 1938 very little attention was paid to the matter of certificates of occupancy but on the enactment of the new building code the matter took on a new importance, except as to these premises wherein all occupancies existed without any action by the department charged with that responsibility from 1927, when a different type of occupancy was established in the cellar than was cited on the existing certificate of occupancy; that while the site was in a business district some of these occupancies were of conforming type and some were not, but the fact remains that the structure is a commercial proposition and relief is sought to make the premises show a profit; that the assessed valuation is \$18,000, which is high when considered there is nothing but a cellar and 4 metal buildings, that it may be noted from the occupancies cited that most of them were of short duration with the exception of the motor vehicle repair use, one of which lasted 8 years and the other 3 years;

MINUTES

that there is a ramp on the northerly side of the premises leading from West Kingsbridge road and it seems evident that the cellar was intended to serve a trade where vehicles would be concerned; that the owner now has the opportunity of renting the cellar to two motor vehicle repair men but cannot do so without a proper certificate of occupancy and it is therefore requested that the Board grant a variance for some type of occupancy where the premises are now non-conforming; and

WHEREAS, the applicant states that the present owner has held title to the property since July 1, 1951; that the assessed valuation of land is \$12,500 and of the building \$5,500 making a total of \$18,000; that the building was erected June 3, 1924; and

WHEREAS, the law has required the issuance of a certificate of occupancy of all premises established after 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 498-55, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

667-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Lester L. Byck, owner.

SUBJECT—Application August 18, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G area district, the maintenance of an illegally existing porch within the required setback from Main street.

PREMISES AFFECTED—141-49 Coolidge avenue and 82-11 to 82-19 Main street, northeast corner, Block 6639, Lot 51, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application June 12, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Main street and Coolidge avenue are in a residence use, G area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 26, 1955 acting on Alt. Applic. 822-55, reads:

"1. The front yard on Main St., for the proposed porch, is contrary to Art. 4 Sec. 16B(f) of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 54.23 ft. frontage by 100.01 ft. in depth, irregular, on which is located a two story residence of class 4 construction, 45 ft. front by 31 ft. in depth, 21 ft. 7 in. in height; also a one car garage; that it is proposed to legalize the present illegally existing sun porch; and

WHEREAS, the applicant states that as of July 25, 1916 the site was in a class D area district and was placed in a class E area designation on January 17, 1929 and further received its present area designation on July 19, 1943; and

WHEREAS, the applicant states that the premises are presently developed with a two story frame building having a frontage of 45 ft. and a depth of 22 ft. erected under N.B. 1338-1936 and occupied as a one family dwelling and one car garage; that certificate of occupancy No. 52381B was issued for a dwelling; that the premises are also developed with a one story frame extension at the rear of the building having a frontage of 9 ft. and a depth of 14 ft. 10 in. and used as a sun porch; that the sun porch was erected without a permit and it is proposed to legalize the present sun porch; and

WHEREAS, the applicant contends that the sun porch was erected 5 ft. back of the Main street building line in lieu of a required 15 ft. setback in the present G zone; that when the original building was erected in 1936 the site had a frontage of 58 ft. on Coolidge avenue and was an interior lot as shown by location given in application of N.B. 1338-36 and certificate of occupancy No. 52381B and the building fully complied with all requirements of an E zone as was the area zoning at that time; that thereafter Main street was cut through, the site became a corner and its frontage became 54.23 ft. and the building therefore, because of the diminished lot, set 1 ft. off the building line of Main street; that this was still a legal condition as the building was existing; that before the new Main street was cut through, the zone was changed to G, but the building was still legal for the same reason that it was an existing condition; that the building originally had a porch 5.93 ft. in depth and 48.92 ft. long, which extended 2.67 ft. over the building line of Main street when said street was cut through; that the porch covered under this application having a frontage of 9 ft. and a depth of 14 ft. and having a net area of 133.47 sq. ft. only replaces a similar porch and is a better condition for the present G zone, as the old porch had a greater area amounting to over 240 sq. ft. compared to the proposal of 133.47 sq. ft. and actually projected 2.67 ft. over the building line, whereas the proposal sets 5 ft. back of the building line; that the original porch was erected on filled in land and crumbled and thereafter the owner erected the new porch; that in addition to the main bulk of the building in question only setting 1 ft. back of the building line of Main street, the present building adjoining on lot 25 only sets 2 ft. 6 in. in back of said building line and the building diagonally opposite on lot 19 of block 6639 only sets 2 ft. back of the Main street building line; that the newly erected sun porch setting 5 ft. back of the building line in between two structures and opposite a third one, all in a G zone and all not complying with a required 15 ft. setback, is a far better condition and cannot possibly affect the character of Main street at this point; that Main street was cut through after the entire area was placed in a G zone, so that although Main street may have improved conditions for the Borough of Queens by bettering the city-wide traffic problem, it has only worked a hardship on the owner by making his lot a corner lot and thence coming under the setback regulations of a street for a corner lot; and

WHEREAS, the applicant states that the present owner has held title to the property since September 9, 1941; that the assessed valuation of land is \$4200 and of the building \$6220 making a total of \$10,400; that the building was erected in 1936; and

WHEREAS, the applicant stated the sun porch was in compliance with the zoning prior to the widening of Main street; and

WHEREAS, the Board found that the applicant has substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, to permit the continuance of the one-story sun porch not complying with the side yard requirements, as indicated on plans filed with this application, marked "Received August 18,

MINUTES

1955", 4 sheets, *on condition* that this portion of the building shall not be increased in height or area and shall be continued as a sun porch; that the house shall be continued as a single family use; that all permits and a certificate of occupancy in connection with the house use shall be obtained and all work completed within six months from the date of this resolution.

682-55-BZ

APPLICANT—Robert Gottlieb, for Luiga Cipriano, owner.
SUBJECT—Application September 2, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of pleasure type motor vehicles.
PREMISES AFFECTED—1400 Nelson avenue, east side, 119.29 ft. north of Boscobel avenue, Block 2873, Lot 13, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1¼ height district; Edward L. Grant highway is in a business use, D area, class 1¼ height district; Nelson avenue is in business and residence use, D area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 4, 1955 acting on Alt. Applic. 698-55, reads:

"1. In a Residence use district the proposed "Parking and Storage of pleasure type motor vehicles" is contrary to Sect. 3 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 45 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to use said premises for the parking and storage of pleasure type motor vehicles; and

WHEREAS, the applicant states that the premises consist of a vacant plot 45 by 100 ft. adjoining 30 by 100 ft. on which is a 3 family frame house occupied by owner of both parcels; that the zone is residential; that the owner has for the past many years used the lot to park about 4 or 5 cars on it; that a curb cut permit was obtained in July 1934, No. 13773, and in 1947 and 1948 parking lot permits were received from the department of licenses; that no application has ever been made to renew them; that as there is a definite need for parking facilities and as the lot is all leveled off and fenced in, this application is made under section 7h to permit for a term of five years the proposed use of the lot for parking and storage of pleasure type automobiles; and

WHEREAS, the applicant contends that the east side of Nelson avenue and the east and west sides of Shakespeare avenue (1 block east) and the east side of Plimpton avenue (1 block west) are built up with large 6-story apartment houses, none of which have parking or garage facilities; that except for two small parcels, block 2874, lots 55-56 and 40-41, this is the only vacant lot available for parking; and

WHEREAS, the applicant states that the present owner has held title to the property since June 25, 1934 and that the assessed valuation of land is \$9,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the

premises are now being used for parking and have been fenced in; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does here *make a variation* in the application for the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the parking and storage of motor vehicles of the pleasure car type only, substantially as proposed and indicated on plans filed with this application, marked "Received September 2, 1955", 2 sheets, *on condition* that there shall be erected on the street building line and all interior lot lines a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that such fence may be omitted where walls of adjoining buildings occur on the lot line; that there shall be no openings in such fences except one to Nelson avenue, not over 12 ft. in width, which shall be fitted with a gate, and with a curb cut opposite not over 15 ft. in width; that the premises shall be graded with clean gravel or steam cinders, treated with a binder and properly rolled; that bumpers shall be maintained for protection of fences, as indicated on such plans; that signs shall be restricted to one sign attached to the fence at the entrance, not illuminated and not extending beyond the building line, advertising the parking use, the rates charged and such other information required by the Commissioner of Licenses; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon; and that all permits, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

924-55-BZ

APPLICANT—Fred C. Dahlem, for Drebuze Realty Corp., owner.

SUBJECT—Application November 18, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the proposed parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—31-35 Monroe street, north side, 139 ft. 9 in. west of Market street, Block 276, Lots 16, 17 and 18, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred Dahlem.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1½ height district; Monroe street and Market street are in residence and retail use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 17, 1955 acting on Alt. Applic. 749-55, reads:

"1. Proposed parking lot for more than five motor vehicles in a Residence use district is contrary to section 3 of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, on which is located an old law tenement, premises 31-35 Monroe street; that this building is to be demolished as soon as the last of the tenants move out; that proceedings have been taken for their eviction; that premises No. 33 Monroe street is a vacant lot; and

WHEREAS, the applicant contends that the lots will be properly graded and surfaced and fenced in a manner which will satisfy the Board and any conditions which the Board deems fit to impose will be met, in order to enhance the appearance of the neighborhood; that this neighborhood is thickly populated with old law tenements and Knickerbocker village across the street; that facilities for off street parking and storage of motor vehicles is in great need and demand; that at present costs the plot is too small to develop for apartment house use; and

WHEREAS, the applicant states that the present owner has held title to lot 16 since January 24, 1955; lot 17, January 7, 1955; lot 18, January 24, 1955; that the assessed valuation of land is \$38,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found the buildings were being removed, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only, substantially as proposed and indicated on plans filed with this application, marked "Received November 18, 1955", 3 sheets, and "April 5, 1955", 1 sheet *on condition* that all buildings and uses shall be removed from the premises and the site leveled substantially to the grade of Monroe street, covered with steam cinders or clean gravel, treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur, a woven wire fence of the chain link type, not less than 5 ft. 6 in. wide, with no openings therein except one to Monroe street, which shall be fitted with a gate, and with curb cut opposite not less than 15 ft. in width; that bumpers shall be maintained on the side lot lines for protection of fences; that the sidewalk and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a sign attached to the fence at the entrance, not over 15 sq.ft. in area, not extending beyond the building line and not illuminated, advertising the parking and storage use, the rates charged and such other information required by the Commissioner of Licenses; that during the term of this variance the premises shall be used for no other use; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

983-55-BZ

APPLICANT—Henry George Greene, for Isaac Jaffess, owner. (Jess Gelb, lessee).

SUBJECT—Application December 14, 1955—(decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the proposed extension of an existing gasoline service station to include gasoline service station, lubritorium, car washing, car repairs, sales area, utility room and parking of patrons' cars.

PREMISES AFFECTED—261-265 Nagle avenue, 3822-3830 10th avenue and 501-505 West 204th street, entire block, Block 2216, Lot 58, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy and J. Gelb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; applicant to file revised plans, eliminating car washing and parking of patrons' cars; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Nagle avenue are in a business use, B area, class 1¼ height district; 10th avenue is in business and unrestricted use, B area, class 1¼ height districts; West 204th street and West 205th street are in business and residence use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 29, 1955 acting on N.B. Applic. 186-55, reads:

"1. Proposed new building for gasoline service station, lubritorium, car washing, car repairs, sales area, utility room and parking of patrons cars is an extension of an existing gasoline service station, located in a Business District and is contrary to Sec. 4a, subdivision (15)(29)(46) Art. II Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 100 ft. 4⅞ in. frontage by 70 ft. 3¼ in. in depth, irregular, on which is located a gasoline service station, lubritorium, car repairs, sales area and storage; that it is proposed to rebuild and extend the existing gasoline service station to include gasoline service station, lubritorium, car washing, car repairs, sales area, utility room and parking of patrons' cars; and

WHEREAS, the applicant contends that the subject premises is presently used as a gas station and has been so occupied since prior to May, 1925; that it is in a bad state of disrepair, and rather than merely rehabilitate the present structures and continue operating in inferior quarters, it is intended to rebuild the entire station, which would greatly improve its attractiveness and result in a much more efficient operation; that recently there was a fire of major proportions at these premises; that the main structure was substantially destroyed and a violation has been placed on the premises by the building department; that since the situation is an extreme one and action is urgent the Board is requested to consider restoring the premises in accordance with plans submitted with the appeal rather than rebuilding the station to the condition it was in prior to the fire; and

WHEREAS, the applicant states that the present owner has held title to the property since May 27, 1925; that the assessed valuation of land is \$36,000 and of the building \$6,500 making a total of \$42,500; that the building was erected prior to 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted that the building is now being restored after the recent fire, presumably in accordance with the revised plans; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully existing gasoline service station to be reconstructed after the recent fire substantially as proposed and as indicated on plans filed with this application marked "April 6, 1956", 2 sheets, and "June 7, 1956", 3 sheets, *on condition* that all buildings and uses not proposed to be retained shall

MINUTES

be removed and the premises reconstructed and rearranged as indicated on such drawings; that the curb cuts shall be restricted to two curb cuts to 10th Avenue located where shown, not over 20 ft. in width and two curb cuts to Nagle Avenue, one 30 ft. in width and one 40 ft. as shown, and one curb cut to West 204th Street not over 32 ft. in width, except that no curb cut shall be constructed so as to be nearer than five feet to a side lot line as prolonged; that the accessory building shall have no cellar beneath and shall be constructed and arranged as indicated on such plans and shall be faced with glazed brick as proposed and as shown; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that pumps shall be of a low approved type, erected not nearer than ten feet to the street building line of Nagle Avenue and 10th Avenue; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard near the north east corner of 10th Avenue for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Nagle Avenue for a distance of not more than four feet beyond the building line; that under Section 7i there may be, for a similar term, minor repairing with hand tools only for adjustment maintained within the accessory building; and that all permits shall be obtained, including a new certificate of occupancy, within six months from the date of this resolution.

214-56-BZ

APPLICANT—Roger Halle, for Colback Corp., owner. (Colonial Trust Co., lessee).

SUBJECT—Application March 19, 1956—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a retail and business use district, the proposed parking for bank patrons and employees and drive up deposit window, accessory to bank located on adjoining lot 14.

PREMISES AFFECTED—514-520 Bay Ridge Avenue and 6901-6903 5th Avenue, southeast corner, Block 5874, Lots 14-17 inclusive), Borough of Brooklyn.

APPEARANCES—

For Applicant: Roger Halle.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bay Ridge Avenue are in retail and residence use, C area, class 1¼ height districts; 5th Avenue is in a retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated March 13, 1956 acting on Alt. Applic. 338-56, reads:

"1. On a lot located partly in a retail use district and partly in a residence use district the proposed "Parking for bank patrons and employees and drive-up deposit window to bank" (accessory to bank located on S. E. corner of Fifth & Bay Ridge Avenues) is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. 7-7/8 in. frontage by 156 ft. 11-3/4 in. in depth, on which is located a bank building, on lot 14, which is not included in this application; instant application is for park-

ing lot and drive-up deposit window accessory to bank building; that it is proposed to construct a drive-up deposit window in the southeast wall of the bank on lot 14 (Alt. 2145-54); that banking operations will be performed at the drive-up deposit window between the bank teller and the occupant of the automobile parked opposite the drive-up window; that the vacant land will be used for the parking of bank patrons and bank employees cars, no fee to be charged; that the proposed use will be restricted to normal banking hours and a sign will be placed on the front fence, thus designating the use; that it is also proposed to pave and landscape the parking area and fences will be provided as indicated on drawings; and

WHEREAS, the applicant states that no area or height question is involved in this appeal; that the premises are located in retail and residence use, C area district and class 1¼ height district; that there was a change in use district from business to retail and residence on October 15, 1954 but no change in area or height district designations affecting these premises since July 25, 1916 and there is no petition pending before the City Planning commission for any change at this time; and

WHEREAS, the applicant contends that the granting of the variation hereby applied for would be in harmony with the general purpose and intent of the zoning resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since March 15, 1954; that the assessed valuation of lot 14 for land and building is \$130,000 and for the land for lots 15-17, \$9,500 making a total of \$139,500; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the premises, as proposed, to be occupied for the parking of motor vehicles belonging to the patrons and employees of the bank building on the lot adjoining, Lot 14, as indicated on plans filed with this application marked "Received March 19, 1956" 3 sheets, *on condition* that all buildings and uses on the plot proposed to be used for parking shall be removed and the premises shall be graded with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the interior lot lines, where walls of adjoining buildings do not occur, a masonry wall to a height of eight feet; that along the street building line of Bay Ridge Avenue there shall be erected a steel picket fence not less than 5 ft. 6 in. in height, with entrances on either side not over 12 ft. in width; that such entrances shall be fitted with gates which shall normally be kept closed when the parking lot is not in operation; that opposite such entrances there may be curb cuts not over 14 ft. in width; that signs shall be restricted to a permanent sign attached to the fence advertising the parking use for the customers and employees of the bank, and such other information as may be required by the Commissioner of Licenses; that the premises shall be used only for the purposes herein permitted and only during banking hours; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

347-56-BZ

APPLICANT—The Chase National Bank, owner.

SUBJECT—Application May 4, 1956—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a class 2½ height district, the erection of a tower covering 27.30% of lot with exterior walls facing Liberty and William Streets beyond the allowable setbacks as permitted by Section 9(d) of the zoning resolution.

PREMISES AFFECTED—28-40 Nassau Street, east side, block front, from Cedar Street to Liberty Street, 12-50 Liberty Street, 55-77 William Street and 30-44 Pine Street,

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 by the Board of Standards and Appeals after due notice by publication in the Bulletin of the Board; laid over, date to be set, for further consideration and decision—hearing closed; then set for June 12, 1956; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business and unrestricted use, B area, class 2½ height district and that all of the surrounding properties are in a B area, class 2½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 2, 1956 on N.B. App. 21/56 reads:

"1. The area of proposed new building tower exceeds that permitted in Sec. 9(d) Article III Zoning Resolution.

"2. The exterior walls of the northeast corner of the tower facing Liberty and William Streets extend beyond the allowable setbacks as permitted in Sec. 9(d) Article III Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot fronting 184.93 ft. on Nassau Street and 35.17 ft. on Cedar Street adjacent to Nassau Street and having a dimension of 410.06 ft. along Liberty Street, 139.85 ft. and 137.76 ft. on William Street, 34.81 ft. on Cedar Street adjacent to William Street and 237.26 ft. on Pine Street upon which it is proposed to erect 54 story and four mezzanine building, 805.95 ft. in height above legal grade at Nassau Street front with six stories below grade. Above grade the building will be 107 ft. 6 in. front by 281 ft. 6 in. in depth, of class one construction, used and occupied as an office and bank building; and

WHEREAS, the applicant contends that if it were possible to conform to the zoning resolution the owner would construct a structure on 100% of the plot, 10 stories without setback, and a tower above that indefinitely on the basis of 25% of the area of the plot; that it would leave no space for a plaza or outdoor space for the use of the applicant's employees and others in the surrounding area; that, however, the closing of Cedar Street and its conveyance by the City of New York to the applicant are predicated on the construction of a building of the type and size shown on the plans at the location indicated thereon with the entire development including a plaza; that the building will only occupy 27.3% of the entire plot, leaving 72.7% for a plaza, which will afford light and air and room for relaxation for the applicant's employees and for others in the area; that it will mean an excess of only 2.3% over the permissible area; that this excess is only 2,580 sq. ft. out of a plot of 112,082 sq. ft.; that the setback from Liberty Street at the northeast corner will be approximately only 13 feet in excess of that permitted above approximately 250 feet above street elevation; that the setback from William Street at the northeast corner of the building at this same elevation will be less than one foot in excess of that permitted; that the advantage to the surrounding area will greatly outweigh these slight variations; that the west end of the building along Liberty Street will be 21 ft. within the setback line and the south end of the building along William Street will be 8 ft. within the setback line; that if the average distance of the wall of the building from Liberty and William Streets is considered, the average setback

will be approximately 4 ft. farther from these streets than the resolution requires; that the space within the setback line which the building could but will not occupy, is 1,700,000 cubic feet; that the portion of the building which will project beyond the setback line averages only 8,750 cubic feet per floor; and

WHEREAS, the applicant states that its main office is spread throughout nine buildings located throughout the downtown area; that six of these buildings are on the southern block of the proposed project bounded by Cedar, William, Pine and Nassau Streets; that it is also using 150,000 sq. ft. in the Wanamaker Building for its main office operations; that it requires approximately 1,400,000 sq. ft. for its main offices at the present time without taking into consideration additional space in the future for expansion; and

WHEREAS, the applicant contends that it cannot legally erect a building on the block bounded by Liberty, William, Cedar and Nassau Streets, which will have sufficient space to house all of its main office operations unless the variance sought herein is granted; that it would have to erect two buildings, one on each block, or one on the entire property if required to comply with the Zoning Resolution; that this is not possible under existing conditions and even if it were possible, applicant would be faced with a tremendous physical and financial burden and hardship; that the applicant cannot move out of the buildings it occupies on the southern block because there is not enough office space in the city available for its needs; that even if space were available the cost and the job of moving would impose a tremendous practical difficulty and unnecessary hardship on the applicant; that if the applicant were required to move out of its existing offices on the southern block it would practically be out of business; that the applicant requires an area of 1,400,000 sq. ft. at the time of occupancy of the proposed building and a minimum of 25% of the area for future expansion or a total net area of 1,750,000 sq. ft.; that it is of vital importance to the efficiency of the applicant's main office operations that all components of its organization be housed in a single building; that the applicant's requirements are unique in this respect; that it was with this object in view that it acquired Block 45 to erect a building on that block which would fulfill its special requirements; that plans subsequently developed showed that a maximum net usable area of 1,212,000 sq. ft. suitable for the applicant's purposes can be provided on that block; that any additional space developed on that block would tend to diminish the efficiency of its operations; Block 45 has, therefore, proved inadequate for the applicant's requirements; that it is therefore respectfully submitted that compliance with the zoning resolution will impose practical difficulties and unnecessary hardships upon the applicant and the variation sought is in harmony with the general purpose and intent of the zoning resolution and will tend to secure the public health, safety and general welfare; and

WHEREAS, the Board found that in foregoing the erection of the building to the street line as permitted by the zoning resolution, the owner has left approximately 72.7% of his entire plot including Cedar Street which is being acquired from the City, all for the benefit and welfare of the area to provide open space and light and air; that the average, in the upper part of the tower, of approximately 700 square feet excess per floor out of 30,600 square feet per floor, commencing above the 10th story, is so comparatively small as to be substantial compliance with the Zoning Resolution; and

WHEREAS, the Board finds in view of the unique circumstances and the great benefit to the surrounding area and the overwhelming consents of owners in the area and the absence of objections, that the owner has substantiated a basis to warrant exercise of discretion to grant a variance of the height requirements and is therefore entitled to relief on the ground of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the height district regulations and the application be and it hereby is

MINUTES

granted under Section 21 of the Zoning Resolution, to permit the erection of the building as proposed and as indicated on plans filed with this application marked "Received May 16, 1956", 5 sheets, and "Received May 21, 1956", 1 sheet, on condition that the building shall in all other respects comply with the requirements of all laws, rules and regulations applicable thereto; that the building shall not be further increased in height or area; that the necessary amendment to the city map, the closing of Cedar street and the conveyance by the City of such portion of Cedar street as lies within the plot in question and the granting of a surface easement to the City for such portions of the plot surrounding the buildings as indicated on drawings L-2 filed with this application, shall be completed prior to the issuance of any certificate of occupancy for the proposed building and on the further condition that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:40 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 12, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 360-50-SA

Subject: Amendment to resolution as to additional trade names.

Automatic Burner Corporation, Chicago, Illinois, requested by letter dated March 6, 1956, that the resolution adopted October 17, 1950 and amended at various times through February 15, 1956 under Cal. No. 360-50-SA so as to permit the ABC Oil Burner Model 55A to be marketed under additional trades names. The application was reopened by a vote of the Board on April 10, 1956.

Recommendation

The Committee on Test recommends that the resolution adopted October 17, 1950 and as amended through July 7, 1954 under Cal. No. 360-50-SA be amended so as to permit the ABC Oil Burner Model 55A to be marketed under the following trade names; including those previously approved under Cal. No. 360-50-SA; Burnham Oil Burner, Model 55, Homer Oil Burner, Model 55, Comfortzone Oil Burner

Model 55, Norge-Heat Oil Burner, Model FOB 55, Radiation Oil Burner, Model 55, Richmond Oil Burner, Model P10A, P11A and P12A, Rybolt Oil Burner, Model 55, Certified Oil Burner, Model 55, Solar Flame Oil Burner, Model 55, Weil-McLain Oil Burner, Model 55, Cities Service Oil Burner, Model CS55, Kleen-Heet Oil Burner, Model 80, Fitzgibbons Oil Burner, Model 50 and Kewanee Oil Burner, Model 55. The Hess Company, Hess Oil Burner, Model 55. Ingersoll Steel Division, Borg Warner Corporation, Ingersoll Oil Burner, Model 55, Ko-Z-Aire Company, Ko-A-Aire Oil Burner, Model 55, Kiske Products Incorporated, Kensico Oil Burner, Model 55. Utica Radiator Corporation, Utica Oil Burner, Model 55. Dunkirk Radiator Corporation, Dunkirk Oil Burner, Model 55, International Heater Company of Utica, New York, under the trade name of International Economy and Economy 55AZ. The Coleman Company, Wichita, under the trade name Coleman Model 194-700, 194-705, 595-700, 592-700, 595-705 and 592-705 and by the Timken Silent Automatic Divisions of Timken Detroit Axle Company, under the trade name Silent Automatic Models 80-HOA, 996-HOA, 135-HOA, 148-HOA, 132-HOA and 90-HOA. The Crane Company, Chicago, Illinois, under the trade name of Crane Line Oil Burner, Models 4606, 4608, 4869, 4870 and 4871 and 4868. Jackson and Church under the trade name Jackson and Church Poweroil Model JC-55A and Power Oil Model 55-A. Rybolt Heater Company, under trade name of Rybolt Model 55A, Firewel Company under trade name of Firewel Burner Model 55A, Lycoming-Spencer under trade name of Spencer Heater Model 55A, National U. S. Oil Burner, Model 55A, Richmond Oil Burner, Models P10AA, P10AAE and P10AA3 and Carrier Oil Burner, Models 38M-175K-101, 38M-175K-201, 38M-105K-101, 38M-105K-201, 38M-140K-101, 38M-140K-201 and by Westinghouse Electric Corp. Air-Conditioning Division under the trade name Westinghouse Model 55A and by the H. B. Smith Company under the trade name Smith ABC Burner, on condition that the requirements of the resolution adopted October 17, 1950 under Cal. No. 360-50-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of October 17, 1950 in accordance with the above report.

395-52-SA

APPLICANT—Carrier Corporation, manufacturer.

SUBJECT—Application March 25, 1952—Carrier Corp. System Air Conditioners, Models 39H, S, T and U, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 395-52-SA

Subject: Carrier Corp. System Air Conditioners, Models 39 H, S, T and U.

The Carrier Corporation, Syracuse, New York filed March 25, 1952 an application with the Board of Standards and Appeals for approval of Carrier System Air Con-

MINUTES

ditioners, Models 39 H, S, T and U for use in New York City under the provisions of Article 18, Chapter 19, Administrative Code.

Purpose

These units are designed for year-round air conditioning use as part of central cooling and heating systems. Refrigeration and heat to be supplied from outside sources.

Description

Model 39H. The 39H units consist basically of a fan, selected cooling coil in casing and a condensate pan. Optional components are heating coil, by-pass damper section, filter section, humidifier, fan belt drive package, supporting legs and suspension brackets.

All parts of the casing are constructed of galvanized heavy gauge steel, ribbed and reinforced for structural strength and rigidity.

Fan Section. Available with vertical or horizontal air discharge. Optional motor mounting, right or left hand, top or front corresponding to fan discharge. Casing structure is 16 gauge galvanized steel reinforced with 16 gauge hat-section channels welded in place. All edges are formed interlocking to stiffen and support the weight and are secured with bolts. Standard 5/8 inch nuts are welded in for attachment of legs or ceiling suspension brackets.

Insulation consists of one inch of fibreglas wool blanket firmly cemented to the inner side of front, top and sides of fan casing and doubly secured by clamping at the bolted edge joints.

Fan wheels are of the forward curved blade centrifugal type. Maximum operating speed of fan and shaft assembly is always below critical speed. Three way adjustment of fan and shaft assembly provides for proper alignment of fan wheels in scrolls.

Condensate Pan. The 16 gauge galvanized pan serves as the bottom of the fan section. A 2 inch pipe nipple at each end is provided for drain connection. Access for cleaning is provided by a 6 inch detachable panel located in each end of the fan section just above the drain connection.

The base pan is insulated by a 1/2" fitted plastic waterproof sheet cemented to the inside of the pan.

Coil Section. The cooling coil stands in a vertical plane. The casing, containing the coil selected, is of 16 gauge galvanized steel fitted and bolted to the open side of the fan section. The coil casing with cooling coil is part of the basic 39H assembly. Space is provided in the coil casing for the inclusion of a heating coil if required.

Coil connections are reversible from right to left hand. Space is provided at each end of the casing for by-passing air around the coil. These spaces are blanked off with sheet metal panels for use when by-pass control is not employed.

Protection against drippage from dew formation on the underside of the coil casing is provided by an auxiliary pan that drains into the main condensate pan under the fan.

Cooling Coils. Coils are of the helically finned type. Coils have copper tubes with smooth non-corrugated fins of aluminum or copper. Copper finned coils are bonded by a solder coating for fin and tube. Aluminum fins are wound on solder coated tubes.

Coils for chilled water or brine are offered in 2, 3, 4, 5 and 6 rows in airway depth. Coils for direct expansion of halogenated hydrocarbon and Carrene 7 refrigerants are available in 2, 3, 4 and 5 rows. All direct expansion coils have solder type connections. Water type coils have threaded pipe connections.

Heating Coils. Heating coils are available for use with either hot water or steam, and for either low temperature or high temperature rise applications.

Heating coils have smooth helical fins, aluminum or copper, on copper tubes. Coils are fully reversible for right or left hand assembly.

By-Pass Section. An individual 16 gauge galvanized section is available for attachment to the upstream side of the coil section when by-pass control is used. Two opposite end dampers by-pass air around each end of the coil, with dampers between to throttle the air flow through the coil.

Dampers are of the clam shell throttling type. Damper operating linkage is located outside of casing for connection of damper motor.

Filter Section. Casing is of galvanized steel construction. Slides and end caps permit filter access at either right or left side, with compression devices to hold filters tightly together.

Suitable for 2" single use or cleanable type filters.

Humidifier. An accessory water spray humidifier is available.

Models 39 S, T and U. These units consist of a fan section and one or more additional sections according to functions required.

Base Pan Section. This section made of 12 gauge steel serves as a base structure and a drip pan. 2" pipe nipples on each end provide for right or left drain connections.

Cooling Coil Section. 12 gauge steel die formed ends are welded to side casing members forming an integral structure. Coil openings, with coverplates, provide for insertion of coil and pipe connections at either right or left end. Space for cooling coils up to 8 rows in depth is provided. Two end hand holes and one side panel provide complete access to drain pan and coil.

Cooling Coils. Coils have copper tubes with either aluminum or copper fins. Aluminum fins are wound on solder coated copper tubing. Copper fins are bonded by a solder coating of fin and tube.

Coils are in 4 and 6 rows for direct expansion of refrigerant and in 4, 6 and 8 rows for brine or chilled water. All water coils have threaded pipe connections.

Fan Section. May be used for either vertical or horizontal air delivery. Casing is of 13 gauge ends, 16 gauge sides integrally welded construction. Insulated internally with 1" of glass wool.

Fan wheels are of the forward curved blade centrifugal type. Speeds are below the critical of the shaft-wheel assembly. Shaft bearings are ball type sealed in self-aligning rubber pillow blocks and grease packed. Access to fans is by 2-bolt panel opening whole side of casing.

Filter Section. Contains filter slides suitable for low or high velocity commercial filters. End covers include compression member for holding filters together.

Heating Coil Section. An individual shallow casing for insertion before or after by-pass section. Same structure as other sections and made for right or left hand pipe connections.

Heating coils are made in 1 or 2 row units for steam and 2 row units for steam or hot water. Coils consist of helical fins of aluminum or copper on copper tubes.

By-Pass Section. An individual section of heavy gauge steel for use before or after the heating coil section contains both face and by-pass dampers. Dampers are felted, interlocking and tight, moving on externally placed ball bearings. Dampers have external crank arms linked together for connection to damper motor.

Humidifier. An accessory spray humidifier is available.

Additional Section for Model 39U ONLY. A separate section, for attachment normally directly to the end of the air duct fitting, but suitable for remote location. This piece contains a multiple of dampers (5 in the smallest 39U and 14 in the largest). Each damper is mounted on 1/2" shaft which turns in all bearings and consists of a cold air damper and fitted felted hot damper. All dampers are interconnected by cranks, arms and single bar.

Installation. Models 39H and 39 U are available for either ceiling or floor installation. Model 39S is for floor installation only, Model 39T for ceiling installation only.

Inspection and Test

All data submitted was examined at the offices of this Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the Carrier System Air Conditioners, Models 39H, S, T and U for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code provided that all electrical work will be in accordance with the Electrical Code of the City of New York and provided that when direct refrigerant expansion is employed the appliances will be installed in accordance with the requirements of Article 18, Chapter 19, Administrative Code and further provided that each such appliance will bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in the City of New York under Cal. No. 395-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

812-52-SM—Vol. II

APPLICANT—Duffy Concrete Products, Inc., owner.
SUBJECT—Application for consideration—reopened November 29, 1955 as to amendment to resolution as to greater loads for shorter spans—re Duffcon Concrete Plank; previously approved.

APPEARANCES—

For Applicant: Francis X. Duffy.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 812-52-SM—Vol. II

Subject: Amendment to resolution as to greater loads for shorter spans.

Duffy Concrete Products Corp., Tenaflly, New Jersey requested by filing an application dated November 7, 1955 that the resolution adopted June 2, 1954 under Cal. No. 812-52-SM—Vol. I be amended so as to permit the use of the plank with greater loads for shorter spans. The application was reopened November 29, 1955 under Cal. No. 812-52-SM—Vol. II.

Purpose

A reinforced concrete plank for floor construction.

Description

The plank differs from the approved plan only in so far as the reinforcing mesh. The approved plank having 3-12 and 7-11 for the 2" and 2¾" plank. The reinforcing in the requested plank is either 2 x 6—7-11 or 2 x 6—9-11 mesh.

The approved planks were limited to the following loads and spans:

2" plank—61 lbs. per sq. ft. superimposed load on a span of 7'-0" C to C or 6'-8" clear span.

2¾" plank—62 lbs. per sq. ft. superimposed load on a span of 8'-0" C to C or 7'-8" clear span.

On the basis of the engineering formula on the theory of the difference of the squares of the spans, the 2" plank would figure out to approximately 165 lbs. per sq. ft. on a 4'-0" clear span, and the 2¾" plank would figure out to approximately 145 lbs. per sq. ft. on a 5'-0" clear span.

Recommendation

The Committee on Test recommends that the resolution adopted June 2, 1954 under Cal. No. 812-52-SM—Vol. I be amended so as to permit the use of Duffcon Concrete Plank as a floor plank with spans and loads as follows: 2 inch plank—4'-0" clear span. Superimpose load 75 lbs. per sq. ft; 2¾" plank—5'-0" clear span. Superimposed load 75 lbs. per sq. ft. for use in New York City under the provisions of C26-620.1.b Administrative Building Code on condition that the requirements of the resolution adopted under Cal. No. 812-52-SM—Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
George F. Sklenarik
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of June 2, 1954 in accordance with the above report.

507-53-SM

APPLICANT—R. Guastavino Co., owner.

SUBJECT—Application June 17, 1953—Guastavino Akoustolith, approval of.

APPEARANCES—

For Applicant: Irving Berg.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 507-53-SM

SUBJECT—Guastavino Akoustolith.

R. Guastavino Company, Woburn, Mass., filed June 17, 1953 an application with the Board of Standards and Appeals for approval of the material known as Guastavino Akoustolith under the provisions of C26-88.0 and C26-198.0 Administrative Building Code.

Purpose

The material is to be used as a masonry acoustical material.

Description

The material, Akoustolith is a precast acoustical tile and is made of graded pumice, portland cement and inert pigments. The mix used is a 1;4 mix.

The tiles are ranged in size from 3" x 6" to 12" x 20" in 1" thickness, and from 3" x 6" to 24" x 48" in 1½" thickness, and the weight is 5 lbs. per sq. ft. The tiles are used primarily for interior work and is not recommended for exterior use.

When installed the tile may be either grouted in with cement grout or when used in conjunction with tile construction the akoustolith is laid directly on wood centering backed with terra cotta tile and is bonded to the terra cotta with portland cement grout; after grout has set the wood centerings are removed.

Inspection and Test

Various locations in which the material has been used were inspected by Asst. Engr. J. A. Darts Committee on Tests among the places inspected were Cathedral of St. John the Divine and Riverside Church. The material and type of construction were approved by the Supt. of Buildings July 23, 1897. The material is incombustible as defined under C26-88.0 Administrative Building Code.

MINUTES

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Akoustolith for voluntary use in New York City as an incombustible acoustical tile as having met the requirements of C26-88.0 Administrative Building Code, when installed as herein described on condition that each container in which the material is marketed shall be tagged stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 507-53-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
George F. Sklenarik
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

511-53-SM—Vol. I

APPLICANT—Joseph Platzker, for Busatti Products Corp., owner.

SUBJECT—Application for consideration—reopened July 20, 1954 as to amendment to resolution as to change in corporation name and additional use of Busatti Plaster—previously approved.

APPEARANCE—

For Applicant: Joseph Platzker.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 511-53-SM—Vol. I

Subject: Amendment to resolution as to change in corporation name and additional use of Busatti Plaster.

Joseph Platzger, for Busatti Plaster requested by letter dated July 1, 1954 that the resolution adopted January 12, 1954 under Cal. No. 511-53-SM be amended so as to permit additional useages of Busatti Plaster and also as to change in corporate name. The application was reopened by a vote of the Board July 20, 1954.

Purpose

The material is to be used as a finish coat on concrete ceilings.

Description

The material is the same material as approved by the Board as a component part of a one hour fireproof partition (combustible). There has been no change in the material.

Inspection and Test

Tests were conducted at Manhattan College, New York in the presence of Asst. Engr. J. A. Darts Committee on Test on January 18, 1956 to test the bond strength of $\frac{1}{8}$ " of the material when plastered to a concrete slab. The average load was 11 lbs. per sq. inch. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test, the Committee on Test recommends that the resolution adopted January 12, 1954 under Cal. No. 511-53-SM—Vol. I be amended so as to permit, for voluntary use, the material known as Busatti Plaster as a finish coat of $\frac{1}{8}$ " thickness on a concrete slab. This recommendation is in no way to be construed as an approval of this material to take the place of a regular finish coat

of plaster that is applied over the conventional "scratch" and "brown" coat of plaster but merely as a finish over concrete where plaster is not required.

The Committee further recommends that, as the applicant has submitted affidavits as to change in corporate name, the corporate name shall now be known as Busatti Corp. of America on condition that the requirements of the resolution adopted January 12, 1954 under Cal. No. 511-53-SM—Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
George F. Sklenarik
Assistant Engineer.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of January 12, 1954, in accordance with the above report.

607-54-SA

APPLICANT—Despatch Oven Co., owner.

SUBJECT—Application July 21, 1954—Commander Bake Oven (indirect gas-fired), Models 12, 18, 24, 32, 36 and 40, approval of.

APPEARANCES—

For Applicant: William H. Eckhard.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 607-54-SA

Subject: Commander Indirect Gas-fired Bake Ovens, Models 12, 18, 24, 32, 36 and 40.

Despatch Oven Company, Minneapolis, Minn., filed July 21, 1954 an application with the Board of Standards and Appeals for approval of the appliance known as Commander Indirect Gas-fired Bake Oven, Models 12, 18, 24, 32, 36 and 40, under the provisions of C26-191.0 and Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is a commercial oven for preparations of bread, rolls, cakes, etc.

Description

The frame of the oven consists of steel beams, channels and angles welded together. Each frame is so tied together that there is no through metal to metal contact. The entire product load, spiders, shaft, trays and drive are supported from the floor. The inner and outer walls are of No. 20 gauge steel.

The insulation between the inner and outer walls is 6" of Fiberglas.

The combustion chamber is located at the rear of the oven and is constructed of stainless steel.

The heating distribution flues begin at the end of the combustion chamber and run horizontally to each end of the oven, completely covering the bottom of the oven from front to back except for air ports between each flue.

The gas burner is of the Gun Type.

A protectoglo relay operates in conjunction with the control instruments. Relay will shut-off the burner valve if ignition of power fails. A photo cell externally mounted intersects the stable portion of the burner flame. operates the relay to shut down loading system in the event of shorts, open circuits, or flame failure. An air flow switch located in the suction side of the fan chamber assures

MINUTES

continued air movement protecting the combustion chamber, flues, fans, etc., from damage due to excessive heat.

The oven is also equipped with an automatic pilot which prevents the escape of unburned gas in the event of failure of pilot light. If the pilot light does go out, the main line supply valve is immediately shut-off and the burners can not be relit until pilot light is burning.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on Test. The appliance operated as designed and the controls functioned as required.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Commander Indirect Gas-fired Bake Oven, Models 12, 18, 24, 32, 36 and 40 (for preparations of bread, rolls, cakes, etc.) for use in New York City when constructed as herein described when installed in accordance with the requirements of Article 12, Chapter 26 Administrative Building Code on condition that each appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 607-54-SA."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

787-54-SM

APPLICANT—R. T. Curtis, for Lok-Products Co., owner.
SUBJECT—Application October 5, 1954—Drive-Lok, Strip-Lok, and Electro-Lok Suspended Ceiling System, approval of.

APPEARANCES—

For Applicant: R. T. Curtis.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 787-54-SM

Subject: Drive-Lok, Strip-Lok and Electro-Lok Suspended Ceiling System.

Lok-Products Company, Los Angeles, California filed October 5, 1954 an application with the Board of Standards and Appeals for approval of the Drive-Lok, Strip-Lok and Electro-Lok Suspended Ceiling System under the provisions of C26-461.0 Administrative Building Code.

Purpose

The material is a suspension system for acoustical ceilings.

Description

Drive-Lok System. This system is an exposed grid system of aluminum members designed for the support of rigid ceiling material such as acoustical tile, board, Fiberglas or any such incombustible acoustical tile.

The main carrying member is 6365T-5 aluminum alloy, having a flange width of 1" and a thickness of .0625 inches.

These channels are suspended from the 1½ inch carrying channels, 4'-0" on centers in each direction by means of clips.

The Strip-Lok system is a system so designed that the Tee runner is exposed in one direction only so as to form a strip pattern. The main difference between the Drive-Lok and the Strip-Lok is that the Strip-Lok requires tiles that are kerfed on two edges in order to receive the spline.

The Electro-Lok is a system designed to be used with the Drive-Lok. It consists of all necessary parts to provide rows of single, double, three or four slim line fluorescent lamps supported from the Drive-Lok main runner Tees.

Inspection and Test

The Drive-Lok and Strip-Lok were load tested in the presence of Asst. Engr. J. A. Darts Committee on Test.

The test on the Drive-Lok System was discontinued at a load of 20 lbs. per sq. ft. at which loading there was no sign of failure in any member. The test on the Strip-Lok was discontinued at 9 lbs. per sq. ft. as the maximum load recommended on this system is 1½ lbs. per sq. ft.

The Electro-Lok System has been approved by the Underwriters Laboratory under Electrical 27130.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Drive-Lok, Strip-Lok and Electro-Lok Suspended Ceiling System for use in New York City as a suspension system for the support of approved incombustible acoustical tile, Fiberglas on condition, the systems shall be suspended from hangers and carrying channels of a size and installed in accordance with the requirements of C26-461.0 Administrative Building Code and further that all electrical work used in conjunction with the Electro-Lok System shall comply with the requirements of the Electrical Code of the City of New York and that all plans filed with the Department of Buildings showing the proposed use of this system shall be labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 787-54-SM," and that containers in which the material is marketed shall be similarly marked.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer
George F. Sklenarik
Assistant Engineer

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

911-54-SM

APPLICANT—Michael Flynn Manufacturing Co., owner.
SUBJECT—Application November 15, 1954—Lupton ¾ Hour Test Steel Windows—(solid section windows of the fixed, pivoted and projected types), approval of.

APPEARANCES—

For Applicant: Harold F. Basil.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 911-54-SM

Subject: Lupton ¾ Hour Test Steel Window of the solid section, window of the fixed, pivoted and projected types.

Michael Flynn Manufacturing Company, Philadelphia, Pa., filed November 15, 1954 an application with the Board of Standards and Appeals for approval of the Lupton ¾ Hour Test Steel Window of the solid section, window of

MINUTES

the fixed, pivoted and projected type under the provisions of C26-649.0, C26-650, and C26-659.0 Administrative Building Code.

Purpose

The material is a 3/4 hour fire resistive steel window.

Description

The window consists of a fixed window or a fixed window with horizontal pivoted type ventilators and/or with bottom hinged open in ventilators and/or with projected out or projected in ventilators.

The steel used in the window is hot rolled steel with a nominal thickness of 1/8 inch and nominal depth of 1 3/8 inches.

The maximum single unit does not exceed 84 sq. ft. and the maximum single dimension shall not exceed 12'-0".

The ventilators when used as fire resistive windows have a maximum area of 3000 sq. inches with no one dimension exceeding 60 inches. The windows are glazed with 1/4 inch wired glass, held in place by glazing angles.

The locking hardware for the pivoted ventilators are of the stay bar type or a spring catch. The locking hardware for bottom hung open in or projected in vents are of the cam handle or spring catch type. The locking hardware for projected out ventilators are of the cam handle type.

Inspection and Test

Details of construction was examined by Asst. Engr. J. A. Darts, Committee on Test. The window was tested in accordance with the requirements of C26-585.0 and C26-586.0 Administrative Building Code at the Underwriters Laboratory under Retardant 2531. The window successfully met the test requirements.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Lupton 3/4 Hour Test Steel Window of the solid section window of the fixed, pivoted and projected types for use in New York City under the provisions of C26-649.0, C26-650, and C26-659.0 on condition that the windows shall be as herein described and that the windows bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. 911-54-SM."

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 270-55-SM

Subject: Natco SCR Brick.

Structural Clay Products Institute for Natco Corporation, Pittsburgh, Pa., filed March 21, 1955 an application with

the Board of Standards and Appeals for the material known as Natco SCR Brick, under the provisions of C26-424 and C26-443.0 Administrative Building Code.

Purpose

The material is a structural clay unit used in building construction.

Description

The brick is made in the same manner as the standard clay brick except that the size of this unit is 5 1/2" x 2 1/4" x 11 1/2" and the unit is cored vertically by means of 10 holes each 1 3/8" in diameter which is less than 25% of the total volume and is therefore classed as solid masonry unit.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts Committee on Test and sample units were identified and marked. The identified brick was tested at Pittsburgh Testing Laboratory and complied with the requirements of C26-307.0 Administrative Building Code.

Recommendation

On the basis of the inspection and test, the Committee on Test recommends the approval of the material known as Natco SCR Brick for use in New York City under the provisions of C26-443.0.c Administrative Building Code on condition that the bill of material, bill of lading or invoice shall be stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

318-55-SA

APPLICANT—M. T. Way, for Ray-Oil Burner Company, owner.

SUBJECT—Application April 14, 1955—Ray Combination Gas-Oil Burner, Model PC., approved of.

APPEARANCES—

For Applicant: Milton T. Way.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 318-55-SA

Subject: Ray Combination Gas-Oil Burner, Model PC.

M. T. Way for Ray-Oil Burner Company, California, filed April 14, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as Ray Combination Gas-Oil Burner, Model PC under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a combination gas oil burner for heating in domestic and commercial installations.

Description

The gas oil burner is fully automatic. There are no manual operations required except a switch to change instantaneously from one full to the other.

In the event of flame failure while burning oil or pilot failure while burning gas the control system cuts off the

MINUTES

fuel supply until the pilot is reestablished. As a further safety, the pilot must be burning before the main gas valve can be opened. The electronic safety control system consists of a flame rod and safety relay and a photocell or flame detector.

The fuel pump assembly includes a magnetic by-pass valve which permits pump to operate without discharging oil through the nozzle while burning gas.

When operating with gas, the oil supply cuts off. The gas enters the barrel through a ring manifold and nozzle system and is mixed under pressure with air for combustion.

The equipment included with the burner includes the following: Relay, gas ignitor pilot and flame rod, check valve, slow opening gas valve, oil flame detector, photocell mount, oil gas change over switch and air switch.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts Committee on Test at 42 Richmond Terrace, Staten Island, New York. Failures of various nature were simulated and the controls functioned as required. The appliance has been approved by the Underwriters Laboratories under File No. MP585.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Ray Combination Gas-Oil Burner, Model PC for use in New York City when manufactured as herein described and installed in accordance with the requirements of the Oil Burner Rules of the Board and Article 12, Chapter 26 Administrative Building Code on condition that the appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 318-55-SA." The Committee further recommends that this appliance shall not be installed in garages or places of explosive atmosphere.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

672-55-SM

APPLICANT—Jack Z. Cohen, for August Steindl, owner.
SUBJECT—Application July 26, 1955—August Steindl Pre-Cast Steps, (stone), approval of.

APPEARANCES—

For Applicant: Jack Z. Cohen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 672-55-SM

Subject: Steindl Pre-Cast Steps.

Jack Z. Cohen for August Steindl, Long Island filed July 26, 1955 an application with the Board of Standards and Appeals for approval of the material known as Steindl Pre-Cast Steps (cast stone steps) under the provisions of C26-178.0.B, C26-272.0, C26-305.0 and C26-468.0 Administrative Building Code.

Purpose

The material is a precast concrete steps.

Description

The steps are precast concrete steps made of one part of white portland cement, one part of sand and two parts of gret. The steps are reinforced with (3) $\frac{3}{8}$ " round bars spaced six inches on centers, setback $1\frac{1}{2}$ " from the nosing and 1" from the back of the riser.

Both the thread and riser are 3" in thickness. The height from top of thread to top of thread is $7\frac{1}{2}$ " and the depth of the thread is $10\frac{1}{2}$ " from nosing to nosing.

Inspection and Test

The manufacture of the steps was witnessed by Asst. Engr. J. A. Darts Committee on Test. Computations filed with the application show that the design of the steps conform to the requirements of C26-468.0 Administrative Building Code.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Steindl Pre-Cast Steps for voluntary use in New York City, for use as exterior residential stairs for stairs not exceeding 5'-0" with a bearing of 0-4" on cheek pieces on either side for a live load of 60 lbs. per sq. ft. maximum on condition that each unit on delivery to the site where they are to be used shall bear a label or tag reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 672-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

727-55-SM

APPLICANT—Owens-Corning Fiberglas Corp., owner.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 727-55-SM

Subject: Owens-Corning Fiberglas Base Sheet and Fiberglas Perma-Ply No. 6 (built-up roofing).

Owens Corning Fiberglas Corp., Newark, Ohio, filed August 19, 1955 an application with the Board of Standards and Appeals for approval of the material known as Owens-Corning Fiberglas Base Sheet and Fiberglas Perma-Ply No. 6 (built-up roofing) under the provisions of C26-605.0 through C26-608.0 Administrative Building Code.

Purpose

The material is used for built-up roofing.

Description

Fiberglas Base Sheet is a mat of Fiberglas fibers, reinforced in a random pattern with Fiberglas continuous glass yarns and with a stable resin and loaded with 12 lbs. of asphalt per square for use as a base sheet in built-up roofing. The base sheet is dusted to prevent sticking. It is furnished

MINUTES

four squares per roll (432 sq. ft.), 3'-0" width and each roll weighs approximately 56 lbs.

The material Fiberglas Perma-Ply No. 6 is a porous mat of Fiberglas fibers reinforced in a random pattern with Fiberglas continuous glass yarns and a stable resin and and loaded with 6 lb. of asphalt. The material is furnished 5 squares per roll (540 sq. ft.) 3'-0" wide and each roll weighs approximately 35 lbs.

Inspection and Test

The material was tested in accordance with the requirements of C26-605.0 through C26-608.0 Administrative Building Code in the presence of Asst. Engr. J. A. Darts Committee on Test and R. Ringwalt and others representing the applicant. The assembly consisted of a combustible deck protected by one ply of Fiberglas base sheet and two ply of Fiberglas Perma-Ply No. 6 and hot mopped asphalt.

The material successfully met the requirements of C26-608.0 Administrative Building Code. The material has been approved by the Underwriters Laboratory under Retardant 3633.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Owens-Corning Fiberglas Base Sheet and Fiberglas Perma-Ply No. 6 for use in New York City as a roof covering either smooth surfaced or gravel surfaced when installed in accordance with the manufacturers specifications on condition that such roofing shall be limited to inclines not exceeding 3" per horizontal foot and further that each roll or package shall be tagged, marked or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 727-55-SM."

APPEARANCES—

For Applicant: Chas M. Huffman and Harry B. Root.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

NEGATIVE: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 847-55-SM

Subject: Flour City Reversible Window, RA-69 (aluminum).

Flour City Ornamental Iron Works Company, Minneapolis, Minn., filed October 13, 1955 an application with the Board of Standards and Appeals for approval of the Flour City Reversible Window, Model RA-60 under the provisions of C26-650. Administrative Building Code.

Purpose

The aluminum window is to be used as a window in all locations wherein a fire resistive window is not required.

Description

The window is made of aluminum extrusion and the frame and sash members are made of 6063T5 alloy and stretcher straightened. The head and jambs are channel extrusions and the sill is a tubular extrusion. The head and jamb and the jamb and sill are fastened together by screws.

The sash is made of tubular extrusions fastened at mitered corners with corner blocks and screws. The sash is pivoted at the top and bottom on 1/2" stainless steel pivot pins secured in the assembly with a retaining spring. The sash is spaced from the frame by two stainless steel washers and an oilite bearing at each pivot.

The sash is locked into position by a spring actuated lock which cannot be opened without the aid of a special key; this lock is located near midway in the right hand vertical side rail of the sash.

A latch is located directly across the window in the left hand vertical rail. This is to prevent deflection due to wind pressure when the window is in a normally closed position and will automatically retract when the window is rotated in a clock wise direction. When the sash is swung in a 180° arc, the window is locked in position. To open, depress the bolt ejector and rotate the window 180° and the lock will snap into a locked position.

Two rows of multiple ribbed vinyl plastic weatherstrip run continuously around all four sides of the sash and are keyed into extruded grooves of the sash member. The weatherstrip passes the lock, latch and pivots without interruption.

Inspection and Test

A sample window was tested for incombustibility at Manhattan College in the presence of Asst. Engr. J. A. Darts Committee on Test, in accordance with the requirements of C26-88.0 Administrative Building Code.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the Flour City Reversible Window, Model RA-60, when constructed as herein described of aluminum alloy, known as 6063T5, for voluntary installation as having met the requirements of C26-88.0 Administrative Building Code, under the provisions of C26-650.0 Administrative Building Code, on condition that these windows shall not be installed in locations wherein a fire resistive window is required; and further that all windows or bills of lading shall be marked, tagged or stamped: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 847-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 848-55-SM

Subject: Flour City Aluminum Single Hung Window, Model A-35.

The Flour City Ornamental Iron Company, Minneapolis, Minn., filed October 13, 1955 an application with the Board of Standards and Appeals for approval of the material known as Flour City Aluminum Single Hung Window, Model A-35 under the provisions of C26-650. Administrative Building Code.

Purpose

The window is an aluminum window to be used in all classes of building wherein a fire resistive rated window is not required.

Description

The window is constructed of aluminum. The frame and sash members are fabricated of extruded aluminum sections.

The head, sill and jambs are one piece extrusions, the jambs and heads are .062" in thickness and the sills are .125" in thickness. The corner connection of frame members are made of mortising and tenoning, supplemented by riveting.

The horizontal members of the sash are constructed of hollow, tubular extruded aluminum sections .062" in thickness, the bottom rail of the sash and the check rail holding the upper glass are provided with integral glazing members.

Side members of the sash are channel shaped .062" in thickness. Corner connections of frame members. Corner connections of frame members are made by tapping stainless steel screws into extruded screw slots of engaging members.

The windows are equipped with two spiral-type balances located in the jambs. The movable portion of spiral is fastened to the bottom sash rail while the case is fastened to the jamb at the head.

Inspection and Test

The window was tested in conjunction with the window filed under Cal. No. 847-55-SM in the presence of Asst. Engr. J. A. Darts Committee on Test. The window successfully met the requirements of C26-88.0 Administrative Building Code.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Flour City Aluminum Single Hung Window, Model A-35, as having met the requirements of C26-88.0 Administrative Building Code for use in New York City under the provision of C26-650.0 Administrative Building Code in locations where a fire resistive window is not required, on condition that plans submitted to the Department of Buildings showing the proposed use of this window shall be labeled or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 848-55-SM".

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

965-55-SM

APPLICANT—Cobra Metal Hose, Division of DK Manufacturing Co., owner.

SUBJECT—Application November 7, 1955—Cobra Gas Appliance Connector, Models K100, K110 and K-120, approval of.

APPEARANCES—

For Applicant: Frank B. Cummins.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 965-55-SM

Subject: Cobra Gas Appliance Connector, Models K100, K110 and K120.

Cobra Metal Hose a division of DK Manufacturing Company, Chicago, Illinois filed November 7, 1955 an application with the Board of Standards and Appeals for approval of the Cobra Gas Appliance Connector, Models K100, K110 and K120 under the provisions of Article 12, Chapter 26 Administrative Building Code.

Purpose

To install gas appliances with flexible connectors so that the appliance can be readily adjusted as to location.

Description

The connector is made of seamless red brass tubing. The model K100 has a 3/4" pipe thread ground joint type female union on both ends. Type K110 has a 3/4" pipe thread ground joint type female union on both ends. Type K110 has a 3/4" pipe thread female union with flare nut and flared copper tubes both ends and type K120 has 3/4" pipe thread female elbow at one end, straight female union other end. Both with Flare nuts and flared copper tubes.

The tubing used is identified as 1/2" I.D. 85-15 red brass.

Inspection and Test

Samples of the connector were inspected and tested by Asst. Engr. J. A. Darts Committee on Test. The device has been approved by the American Gas Association under Certificate No. L-20.011 and L-(20-21 & .22).001.

Recommendation

On the basis of the inspection and test and the data filed by the applicant the Committee on Test recommends the approval of the Cobra Gas Appliance Connector Models K100, K110, and K120 for voluntary use in New York City when fabricated of material as herein described and installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code on condition that each appliance be stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 965-55-SM."

THE RESOLUTION—

WHEREAS, Order No. 98448 LC, issued by the Fire Com-
missioner December 3, 1953, Folder No. 186-502 reads, in
part as follows:

“Laboratory for Safety Film

“With reference to your application indicated above,
it is regretted that this Department is without power to
grant such a permit. You shall therefore comply with
the following order and notify this Department promptly
when such order has been complied with.

“Discontinue the operation of a laboratory for devel-
oping safety film without a permit from this depart-
ment.

C19-11.0 Administrative Code.

“Reasons: a) No permit for the handling, use, stor-
age or recovery of safety film shall be issued for any
building which is situated within fifty feet of the near-
est wall of any building occupied as a school; or for any
building which is occupied as a dwelling; or for any
building which is not equipped with at least an approved
one source sprinkler system. C19-11.0, Administrative
Code, based on C19-124-1-2, Administrative Code.”

and

WHEREAS, the decision of the borough superintendent dated
January 27, 1956, on Amendment to Alt. App. 369/55, reads
as follows:

“1. Bldg. must be sprinklered as required by C19-117.-
O.A.C.

“2. Provide 3' 8" stairs from cellar and 3' 8" exit
doors in passageway to street, as per Sec. 270, Labor
Law.

“3. Provide 2 means of egress from 2nd floor of #422
bldg. as per Sec. 270. Labor Law.”

and

WHEREAS, such amendment was filed with the Borough
Superintendent on the entire premises as follows: cellar—
422 East 89th street, 1584 sq. ft.; 426 East 89th Street, 1,000
sq. ft., January 26, 1956 to establish the area used for manu-
facturing on the entire premises as follows: cellar—422 East
89th Street, 1584 sq. ft.; 426 East 89th Street,—1,000 sq. ft.;
1st floor—422 East 89th Street—980 sq. ft.; 426 East 89th
Street—864 sq. ft.; 2nd floor—422 East 89th Street—502 sq.
ft.; total area to be used for manufacturing—4,930 sq. ft.;
total area of the lot—5,035 sq. ft.; and

WHEREAS, the applicant states that the building is three
stories, 35 ft. in height, 50 ft. front by 100 ft. 8 in. in
depth at street level, 50 ft. front by 76 ft. in depth a typical
floor level, of fireproof construction, erected 1924, located in
a business use, B area, class 1½ height district, on a lot 50
ft. by 100 ft. 8½ in. in area, used and occupied since 1945 as

follows—(combined buildings)—cellar: developing of safety
film, 10 persons; 1st floor—developing of safety film, office,
storage, 20 persons; 2nd floor—photo studios, laboratories,
and storage of photographic materials in 422 East 89th Street,
and dwelling, one family in 426 East 89th Street; 3rd floor
—dwelling, one family in each building; no change in use
or occupancy is now proposed. The Building is provided
with two interior iron stairs, fireproof enclosed, equipped
with metal covered self-closing doors, glazed with wire
glass, stairs is 3 ft. wide from first floor to cellar and 3 ft.
8 in. in width above; one stairs is located in each building;
stairhalls lead to street and through bulkhead to roof; and

WHEREAS, the applicant states the premises consist of two
three story fireproof buildings originally erected for two
families each, one on the second and one on the third floors
and the first floor for garage for not over five motor vehicles
in building and the cellars for storage; that in 1945 plans
were filed to alter the first floor and cellar for manufactur-
ing, developing non-inflammable safety film, and Certificate
of Occupancy #35195 was issued February 15, 1949 against
Alt. App. 1367/45, classifying the combined buildings as com-
mercial and residence, of class one construction and permit-
ting the following use and occupancy—422 East 89th Street,
cellar—manufacturing; non-combustible film developing, 2
persons; 1st floor—manufacturing of metal boxes (photo
projectile) and storage, 10 persons; 2nd and 3rd floors, one
family each; 426 East 89th Street—cellar—boiler room and
manufacturing in conjunction with 422 East 89th Street, one
person; 1st floor—manufacturing in conjunction with 422
East 89th Street, 5 persons; 2nd and 3rd floors, one family
on each floor; and this certificate contains the note: not
more than five persons to be employed at manufacturing in
both buildings; and

WHEREAS, the applicant states that now, due to the change
in law requiring Fire Department permit for storing and
developing of safety films, Fire Department refuses to issue
a permit because the premises adjoin the public school in
the rear and is also connected with residence occupancy;
and

WHEREAS, the applicant contends that the owner has been
conducting his business since 1945 and spent considerable
sums installing his equipment, that to now be required to
break up his business would constitute a hardship not war-
ranted by the conditions; that the entire building is fireproof
and only three stories in height and only small quantities of
film are stored and used in approved containers; and

WHEREAS, the applicant contends as to the decision issued
by the Borough Superintendent that in 1945 use of the first
floor and cellar was changed to manufacturing and the devel-
oping of safety film with not more than five persons em-
ployed at manufacturing; that after the war business changed
and developing of safety films expanded, using the first floor
and cellar of both buildings for the treatment of the safety
films and the second floor of 422 East 89th street for offices,
photo studios and laboratory; that the maximum number of
persons employed is ten in the cellar and 20 on the first
floor and 3 on the second floor in both buildings; and

WHEREAS, the applicant contends that each building is
provided with a separate fireproof fireproof enclosed stairs
leading to the street and extending through a fireproof bulk-
head to the roof; that there is a 4 ft. wide opening in the
wall between the two buildings in the cellar and two larger
openings on the first floor; that two means of exit are pro-
vided from the cellar and the first floor; that, however, the
cellar stairs and exit doors are only 3 ft. wide; that the cel-
lars are also provided with additional 2 ft. wide 45° stairs,
one for each building, fireproof enclosed, leading directly to
street, in addition to one inside stairs 3 ft. wide communi-
cating between the cellar and the first floor and enclosed on
the first floor with fireproof materials; that the wall between
the two buildings on the second floor is unpierced; that one
building is occupied by one apartment on this floor and the
other for offices and photo studios with not more than 3
persons steadily employed; that in addition to the 3 ft. 8 in.
wide stairs the fireproof constructed roof over the first floor
extension in the rear provides emergency egress to the street
through the other building as a second means of exit; and

MINUTES

WHEREAS, the applicant contends that to be required to comply strictly with the requirements of Section 270 of the Labor Law would constitute a hardship not warranted by the conditions; and

WHEREAS, the applicant contends as to the requirements of the Borough Superintendent for a sprinkler system, that these buildings are of much superior construction than required for a three story structure and the installation of a sprinkler system throughout, as required, would not only create a hardship but also spoil the appearance of the apartments and the studio rooms; that only safety film is being handled and is always stored in approved containers; and

WHEREAS, an examination of Fire Department Folder No. 89E424.11 (a/c no. 186502) indicates that on February 18, 1952, application was filed for the conduct of a laboratory for developing safety films at premises 424 East 89th Street and an inspection was made July 1, 1953, by an inspector of the Division of Combustibles wherein it was stated that the building was three stories, non-fireproof, used as a motion picture laboratory in the cellar and the upper floors as dwellings and recommending: 1—letter to the Department of Housing and Buildings to inquire if premises complies with their Code—as to location of exits are okay. As also dwelling above factory portion. 2—letter to Department of Water Supply Gas and Electricity—if all electric wiring and equipment comply with their rules. 3—discontinue use of premises as film laboratory within 50 ft. of school. 4—no sprinklers in building. 5—premises is occupied as a dwelling. 6—no certificate of occupancy for motion picture lab.

Under date of August 3, 1953, the Department of Water Supply Gas and Electricity advised the Fire Department that the electrical equipment on the premises did not comply with the requirements of that department and on August 18, 1953, the Borough Superintendent of the Department of Housing and Buildings advised the Fire Department that certificate of occupancy permits non-combustible film developing in the cellar of 422 East 89th Street for two persons, however, inspection indicated there were approximately ten persons employed on this work in violation of the certificate of occupancy and in violation of the Labor Law which becomes effective when more than five persons are employed at manufacturing and subsequently Fire Department Order 98448 LC, which is the subject of this appeal was issued on December 3, 1953; and

WHEREAS, the applicant has filed with his appeal a communication dated February 3, 1956, addressed to him by the Department of Water Supply Gas and Electricity stating that the violation against these premises on July 31, 1953, had been removed and certificate of inspection issued and that there were no electrical violations on the department's records affecting these premises; and

WHEREAS, on April 10, 1956, this appeal was laid over without date, applicant to notify the Board when housekeeping conditions of the premises have been corrected so that the Board may re-inspect the premises; and

WHEREAS, the Board is in receipt of the following communication dated April 26, 1956, from the applicant:

"Please be advised that above premises have been cleared of all incumbrance and metal containers are now provided for the scrap. I hope this will be to the satisfaction of the Fire Department. Reinspection respectfully requested.

"As to the fire-proof doors between the two buildings, I wish to call attention to the following facts:

"Originally, when these buildings were erected, Fire-Underwriter's doors were provided between the two buildings on the first floor as these floors were used for garages and not more than five motor vehicles per building were permitted. When in 1945 we changed the occupancy into manufacturing and film developing, we did not show any protective doors between the two buildings. It is the general practice of the Department of Buildings to permit openings between two buildings on the first floor and to require 3 hr. fire proof doors only where the tabular floor area is being exceeded. Premises in question being of fire-proof construction, no fire-protection for the openings was required.

"I suggested to the owner at that time to remove the doors from at least one opening in order to provide two proper exits.

"Changing it into one building would require converting premises into a Multiple Dwelling, as it would become a three family dwelling." and

WHEREAS, under date of May 16, 1956, the following report was submitted to the Board by Lt. John P. Manfredi, of the Division of Fire Prevention of the Fire Department:

Re: Cal. No. 2-54-A

May 16, 1956.

"Inspected these premises and found that the occupant has provided proper covered metal receptacles for the disposal of rubbish. Housekeeping conditions are now satisfactory.

"Attached plans show existing doors at door openings, 1st floor and cellar, which were not indicated by the appellant.

"Because of the difficulty the Fire Department would have in effecting ventilation of the cellar in case of fire, it is my opinion that the cellar should be sprinklered throughout the occupied portion with spray sprinkler heads."

and

WHEREAS, the premises was inspected by a representative of the Fire Department.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #98448 LC, Folder #186-502, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of portion of the laboratory for developing safety film, *on condition* that such covered metal receptacles as the Fire Commissioner may approve shall be placed within the Laboratory space for the disposal of rubbish; that the existing doors to first floor and cellar not indicated on plans filed with this appeal marked "Received February 1, 1956, (6 sheets), may be continued as now shown on such plan as corrected; that an approved sprinkler system shall be installed and maintained throughout the cellar; that such sprinkler system shall be equipped with approved spray sprinkler heads; and that the decision of the Borough Superintendent, acting on amendment to Alt. App. 369/55, Objections 1, 2 and 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that exit doors to the passage to street shall comply with the requirements of Section 270 of the Labor Law; that the requirements as to sprinkler system in the cellar shall be complied with as sufficient for Objection 1; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

198-54-A

APPLICANT—Philip Freshman, for Sarah Nehemiah and Moses Leinwand, owners.

SUBJECT—Application March 16, 1954—re Appeal from a decision of the borough superintendent—exits, live load. PREMISES AFFECTED—146-148 Lawrence street, west side, 110 ft. south of Willoughby street, Block 151, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 26, 1954, re Alt. Applic. 4630/53, as issued by the Construction Examiner reads:

"1. Provide at least two exit stairs from the 2nd floor enclosed in fireproof partitions and complying in all details with Sect. 270 of the Labor Law.

2. Provide exits from the 1st floor and cellar as required by Sect. 270 of the Labor Law."

and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated February 26, 1954, re Alt. App. 4630/53 as issued by the Multiple Dwelling Law examiner reads:

"Obj. 5. Provide a separate means of egress for business portion independent of the public hall used by tenants of building above 2nd floor as per Section 53." and

WHEREAS, the applicant states the building is 4 stories, 42 ft. in height, 42 ft. front by 92 ft. in depth at street level, 42 ft. front by 40 ft. 1 in. deep at typical floor level, of Class 3 construction, erected in 1870 on a lot 42 ft. front by 100 ft. in depth, in a business use, B area, Class 2 height district; used and occupied since 1945: Cellar—ordinary use, 0 persons; 1st floor—restaurant and store, 75 persons; 2nd floor—garment manufacturing, 16 persons; 3d floor—4 families; 4th floor—4 families, for which no certificate of occupancy has been issued. No change in use or occupancy is now proposed. The building is provided with one interior stairs, steel at 1st floor and wood construction above, enclosed in fire-retarded stud partitions, equipped with kalamein, self-closing doors, extending from roof bulkhead direct to street. This stair is 44 in. wide from 1st to 2nd floors and 36 in. wide from 2nd to 4th floors; in addition there are two fire escapes, one at front and one at rear, extending to roof and street by ladder and to yard by stair. Egress from rear fire escape is through the stores and adjoining buildings. Window and door openings on course of fire escapes are not fireproof, self-closing; and

WHEREAS, Item 12 of the Housing Division violation certified by Chief Inspector of the Division of Housing January 10, 1946, required that the manufacturing business be permanently discontinued or arranged to comply with Section 61 of the Multiple Dwelling Law and stated a group of conditions under which the manufacturing business may be legally maintained on the premises, as follows:

- "A—Provide means of egress, separate and distinct from and without means of Communication with any means of egress from the dwelling portion of the building.
- B—Properly fire stop all pipe chase within or appurtenant to such space.
- C—Maintain in good order and repair all flues within or appurtenant to such space.
- D—Properly fire-stop the openings about the flues within or appurtenant to such space.
- E—Properly seal with fire-retarding or fireproof material or equip with self-closing fire-retarded or fireproof doors or windows, the openings from such space to nonfireproof shaft.
- F—Properly seal with fire-retarding or fireproof material all openings from such space to public halls.

NOTE: File plans for this work.

Note: Fire-retard with metal lath and two coats of cement mortar, or by means of other approved methods."

and

WHEREAS, Certificate of Occupancy #61915 issued October 9, 1930, upon completion of work under Permit #7876/36 permits the following use and occupancy: Cellar—ordinary; 1st floor—restaurant, 75 persons; 2nd floor—offices and 1 non-house apartment, 65 lb. liveload; 3d floor—1 housekeeping apartment and 3 nonhousekeeping apartments; 4th floor—1 housekeeping apartment and 3 non-housekeeping apartment; and

WHEREAS, the applicant has filed a consent of the owner or occupant of adjoining premises at 144 Lawrence street, consenting to the use of his premises for egress in the event of fire during business hours; and

WHEREAS, the applicant states that #146 Lawrence street was altered under Alt. App. 23243/1926 and Certificate of Occupancy issued permitting the following use: Cellar—ordinary; 1st floor—store, 120 lbs. 2nd floor—restaurant, 100 persons; 3d and 4th floors—furnished rooms and #148

Lawrence Street was altered under Alt. App. 5127/21 and Alt. App. 9391/28 and Certificate of Occupancy #69195 dated October 30, 1930 issued permitting the combination of the buildings under Permit No. 7876/36 for the following use and occupancy: Cellar—ordinary; 1st floor—restaurant, 75 persons, 120 lbs. liveload; 2nd floor—office and 1 non-housekeeping apartment, 65 lb. liveload; 3d floor—1 housekeeping apartment and 3 non-housekeeping apartments; 4th floor—1 housekeeping apartment and 3 non-housekeeping apartments and that as the record now stands the building is classified for occupancy as follows: Cellar—ordinary; 2nd floor—printing shop, store and 1 family; 3d and 4th floors—4 families each; and

WHEREAS, the applicant states that from 1940 for about 3 years the 2nd floor portion was continually vacant and virtually no demand for the space as recorded above; that finally there was interest in renting the space for light manufacturing with limited occupancy and the owner needing the revenue to maintain the property did rent the 2nd floor for such manufacturing; and

WHEREAS, the applicant contends that if permission is granted to continue the existing use, it will subscribe to a condition that only a limited number of factory workers will be maintained in the area, in no case more than 7, in addition to one or two administrators; and

WHEREAS, applicant contends as to Construction Objection 1 and Multiple Dwelling Objection 5, that there is a 3 ft. 8 in. wide steel stairs from 1st to 2nd floor enclosed with fire-retarding partitions leading directly to street. It is proposed to create new fire-retarded enclosed vestibules on the 2nd floor for each area leading to a public hall with self-closing fireproof doors with exit sign and light over same. It is proposed to close up the door opening in brick wall separating north and south areas which connects with the public hall; it is also proposed to provide a sprinkler system in the 2nd floor public hall, continuing down the stairs to the 1st floor to be connected to existing house supply in cellar, which line is 1½ in. and the sprinklers will be fed from a separate 1¼ in. riser; and

WHEREAS, applicant states that at rear of 2nd floor is an open 3 ft. wide stairs leading down to yard; egress can be had through a gate in the wire fence between #144 and #146; that tenant of #144 has agreed to permit passage through his basement print shop to the street; and

WHEREAS, applicant contends that in view of limited occupancy and the fact the premises had been previously approved for business use with a far greater number of occupants, and in view of proposed installation of sprinkler system in 2nd and 1st floor halls, that egress can be safely effected, and contends as to Objection 3, that the front portion of 2nd floor is good for 100 lbs. liveload and the rear for 65 lbs. and in view of use for needle trades only, at no time will floors be loaded in excess thereof and such liveload will be posted; and contentds as to Objection 2, that the cellars are only 40 ft. in depth and each has an areaway leading to street; that in boiler room of #146 there will be a fixed iron ladder in front areaway leading to street; that it is proposed to cut a door opening in wall dividing cellars and equip same with a 1-hour self-closing fireproof door to effect use of either cellar in event of fire; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee is of the opinion this is not a desirable proposal and recommended that the appeal be not granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 4630/53, Objection Nos. 1, 2 and 5 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

565-54-A

APPLICANT—Leonard F. Rothkrug and Louis Liebermann, for Leon Siev, doing business as Siev's Nursing Home, owner.

SUBJECT—Application reopened May 8, 1956 as Vol. II—re Appeal from a decision of the borough superintendent—live load and construction.

MINUTES

PREMISES AFFECTED—1020 Ocean parkway, west side, 130 ft. south of Avenue J. Block 5495, Lot 904, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard E. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 23, 1956, on amendment to Alt. App. 2668/53, reads:

"1. The increase in height of the elevator shaft above the roof as proposed is contrary to the conditional approval of the Board of S. & A.

2. The proposed extension of the elevator shaft to serve the roof shows intention to occupy the roof for public occupancy.

3. Provide adequate exit and structural supports sufficient for a liveload of 100 lb. per sq. ft."

and

WHEREAS, the applicant states the building is 2 stories, 23 ft., 24 ft by 105 ft. irregular in area, Class 3 construction, erected in 1925 on a lot 60 ft. front by 150 ft. in area, in a residence use, D area, Class 1 height district, used and occupied since 1952: Cellar—kitchen, boiler room, mortuary and storage; 1st floor—nursing home, 37 persons (now under construction in accordance with variance granted by the Board under Cal. No. 565-54-A—Vol. I) and proposed to be used and occupied: Cellar—storage, kitchen and boiler room; 1st floor—nursing home, 30 persons; 2nd floor—nursing home, 28 persons. The building is provided with a two-source sprinkler system, an approved interior fire alarm system; two 3 ft. 8 in. wide fireproof stairs from roof bulkhead direct to street; and

WHEREAS, Violation #3904 was issued November 10, 1955, for constructing elevator shaft to height of 20 ft. contrary to plan which indicated a height of 12 ft. 8 in. and that iron stair south of elevator shaft was constructed to a height of 14 ft. contrary to plan which indicated height of 4 ft.; and

WHEREAS, temporary certificate of occupancy was issued April 13, 1956, under No. 148421, under Alt. App. 2668/53, permitted the following use: Cellar—kitchen, boiler room, mortuary and storage; 0 persons stated; 1st floor—nursing home, 28 persons; 2nd floor—nursing home, 30 beds, and this certificate was issued for ninety days to expire July 11, 1956; and

WHEREAS, the applicant states that all work has been completed and an application made for a temporary certificate of occupancy; that the building is now equipped throughout with a sprinkler system meeting the requirements of the Administrative Code and there is a fire alarm system complying with requirements therefor; that in all other respects the owner has complied fully and faithfully with the Board's resolution except in connection with extension of the elevator; and

WHEREAS, the applicant contends that the elevator proposed at the time the Board acted under Vol. I of this appeal was considered by the Board although not one of the objections raised by the Department of Buildings; that plans filed with the appeal showed elevator terminating at 2nd floor level; that due to the fact the elevator was not the subject of a specific objection, the owner unwittingly contracted to extend the elevator to the roof level; that it is now proposed to maintain the elevator as extended to roof level; that the building is occupied as a nursing home for elderly persons who are under constant supervision of trained nurses and personnel; that the newly erected roof portion is of small area and equipped with a fireproof stair leading direct to street; that there will be no new construction or equipment on the roof other than chairs for ten persons; that protective guard rails will be placed around this

area of the roof; and in view of the foregoing, it is requested that this application be granted; and

WHEREAS, the applicant contends that the requirements of the Borough Superintendent for a liveload capacity of 100 lbs. for the roof is based on the assumption that the roof area may be used for assembly purposes; that the roof has been designed for the usual liveload of 40 lbs. per square foot in the same way that the roof of a multiple story dwelling would be designed in accordance with the Building Code; that the use of these roofs by housewives or groups of tenants is quite customary; and

WHEREAS, the applicant contends that the occasional use of the roof of building in question by residents will impose no greater load on the roof than by the same persons who use the lower floors which were designed for 40 lbs. per sq. ft. liveload; that he has been advised that the absence of the usual partition loads on the roof would lower beam stresses and have a higher factor of safety; that it is obvious that when the roof is covered with snow that it will not be used; and

WHEREAS, the premises and extension of the elevator shaft were inspected by a committee of the Board, which extension was not approved and would not be approved by the Board as an amendment to the action, and the Committee recommends that this appeal should be denied and that the extra height of the elevator shaft above the roof, which has been constructed, should be removed as undesirable and of questionable safety.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. App. 2668/53, Objection Nos. 1, 2 and 3, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

602-54-A

APPLICANT—J. M. Berlinger, for 38-42 Exchange Place Corp., owner.

SUBJECT—Application July 9, 1954—re Appeal from a decision of the borough superintendent—plastic light diffuser in stair hall.

PREMISES AFFECTED—38-42 Exchange place and 25-29 William street, southwest corner, Block 25, Lot 27, Borough of Manhattan.

APPEARANCES—

For Applicant: J. M. Berlinger and E. W. Maher.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 26, 1956 on amendment to Alt. App. 839/52 reads:

"1—Plastic light diffuser is not permitted in required stair enclosure to street. Sect. C26-461.1 B.C."

and

WHEREAS, the applicant states the building is 20 stories, 200 ft. in height, 107 ft. front by 70 ft. 6 in. in depth, of fireproof construction, erected 1896, now located in a business use, B area, class 2½ height district and used and occupied since 1896. Cellar—boiler room and storage, 10 persons; 1st floor—stores and restaurant, 50 persons; 2nd to 20th floors—offices, 50 persons each floor; no change in use or occupancy is now proposed, the building is equipped with an approved standpipe system, one interior 3 ft. 8 in. wide steel stairs, unenclosed, leading to roof bulkhead, with egress to street through lobby; in addition there are two fire escapes extending to roof by stair and to street by stair and yard by ladder; egress from the side fire escape is by passage to street; window and door openings on the course of the fire escapes are fireproof self-closing; and

WHEREAS, Violation No. 2037/53 was issued April 21, 1953 for suspending a ceiling in entrance lobby made of plas-

MINUTES

tic fabric without proper approval of the Board of Standards and Appeals; and

WHEREAS, the applicant states that the ceiling was installed about two years ago in conjunction with an alteration and modernization in accordance with approved application 839/52; that the building is situated on a corner lot and has two remote exits from same, one on William Street and the other on Exchange Place; that the corrugated luminous ceiling is self-extinguishing as required by law and has been approved by the Board of Standards and Appeals; that the hangers upon which the corrugated luminous ceiling is suspended are likewise approved by the Board of Standards and Appeals; that the plastic light diffusing ceiling was erected more than one year prior to December 31, 1953, when the Mayor approved Local Law No. 191 passed by the Council, and that since Local Law No. 191 was passed the appellant has conformed to this law; and

WHEREAS, the applicant states that the product in question was approved by the Board under Cal. No. 99-53-SM on July 13, 1954; and

WHEREAS, the applicant states that amended plans have been filed with the Borough Superintendent to show details of the installation and the methods of installation of the plastic light diffusers has been approved by the Borough Superintendent; and

WHEREAS, the applicant contends that the area involved is 934 sq. ft. and is separated from the remainder of the first floor by fireproof partitions equipped with fireproof self-closing doors; that the area involved is less than 10 per cent of the 10,000 sq. ft. area in which plastic light diffusers may be installed as permitted by the Board under Cal. No. 99-53-SM; that there are no plastic light diffusers within the required stair enclosures; that the stair enclosure is separated from the area having the luminous ceiling by a pair of self-closing fireproof doors; that this stair enclosure has its own remote egress to Beaver street away from the elevator lobby whenever expediency demands it without traversing the lobby in order to get to Exchange Place or William Street; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the secondary means of exit appeared to be unsafe; that the marble treads up to the rear exit are broken; the nosing is broken off; there is no handrail; that the passageway to the rear fire escape is in dangerous condition; the handrail should be repaired; that this is a dangerous condition for people to have to run along a passageway and get to a counterbalanced stairway to reach the right of way; also, the plastic used in the stairway enclosure is not according to the Code and there seems to be no basic reason why it should be there; that it appears to have been installed without a permit.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. App. 839/52, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

993-54-A

APPLICANT—Elias K. Herzog, for Postgal Realty Corp., owner.

SUBJECT—Application December 27, 1954—re Appeal from a decision of the borough superintendent—cellar egress.

PREMISES AFFECTED—345-351 West 35th street, north side, 266 ft. 4 in. east of 9th avenue, Block 759, Lot 14, Borough of Manhattan.

APPEARANCES—

For Applicant: Elias K. Herzog.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 22, 1954, acting on Alt. App. 1556/54, reads:

"1. An engineer's exit from the cellar is not acceptable as a means of egress under Section 270 of the Labor Law."

and

WHEREAS, the applicant states the building is 14 stories, 150 ft. in height, 83 ft. 4 in. by 88 ft. 9 in. in area at street level, 83 ft. 4 in. by 88 ft. 9 in. in area at typical floor level, of fireproof construction, erected in 1927 on a lot 83 ft. 4 in. front by 98 ft. 9 in. in depth, in an unrestricted use, B area, Class 1½ height district; used and occupied since 1927: Cellar—boiler room, storage and manufacturing in conjunction with 1st floor, 17 persons; 1st floor and mezzanine—wholesale store & manufacturing of auto slip covers and dry goods material, 42 persons; 2nd to 14th floors—showrooms, needle trade manufacturing and officers, 70 persons on the 2nd; 60 on the 3d; 45 on 4th; 60 on 5th; 75 on 6th and 7th; 35 on the 8th; 75 on the 9th; 50 on the 10th; 33 on the 11th; 75 on the 12th; 36 on the 13th; and 38 on the 14th. The building is provided with an approved standpipe system and an approved two-source sprinkler system throughout; there is an approved interior fire alarm system and regular monthly fire drills are maintained. There is one interior fireproof stairs, 3 ft. 8 in. wide from roof bulkhead direct to street and one fire tower; and

WHEREAS, Certificate of Occupancy #12356 was issued March 29, 1927 against N.B. 406/25 describing the building as fireproof and permitting the following use and occupancy: Cellar—storage and boiler room, 55 persons; 1st story & mezzanine—stores and offices, 300 persons; 2nd to 14th floors—showrooms and factory—110 persons per floor, 120 lbs. liveload per floor; and

WHEREAS, the applicant states the building is provided with a 3 ft. 8 in. wide iron stairs with fireproof enclosure and a fireproof enclosed fire tower stairs, both leading to roof and independently to street; that stairs lead also to cellar, providing direct egress to street; that the portion of cellar used for manufacturing is connected with 1st floor with which it is used conjunctively by a fireproof enclosed stair; and

WHEREAS, applicant states in addition to existing exits, it is proposed to provide an engineer's ladder directly to the street; and

WHEREAS, the applicant contends that the occupancy of the cellar space is limited to a small number of persons, and to be required to comply with Section 270 of the Labor Law would constitute a hardship not warranted by the conditions; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1556/54, Objection No. 1 and that the appeal be and it hereby is *granted*, to permit the exit in the cellar, as now proposed on revised plans marked "Received June 8, 1956", (2 sheets), as formerly proposed by plans marked "Received April 16, 1956", (4 sheets), *on condition* that the portion of the cellar to the east shall have direct access to the primary means of exit leading direct to street; that there shall be an engineer's ladder and an enclosed stairway leading from such space to the first floor occupied by the same tenant, from which access to street may be had through the premises; that there shall be a door in the subdividing partition in the cellar, separating the east from the west portion; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

209-55-A

APPLICANT—John F. Fitzsimons, for George A. Rauli, owner (Dr. Bryant S. Hopper, lessee).

MINUTES

SUBJECT—Application March 8, 1955—Appeal from a decision of the borough superintendent re use of frame building, professional use.

PREMISES AFFECTED—107-17 86th avenue, northwest corner of 108th street, Block 9197, Lot 29, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 3, 1955, on Alt. App. 352/46 reads:

"1. The practice of a profession in a frame building in which the practitioner does not reside is contrary to sec. 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states the building is 2 stories and attic, 28 ft. in height, 18 ft. by 57 ft. in area at 1st floor, 18 ft. by 49 ft. in area at 2nd floor, of Class 4 construction, erected in 1915 on a lot 40 ft. front by 100 ft. deep, in a residence use, C area, Class 1-1/4 height district; used and occupied since 1946; pursuant to certificate of Occupancy Q39383 issued March 14, 1947, as follows: Cellar—storage; 1st floor—doctor's office, 2 persons; 2nd floor—dwelling, 1 family upon completion of Alt. App. 352/46 and the issuance of such certificate of occupancy pursuant to variance granted by the Board under Cal. No. 318-46-BZ, to expire October 29, 1953; and

WHEREAS, the applicant states the practice of dentistry has been carried on in these premises since September, 1943; that prior to the action by the Board granting a zoning variance under Cal. No. 318-46-BZ on October 29, 1946, this practice was contrary to the Zoning Resolution; that prior to the expiration date of zoning variance granted by the Board, the Zoning Resolution was amended so that the use of the 1st floor for the practice of a profession by a practitioner non-resident became a permitted use in a residence district; and

WHEREAS, the applicant states the Board is now requested to modify the decision of the Borough Superintendent, to permit the continuance of the use, subject to the same terms and conditions imposed in the variance previously granted; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 3, 1955, acting on Alt. App. 352/46, Objection No. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted by the Board under Cal. No. 318-46-BZ shall be complied with.

950-55-A

APPLICANT—Henry H. Moger, for E. A. Stern, et al., under will of Esther A. Hurwitz (deceased), owners (Milk Maid Realty Corp., lessee).

SUBJECT—Application December 1, 1955—filed pursuant to section 35, General City Law re premises in bed of mapped street—proposed widening of Metropolitan avenue.

PREMISES AFFECTED—60-04 Metropolitan avenue, southwest corner of 60th street, Block 3492, Lots 30, 46 and 47, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Hermann Rogge.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 2, 1956 on N.B. App. 3329/55 reads:

"1. Secure approval of Board of Standards and Appeals for the erection of a structure in the bed of a mapped street. Art. 3 Sec. 35 General City Law.

"2. The use of "Glasiron Porcelain Enamel Shingles" requires the approval of Board of Standards and Appeals. 2.2.3 Bldg. Code."

and

WHEREAS, the applicant states that the premises consists of a lot fronting 144.65 ft. on Metropolitan Avenue and 90.83 ft. on 60th Street, in a retail use, C area, class one height district upon which it is proposed to erect a one story building 22 ft. 6 in. in height, 44 ft. by 50 ft. in area of class 3 construction for use as an ice cream store and to provide accessory parking on the balance of the lot; and

WHEREAS, the applicant states that it is proposed to encroach 34 ft. into the mapped widening area for Metropolitan Avenue and

WHEREAS, the applicant states that the rear triangular portion fronting 37.6 ft. on 60th Street, located in the residence use district will be eliminated from the plot and an anchor post fence 4 ft. high erected on the use district boundary line so that this portion will not be used in violation of the zoning resolution; and

WHEREAS, the applicant states that a small portion of the building will encroach upon the bed of Greene Avenue as shown on the City map; and

WHEREAS, the applicant states that this application is based on the necessity for rendering the property productive; and

WHEREAS, the applicant contends as to Objection one issued by the Borough Superintendent that the premises have been vacant and unimproved and unproductive of any return for more than 15 years except for nominal return derived from a sign located thereon; that the assessed valuation of the property is \$28,450; that the extension of Greene Avenue was laid out on the city map September 9, 1943; that twice since then the Board of Estimate has disapproved proposals by the Queens Borough President to rescind this map change by eliminating the lines of Greene Avenue extension at this point; that under date of May 16, 1941, City Planning Commission recommended that the Borough President be requested to initiate proceeding for acquiring title to the property required for the extension of Greene Avenue and to date no such condemnation proceedings have been initiated and the applicant has been advised by the borough president that no such proceedings are contemplated nor will any be instituted by the city; and

WHEREAS, the applicant contends that the land is not yielding a fair return to the owners; that the proposed structure is a reasonable use of the land and as such will constitute a minimal additional cost to the city should the land necessary be acquired for street widening; and the applicant therefore requests the Board in the exercise of its discretion to grant this application and permit the issuance of a building permit; and

WHEREAS, the applicant contends as to Objection 2 issued by the Borough Superintendent that a variation of the provisions of the Administrative Code is requested to permit the installation of "Glasiron Porcelain Enamel Shingles" an unapproved building material, application of approval for which is now pending before the Board; and

WHEREAS, the applicant contends that the Milk Maid chain of retail ice cream stores has a particular need for this particular roof surfacing in that it constitutes its de facto trade mark consisting of a bright green roof which symbolizes the Milk Maid store and is of enormous value in calling the public's attention to the presence of the store; that as a prior user, the tenant has every confidence in the quality of the shingles in question and therefore requests the Board to permit their use pending the determination of the Board on the application filed by the manufacturer for general approval thereof. Reference Case: 372-56-SM—Glasiron Porcelain Enamel Shingles.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 3329/55, Objection Number 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the building to be erected within the bed of the mapped street (the proposed widening of Metropolitan avenue) and to permit the occupancy of the space within the mapped street on Greene avenue, as indicated on plans filed with this appeal, marked "Received December 1, 1955", (4 sheets), and May 11, 1956", (1 sheet), *on condition* that in the event the widening takes place, the award shall be in accordance with the decision of the court as to the value of the land and that portion of the building within such widening; as to Objection 2, to permit for this particular installation the use of Glasiron Porcelain Enamel shingles, now subject to a general application for approval by this Board under Cal. No. 372-56-SM.

APPLICANT—Samuel Cohen, for Standard Paper Co., owner.

SUBJECT—Application February 24, 1956—re Appeal from a decision of the borough superintendent—stairs.

PREMISES AFFECTED—13 Frankfort street, south side, 118 ft. east of Nassau street, Block 102, Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Cohen.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1956, on Alt. App. 141/56, reads:

"1. One stair from cellar and sub-cellar does not lead in continuous enclosure to street at first floor as per Sec. 270 L.L.

2. Fire escape not acceptable factory building erected after 1913 (Sec. 270 L.L.) as a means of egress."

and

WHEREAS, the applicant states the building is five stories and mezzanine, 72 ft. 6 in. in height, 31 ft. 1 in. front by 103 ft. 5½ in. in depth, of fireproof construction, erected in 1924, now in a retail use, B area, Class 2½ height district; used and occupied since 1941: Sub-cellar, storage of printers' paper; Cellar—same; 1st floor—shipping of paper and storage, 4 persons; Mezzanine—office, 5 persons; 2nd floor—office and sorting booklets, 15 persons; 3d and 4th floors—storage of booklets, 1 person each floor; 5th floor—cutting of paper, 5 persons, for which Certificate of Occupancy #8297 was issued July 15, 1924, against N.B. 301/23 permitting the following use and occupancy: Basement—printing plant, 40 persons; 1st floor—printing plant, 25 persons; Mezzanine—office, 5 persons; 2nd, 3d and 4th floors—paper storage, 5 persons each floor; 5th floor—printing plant, 25 persons. The building is provided with a 2-source sprinkler system throughout; there is one 3 ft. 8 in. wide interior steel stairs, enclosed in 6 in. terra cotta blocks, equipped with fireproof, self-closing doors, extending from roof bulkhead direct to street; and it is proposed to erect a fire escape at front, extending to roof by ladder and street by stair, with window and door openings on course thereof fireproof, self-closing; and

WHEREAS, Violation #308 was issued by the Borough Superintendent January 18, 1956, for erecting a mezzanine contrary to plans and Violation #957 issued February 18, 1955, for failure to comply with Section 270 of the Labor Law; and

WHEREAS, the owner was convicted and fined March 25, 1956, on charge of violation of Section 270 of the Labor Law; and

WHEREAS, the applicant states the use district was changed

from unrestricted to retail June 3, 1952, and that the existing use existed prior to such change; and

WHEREAS, the applicant states the building has had various types of factory use since its erection with an approved live-load of 200 lbs.; that the exits consist of an interior steel stairway, 3 ft. 10 in. wide, enclosed in 6 in. terra cotta partitions; that there are horizontal exits with fire doors both sides located in the east wall leading to the adjoining building; that the two-source sprinkler system is supplied by a 5000 gallon gravity tank on roof and has a siamese connection at street front; that the existing horizontal exits on each floor must be discontinued as adjoining building to east is under different ownership and is vacant and closed; that as a second means of egress it is proposed to erect a 45° Labor Law fire escape at front from 5th floor to mezzanine with a counterbalanced stair to street and gooseneck ladder to roof; balconies will be 4 ft. 6 in. high and access to fire escape on each floor will be by 1-hour fireproof, self-closing, 2 ft. 6 in. by 6 ft. doors. It is proposed to retain the existing windows on course of fire escape as they are 1/4 in. plate glass in small steel frames, 14" x 14" either stationary or self-closing; that steel steps 2 ft. 6 in. wide with hand rails will be provided leading to fire escape balcony at sill level; that the primary stairway extends to cellar and subcellar; that in addition a fireproof enclosed steel stairway 3 ft. 10 in. wide is located at the rear, leading from cellar to subcellar. It is proposed to construct a new steel stairs 3 ft. 8 in. wide, fireproof enclosed from rear of cellar to first floor, as a continuation of this rear stairs; that clear passage is afforded from the new rear stair to the front of 1st floor which has a 5 ft. wide door and an 8 ft. wide rolling door and to be provided with a 3 ft. wide outwardly swinging door; and

WHEREAS, the applicant contends that to be required to comply with Section 270 of the Labor Law would require the construction of an addition enclosed stairway at prohibitive expense which would cause extreme hardship and reduce further the small rentable area and that such additional stairway would not be required to accommodate the number of occupants in the building, which is small; that any future occupancy in the building will be such as not to require a Fire Department permit for inflammable mixtures and such future use will also be limited to 5% of the floor area, to comply with Section 4A of the Zoning Resolution; that only one tenant and the owner will occupy the entire building; and

WHEREAS, the premises were inspected by a committee of the Board, which recommends that the appeal be granted under certain conditions; and

WHEREAS, in view of the amendment to the Labor Law, the exterior fire escape may be acceptable to the Department of Buildings after January 1st, 1957.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 141/56, Objection No. 1 and 2, and that the appeal be and it hereby is *granted*, *on condition* that the existing exits shall be maintained, as shown on plans filed with this appeal marked "Received February 24, 1956", (13 sheets); that there shall be no manufacturing in the cellar; and to permit the continuance of the fire escape on the front of the building as a second means of exit, *on condition* that such fire escape shall be maintained in good condition; that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct.

243-56-A

APPLICANT—Abraham Grossman, for 110 West 14th Street Corp., owner.

SUBJECT—Application March 13, 1956—Appeal from a decision of the borough superintendent, re egress.

PREMISES AFFECTED—110 West 14th street, south side, 150 ft. west of Avenue of The Americas, Block 609, Lot 33, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Abraham Grossman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 2, 1956 on Alt. App. 1143/55 reads:

"2. Provide two lawful means of egress from cellar and first floor as per Sec. 271 of Labor Law."

and

WHEREAS, the applicant states the building is 10 stories, 115 ft. in height, 25 ft. front by 106 ft. in depth, of fireproof construction, erected 1906 now located on a lot 25 ft. front by 106 ft. 0½ in. in depth in a residence and retail use, B area, Class 2 and Class 1½ height district and used and occupied since 1906—cellar—boiler room and storage, one persons; 1st floor—store and dress shop, 6 persons; 2nd floor—manufacturing slipper trimmings, 4 persons; 3rd floor—manufacturing gloves, 20 persons; 4th floor—manufacturing wirework, 20 persons; 5th floor—printing, 5 persons; 6th floor—manufacturing metal specialties, 12 persons; 7th floor—printing, 4 persons; 8th floor—printing, 4 persons; no change in use or occupancy is proposed; the building is equipped with an approved standpipe system and an approved interior fire alarm system and regular monthly fire drills are maintained; there is one 3 ft. wide interior fireproof stairs, enclosed in 4 in. terra cotta blocks equipped with fireproof self-closing doors leading direct to street and provided with a ladder and scuttle to roof and one exterior stairs on the rear extending to roof by stair and to street by stair and to yard by stair with egress through a 3 ft. wide fireproof passageway to street; window and door openings on the course of the exterior are fireproof self-closing; and

WHEREAS, the applicant states that the building was erected in 1906 as a factory building and has been continuously used as such and is entirely fireproof, equipped with a fireproof stairs leading directly to the street and an exterior stairs complying with Section 268 of the Labor Law which leads to a fireproof passage to the street; that the cellar has a 24 in. by 24 in. engineer's exit opening on the street at the front of the building, an iron ladder in the rear of the building leading from cellar floor level to the existing interior stairs at the rear. An existing steel stairs leads from cellar to store on the 1st floor which inadvertently was not noticed as it has not been used for many years; and

WHEREAS, the applicant states it is now proposed to remove the existing iron ladder in the rear from the cellar to the existing stair balcony on mezzanine floor level and replace same with a Labor Law exterior stair as indicated on plans filed with this appeal; that this balcony on the mezzanine floor level leads to a fireproof passage which in turn leads to the street; that the cellar contains a boiler room and is used for storage, only one occupant is in the cellar; that the store has a pair of exterior entrance doors which are ample for the six persons who may be in the store at any time; and

WHEREAS, the applicant contends that since there is no manufacturing in the cellar or on the first floor, it is requested that the Board grant a variance accepting the exit conditions and waiving the objection of the borough superintendent for a second means of egress from the cellar and the first floor store; and

WHEREAS, under date of February 15, 1956, under Cal. No. 721-55-A the Board denied an application for a variance of Section 271 of the Labor Law predicated on a decision of the borough superintendent dated September 1, 1955 on Alt. App. 1143/55 after inspection by a committee of the Board which committee recommended that the conditions in the cellar were not safe and should not be approved; and

WHEREAS, the time of the action by the Board under Cal. No. 721-55-A the applicant stated that the 9th floor was

used by manufacturing silk screens with an occupancy of 6 persons and the 10th floor for the manufacture of ladies clothing with an occupancy of 6 persons; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1143/55, Objection No. 2 and that the appeal be and it hereby is granted, to permit the exits from the cellar as shown on plans marked "Received March 13, 1956", (4 sheets), on condition that the ladder now existing to the mezzanine level shall be removed and the stair from the existing cellar level to the mezzanine shall be constructed as indicated on such plan, so as to permit means of exit from the rear of the cellar to the street through such stair and through the mezzanine passage; that there shall be no manufacturing carried on in the cellar; that the engineer's ladder to the street shall be maintained with an easy opening device; and that the building and occupancy shall comply with all laws, rules and regulations applicable thereto in all other respects.

349-56-A

APPLICANT—George P. Ames, for Gina E. Tolaksen, Ruth Hannsen and Jennie Wirtenson, owners.

SUBJECT—Application May 7, 1956—filed pursuant to section 35, General City Law re erection of building in bed of mapped street, 198th (Green) street.

PREMISES AFFECTED—197-20 Linden boulevard, southwest corner of 198th (Green) street, Block 12618, Lot 10, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: George P. Ames, Donald J. White and Herbert A. O'Brien.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated May 2, 1956 on Alt. App. 415/56 reads:

"1. The erection of building in the bed of a mapped street requires the approval of the B. of St. & A. as per section 35 of General City Law. NOTE. The above objection is given at the request of the applicant."

and

WHEREAS, the applicant states the building is one story, 25 ft. in height, 20 ft. front by 51 ft. in depth, of class 4 construction, erected 1924 on a lot 29 ft. front by 104.73 ft. in depth, in a local retail and residence use, D and E area, class ½ height district, and used and occupied since 1924 as a one family dwelling, no change in use of occupancy is proposed; and

WHEREAS, the applicant states that the building was erected in 1924 when 198th street had a mapped width of 50 ft.; that the building was purchased by the present owners October 26, 1946, that on December 13, 1928 198th Street was mapped at a width of 60 ft. which made the easterly wall of the building in question encroach approximately 3 in. into the proposed street widening; and

WHEREAS, the applicant contends that the owners contracted to purchase another house in December, 1954 and on December 15, 1955, contracted to sell the building in question subject to procuring a mortgage, that in spite of the fact that the building was legally erected in 1924, the bank refused to make the mortgage commitment and the title company refused to insure due to section 35 of the General City Law not having been complied with and a variance obtained from the Board; that the attorney for the purchaser has consented to an adjournment of the closing so as to permit the owner to obtain a variance; and

MINUTES

WHEREAS, an examination of the records of the Department of Buildings indicate that Permit No. 4568 was legally issued May 27, 1924 for the erection of the building in question under NB App. 4568 of 1924, prior to the enactment of Section 35 of the General City Law, and that work was completed under this application on the second day of September, 1924 in accordance with the approved plans and permits; and that Alt. App. 601/40 filed to erect a frame extension at the rear of the first floor to contain two bedrooms and bathroom was approved by the Borough Superintendent April 3, 1940 and Permit No. 1941/40 was issued April 4, 1940 in violation of Section 35 of the General City Law to perform the work described in Alt. App. 601/40; the work was signed off as having been completed on July 9, 1940.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 415/56, Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the continuance of the building within the portion of 198th (Green) street, as mapped for widening, for such portion of the rear one-story extension, as shown on plan filed with this appeal, marked "Received May 7, 1956", (1 sheet), *on condition* that in the event the widening is carried out by the City, the award for such property and the damage for the building involved shall be as determined by the Court.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

COURT DECISION

Matter of Avenue P and East 19th Street, Inc. vs. Board:—On
February 15, 1955, the Board denied an application under Sections
7c and 21 of the Zoning Resolution for a variance to permit in a
residence and business use, E area district, the extension of existing
structure, using more than the permitted area and without the re-
quired setback from street lines on Avenue P and East 19th Street
(previously denied as to erection and maintenance of stores and offices;
No. 1228-40-BZ, Vol. II; Premises 1816-1824 Avenue P and
1616-1620 East 19th Street, southwest corner, Borough of Brooklyn.
At Special Term, Supreme Court, Kings County, Mr. Justice Beck-
with sustained the Board in the following decision:

"This is a motion to vacate an order of certiorari and dismiss
a petition which seeks to reverse, annul and set aside a determi-
nation of the Board of Standards and Appeals of the City of
New York. The Board denied petitioner's application made pur-
suant to sections 7(c) and 21 of the Zoning Resolution to permit
the extension of an existing business structure, in a Residence
and Business Use, E area District, using more than the area per-
mitted and without the required setback from street lines. The
determination of the board has support in the record and is not
arbitrary or unreasonable....."
(New York Law Journal, April 6, 1956, page 11)

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

SUBJECT—Application August 30, 1955—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the proposed erection of a structure for storage, stores, loading and unloading, parking of patrons cars (no fee to be charged).

PREMISES AFFECTED—13-55 to 13-63 Beach Channel drive and 2201-2217 Birdsall avenue, southwest corner, Block 158, Lot 14, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Murray Fox, Sarah Chimenti, Saverio Chimenti, Alice Maddalena, Carmella Russo, W. Fischman, Mrs. W. Fischman, Nora Lawless and M. Francis Snowber.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 10, 1956, at 10 A.M. for inspection and decision; hearing closed.

709-55-BZ—Vol. II

APPLICANT—Henry Kohler, for Louis L. Rosenberg, owner.

SUBJECT—Application reopened May 1, 1956 as Vol. II—re (decision of the borough superintendent) under sections 21, 7e and 7h of the zoning resolution, to permit in a residence use, F-1 area district, the erection and maintenance of a gasoline service station, sales office, lubritorium, storage and parking of more than 5 motor vehicles, within the required setback, also the erection of signs within the required setback.

MINUTES

PREMISES AFFECTED—1988-2014 Rockaway parkway and 9613-9623 Seaview avenue, northwest corner, Block 8299, Lots 63-68 inclusive, Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry Kohler, Theodore Blatt, Louis L. Rosenberg and Frank L. Ippolito.

For Opposition: P. D. Concagh, Anthony W. Fiero, Maurice C. Greenberg, R. Hardy, John Montebello and Norman Brown

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 10, 1956, at 10 A.M. for inspection and decision; hearing closed.

752-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Redmont Sales Corp., owner.

SUBJECT—Application September 22, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, office, storage, lubritorium, minor auto repairs, car washing and parking of motor vehicles awaiting service.

PREMISES AFFECTED—14-43 to 14-47 (14-45 official) Clintonville street, east side, 63.99 ft. south of 14th road, 151-20 to 152-20 14th road and 153-15 to 153-91 Cross Island parkway, Block 4717, Lot 16, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Walter V. Bonquet.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 26, 1956, at 10 A.M. for further consideration and decision; hearing previously closed.

755-55-BZ

APPLICANT—Leonard F. Rothkrug, for 66-17 Grand Avenue Corp., owner (Times Square Corp., lessee).

SUBJECT—Application September 23, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a retail and residence use district, the proposed patrons and employees parking of more than 5 motor vehicles.

PREMISES AFFECTED—66-19 Grand avenue, north side, 85.44 ft. east of Hamilton place and 66-02 Perry avenue, southeast corner of 66th street, Block 2724, Lots 8 and 69, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Walter Szachacz.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 3, 1956, at 10 A.M. at request of the applicant, to obtain a new denial of the borough superintendent; hearing previously closed.

807-55-BZ

APPLICANT—Paul Trapani, for Peter and Patrick De Salvo, owners.

SUBJECT—Application October 17, 1955—(decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the extension and maintenance of an existing gasoline service station, to include auto laundry and minor repairs.

PREMISES AFFECTED—4116 White Plains avenue, southeast corner of East 230th street, Block 4843, Lot 45, Borough of The Bronx.

APPEARANCES—

For Applicant: Paul Trapani.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 10, 1956, at 10 A.M. for inspection and decision; hearing closed.

882-55-BZ

APPLICANT—Leonard F. Rothkrug, for Eldorado Enterprises, Inc., owner.

SUBJECT—Application October 26, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit partly in a business and partly in a residence use district, the erection and maintenance of an auto laundry and to permit the sale and display of used cars on a vacant portion of premises for a term of 10 years.

PREMISES AFFECTED—166-174 Kings Highway, 1676-1684 West 12th street, southwest corner and 33-47 Quentin road, Block 6619, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 26, 1956, at 10 A.M. for applicant to file more complete plans, showing building set back parallel with adjacent building to the west; hearing previously closed.

911-55-BZ

APPLICANT—Leonard F. Rothkrug, and Samuel Gardstein, for Bangor Realty Corp., owner.

SUBJECT—Application November 16, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit parking in a business use district and partly in a residence use district, the proposed use of the unbuilt upon portion of a lot for a parking lot and also for accessory parking for employees.

PREMISES AFFECTED—1674-1678 Broadway, south side, 59 ft. 4 in. west of Decatur street, and 747-755 Decatur street, Block 1503, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

For Opposition: Jac N. Wolff, Maud Flemming and Alexander Flemming.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 10, 1956, at 10 A.M. for inspection and decision; hearing closed.

954-55-BZ

APPLICANT—Charles M. Spindler, for 2112 Knapp Realty Corp., owner.

SUBJECT—Application December 2, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—2133-2145 Brigham street, east side, 113 ft. 11 in. south of Avenue U, Block 7370, Lot 58, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: Albert J. Gennarelli.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to July 10, 1956, at 10 A.M. for inspection and decision; hearing closed.

988-55-BZ

APPLICANT—Burke, Green and Groh, for Alexander F. and Amelia M. Keating, owners (Ernest LeMelle, lessee).

SUBJECT—Application December 16, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a manufacturing and local retail use district, the erection and maintenance of a gasoline service station, sales and service, car washing, minor auto repairs (with hand tools only) and lubritorium.

PREMISES AFFECTED—122-02 Farmers boulevard, west side, 266.38 ft. north of 180th street, Block 12458, Lot 115, St. Albans, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Robert T. Groh and Ernest LeMelle.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 26, 1956, at 10 A.M. for applicant to file an area plot plan, showing correct dimensions of the portions of the plot in the two zones; hearing closed.

849-55-BZ

APPLICANT—Leonard F. Rothkrug, for Estate of Morris Polivnick, owner.

SUBJECT—Application October 27, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the proposed parking lot principally in conjunction with a 144 family apartment building at 80 Winthrop street (pleasure type vehicles—non transient) is contrary to Art. II, Section 3 of the zoning resolution.

PREMISES AFFECTED—79-83 Winthrop street, north side, 643 ft. 3¾ in. east of Flatbush avenue, Block 5045, Lots 70 and 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Dr. Sidney Feldman and L. Feldman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn without prejudice, at request of the applicant, as owner may acquire additional land.

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

303-26-BZ—Vol. III

APPLICANT—Reginald S. Hardy, for Hayson Corp., owner.

SUBJECT—Application reopened May 24, 1955 as Vol. III—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business and residence use district, the proposed change in use from public garage for more than five cars to storage of metal furniture on first floor and manufacturing and storage of lamps on the second floor.

PREMISES AFFECTED—405-423 44th street, north side, 38 ft. east of 4th avenue, Block 729, Lot 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 24, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, at request of applicant's representative; then to June 12, 1956, at the request of the applicant's representative; then to June 19, 1956, for applicant to file revised plans (loading space) hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 44th street are in business and residence use, C area, class 1¼ height districts; 4th avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated May 4, 1955 acting on Alt. Applic. 467-55, reads:

"1. The proposed change in use from public garage for more than 5 cars to storage of metal furniture on 1st floor and manufacturing and storage of lamps on 2nd floor partly in a business and partly in a residence use district is contrary to the Zoning Res. Art. 11 Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 162 ft. frontage by 100 ft. 2 in. in depth, now occupied by a two story public garage; that it is proposed to convert a building erected as a two story garage, into a building the upper floor of which will be used for manufacturing and storage of lamps and the storage of furniture on the 1st floor; and

WHEREAS, the applicant states that the premises in question are located partly in a residence district and partly in a business district; that insofar as the portion of the premises within the business district is concerned the proposed uses are conforming; that a variance, however, is required for the portion within the residence district; that no heavy work will be done in the property and the operation of the business is limited to the conventional business hours; that it, of course, will be a much more preferable type of operation than the garage previously permitted by the Board; that the ground floor of the property is to be used for the storage of metal furniture in cartons; that no employees will be stationed in this portion of the premises and no work will be done there except the loading and unloading of furniture that is being placed in storage or removed from storage for delivery purposes; that this usage will be much less obnoxious than any use heretofore maintained in the premises; and

WHEREAS, the applicant contends that the owner asks only for a temporary variance with the understanding that at the conclusion of the present occupancy the property will revert to its former use as a storage garage; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1935; that the assessed valuation of land is \$34,000 and of the building \$110,000 making a total of \$144,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions as to continuation of present storage use on the first floor only; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the lower street story to be continued for storage of metal furniture and second floor to be left vacant, *on condition* that such portable fire fighting equipment shall be installed as the Fire Commissioner shall direct; that the entrance to the ramp to the second floor shall be boarded across at the building line so that there shall be no means of entrance thereto; that the loading and unloading shall be through the door within the business use district to the west and that all trucks shall be moved into the building before loading or unloading; and that all permits shall be obtained, including a new certificate of occupancy, within six months from the date of this resolution.

52-48-A—Vol. II

APPLICANT—Reginald S. Hardy for Hayson Corp., owner.

SUBJECT—Application reopened May 24, 1955 as Vol. II—re Appeal from a decision of the borough superintendent—exits, doors and ramp.

PREMISES AFFECTED—405-423 44th street, north side,

MINUTES

38 ft. east of 4th avenue, Block 729, Lot 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated May 4, 1955, on Alt. App. 467/55 reads:

"2. Provide at least two legal exits from the 1st floor remote from each other with outward swinging doors as required by Sect. 270 of the Labor Law.

3. The exit ramps should be enclosed in the 2nd story as required by Section 270 of the Labor Law." and

WHEREAS, the applicant states the building is 2 stories, 27 ft. in height, 162 ft. by 100 ft. 2 in. in depth, of fireproof construction, erected in 1927 on a lot 162 ft. front by 100 ft. 2 in. deep, in business and residence use C area, Class 1-1/4 height district; used and occupied since 1954: cellar—boilerroom; 1st floor—storage of metal furniture, 0 persons; 2nd floor—manufacturing and assembling electric lamps, 70 persons; no change in use or occupancy is now proposed; that the building is provided with one 4 ft. wide steel stairs, enclosed in terra cotta partitions, equipped with metal covered doors which are self-closing; stairhall leads to roof bulkhead and to street; in addition there is one fire escape on the rear, extending to roof and yard by ladder with egress to street through building; window and door openings on course thereof are not fireproof, self-closing; and

WHEREAS, the applicant contends as to Objection 2 of the decision that at present access to 1st floor is by means of conventional garage-type doors which are not in compliance with the Labor Law; that while the building will be used for factory and come within the purview of the Labor Law, the first floor will not be used for factory nor will any employees be stationed therein at any time except during the loading and unloading of merchandise; that it will serve no useful purpose to install new doors, in view of the fact this is but a temporary use; and

WHEREAS, the applicant contends as to Objection 3, that the ramp is entirely enclosed insofar as the first floor is concerned; that the second floor, however, is open; that as the building is in single occupancy, it is believed no useful purpose will be served by enclosing the ramp which leads merely to the street; that in lieu of enclosing such ramp, the owner proposes that an approved type fire escape be provided at or near the easterly end of the building; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated May 4, 1955, acting on Alt. App. 467-55, Objections 2 and 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the exit as shown on plans filed with Cal. No. 303-26-BZ, Vol. III, resolution for which was adopted this day, shall be maintained for the occupancy as permitted therein and for no other occupancy; that the existing ramp to the second story shall be unused; that the entrance to such ramp at the building line shall be blocked off; that the second story shall remain vacant as provided in the resolution above cited; that in all other respects the requirements shall be in accordance with the resolution above cited; that the building shall not be increased in height or area; and that no additional openings shall be constructed on the side or rear lot lines; that such firefighting equipment shall be maintained as the Fire Commissioner shall require.

515-40-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Kaymos Realty Corp. and Paradis Estates, owners.

SUBJECT—Application reopened October 25, 1955 as Vol. III—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles and the maintenance of a frame building for use as an attendant's shelter.

PREMISES AFFECTED—139-155 (153 official) Beach 117th street, west side, 440 ft. south of Rockaway Beach boulevard, Block 757, Lots 28, 32, 34 and 37, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and John Somyak.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 25, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Beach 117th street are in a residence use, E-1 area, class 1 height district; Ocean Promenade is in business and residence use, C area 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 31, 1955 acting on Alt. Applic. 809-55, reads:

"1. Proposed use of attendants shelter (10' x 10' frame) parking & storage of motor vehicles on open lot in a Residence E-1 zone is contrary to Art. II Sec. 3 & Art. IV Sec. 15A of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 220 ft. frontage by 100 ft. in depth, on which is located a 2-car garage, which is to be removed; that it is proposed to secure a variance for a period of 5 years in order to use the premises for the parking and storage of motor vehicles and a frame office building having a frontage of 10 ft., a depth of 10 ft. and one story in height, to be used by the parking lot attendant; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a class E area district and received its present area designation on December 21, 1948; and

WHEREAS, the applicant contends that the site occurs at one of the most congested beaches in the City and as such is entirely in keeping at this point; that the public beach in block 756, lot 85 does not create a residential aspect to Beach 117th street and if said public beach were not owned by the City it could only be maintained in a business zone; that its effect on Beach 117th street is therefore exactly the same as though said area were in a business zone; that the beach is highly beneficial to the public as a city wide improvement, but it has placed an extreme hardship on all of the property within the affected area; that the proposed parking lot will relieve the critical parking situation and give the surrounding owners some measure of relief as well as rendering a distinct service to the public; that the public beach does not have any parking facilities but it invites the public to use the beach facilities on a city wide basis and expects these people to park their cars in a residential area; that the parking of said cars in the street as much a business use as would be the parking of said cars in a legally constituted parking lot; that in addition the occupants of the 6-story apartment house directly across the street in block 756, lot 62 do not have any garage or parking facilities for their tenants and this condition further aggravates the parking situation to such an extent that if this apartment house were to be erected at this time, the building would legally be forced to provide parking facilities under section

MINUTES

19B of the zoning ordinance; that the bath houses also directly across the street in block 156, lot numbers 36 and 58 are a business use with no provisions made for parking of their customers' cars and these cars therefore not only create a business use on Beach 117th street but are in critical need of parking facilities which the instant proposal will help to supply; that the 3-story hotel on the same lot further aggravates the parking situation; and

WHEREAS, the applicant states that the present owner has held title to lots 28, 32 and 34 since April 29, 1932 and to lot 37 since December 3, 1952; that the assessed valuation of land is \$26,400 and of the building \$500 making a total of \$26,900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied as proposed for the transient parking of pleasure-type automobiles only, as indicated on plans filed with this application, marked "Received September 19, 1955", 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of Beach 117th street, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, with no openings therein except two to Beach 117th street where shown, with curb cuts opposite, not over 15 ft. in width; that the entrances shall be fitted with gates which shall normally be kept closed when the parking lot is not in operation; that during the term of this variance, the premises shall be occupied for no other use and no buildings shall be erected thereon, except there may be a building of Class 3 construction, not over one story in height and not over 100 sq. ft. in area, for use solely as an office and shelter for the attendant; that the sidewalks and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that proper bumpers shall be maintained against the fences at all times for protection thereof; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the fence at each entrance, not exceeding 15 sq. ft. each, not illuminated and not extending beyond the building line, advertising the parking use, rates charged and such other information as the Commissioner of Licenses may require; that there shall be no dressing or undressing in automobiles parked on the premises; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

95-45-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Loberg Realty Company, Inc., owner (Bergen Cabinet Inc., lessee).

SUBJECT—Application reopened October 11, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use, C area district, the proposed change of use of a frame building from wagon storage to wood-working factory, lumber storage and offices, and erection of proposed extension (to woodworking factory) which exceeds permitted coverage.

PREMISES AFFECTED—1548-1564 Bergen street, south side, 176 ft. west of Utica avenue, Block 1354, Lots 28 and 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Sam Fine.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 11, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Bergen street is in residence and local retail use, C area, class 1 height districts; Utica avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 23, 1955 acting on Alt. Applic. 278-55 reads:

"1. Extending business use in a residential use district is contrary to Art. II Sect. 3 of Zone Resolution.

2. Area of new extension will exceed permissible area under Art. IV Sect. 13 of Zone Resolution.

4. New Proposed changes do not comply fully with B.S.A. Resolution Cal. #96-45-BZ.

5. Proposed change of use of frame bldg. located in a residence use district from wagon storage to lumber storage is contrary to Art. II Sect. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 166 ft. frontage by 155 ft. 7 in. in depth, irregular, and presently developed as follows: building A—one story, class 4 construction, with a frontage of 18 ft. and a depth of 85 ft. 7 in., erected under N.B. Applic. 471-11 as a frame wagon shed; building B—2 story, class 3 construction, having a frontage of 31 ft. and a depth of 130 ft., erected under N.B. 2014 of 1901 for use as a factory; building D—one story, class 3 construction, having a width of 88 ft. and a depth of 70 ft., altered under Alt. 18267 of 1923 for use as a woodworking factory and showroom; that although factory use has been on the site since 1880 the above are the only records available in the department of buildings; building C—one story extension having a frontage of 49 ft. and a depth of 127 ft. 9½ in., class 1 construction, erected under Alt. 278-45 and a variance of the Board under Cal. No. 96-45-BZ; that under the same variance buildings B and D were altered so that the three buildings together had a legal use of cellar, woodworking factory and storage—1st floor, woodworking factory—2nd floor, offices, lockers and drafting room; that no certificate of occupancy has been issued to date as frame building A has not been removed; that the Board, under the same variance, granted the right to erect a new 39 ft. by 85 ft. 7 in., one story extension at the easterly part of the site to be used as a woodworking factory; that this extension was proposed to replace the present 18 ft. wide by 85 ft. 7 in. deep frame story building shown as building A, which was to be removed; that this extension was never erected and the present frame building of 18 ft. by 85 ft. 7 in. still remains and is being used for lumber storage; and

WHEREAS, the applicant states that it is proposed to erect a new one story extension shown as Building E, of class 3 construction, at the westerly end of the site having a frontage of 39 ft. and a depth of 117 ft. 9½ in., to be used as a woodworking factory in conjunction with the present adjoining buildings; that the combined occupancy of buildings B, C, D and E will be cellar—woodworking factory, boiler room and lumber storage; 1st floor—woodworking factory; 2nd floor—offices, toilets, lockers and drafting room; that it is also proposed to maintain the frame 18 ft. by 85 ft. 7 in. frame building known as build-

MINUTES

ing A, but this building will be reduced in length to 80 ft. 7 in. and a new masonry wall be erected at the front; and

WHEREAS, the applicant states that the premises are located in a residence use district, class C area district and class 1 height district; that as of July 25, 1916 that part of the site within 100 ft. was in a business use district and received its present use designation on November 14, 1940; that under the rules in force on July 25, 1916 the business part of the site was 100 ft. in depth; that under the rules adopted with zoning maps of October 3, 1924 the business use on Bergen street was interpreted as extending to a line midway between St. Marks avenue and Bergen street; and

WHEREAS, the applicant contends that inasmuch as the present buildings have a legal non-conforming use since before the enactment of the zoning resolution, it is only proposed to extend said use; that although Bergen street is in a residence zone at this point it is not residential in character as is evidenced by the many non-conforming uses in existence which make the proposal entirely in keeping at this point; that the non-conforming uses, some directly opposite the site, are as follows: block 1348, lots 62, 66, 68, 70, 72, 78 and 1—loft building, auto repair shop, store, garages, auto repair shop, loft and stores; block 1354, lot 11—store; that the part of the site to be occupied by the new extension shown as building E has an area of 4983 sq. ft.; that the proposed extension has an area of 4593 sq. ft. so that the allowable coverage of 2989 sq. ft. is exceeded by only 1604 sq. ft.; that a legal 10 ft. deep rear yard will be maintained and as the adjoining building on the same site extends to the rear lot lines, a better condition for the block is being established; and

WHEREAS, the applicant states that the present owner has held title to lot 28 since October 17, 1951 and to lot 30 since May 5, 1922; that the assessed valuation of land is \$15,400 and of the buildings \$29,300 making a total of \$44,700; that the buildings were erected in 1901; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Sections 7c and 21, to permit the extension of the proposed building beyond the area permitted; that this and all other buildings shall be maintained jointly for the uses proposed and as indicated on plans filed with this application, marked "Received September 7, 1955", 9 sheets, *on condition* that the building shall not be further increased in height or area than as now proposed and shall be used in conjunction with the existing use on lot 30, as proposed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and in accordance with requirements and resolution heretofore adopted where not inconsistent with the terms of the resolution other than as modified under resolution adopted this day under Cal. No. 809-55-A; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a certificate of occupancy shall be obtained.

809-55-A

APPLICANT—Lama, Proskauer and Prober, for Lorberg Realty Company, Inc., owner (Bergen Cabinet Inc., lessee).

SUBJECT—Application September 7, 1955—re Appeal from a decision of the borough superintendent—frame building—factory use.

PREMISES AFFECTED—1548-1564 Bergen street, south side, 176 ft. west of Utica avenue, 1st floor, Block 1354, Lots 28 and 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Sam Fine.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated August 23, 1955, on Alt. App. 278/55 reads:

"3. Factory use in a frame building is contrary to Sect. 270 of Labor law."

and

WHEREAS, the applicant states the building is 1 and 2 stories, 12, 13 and 28 ft. in height, 127 ft. irregular front by 155 ft. 7 in. irregular in depth at 1st floor, 31 ft. front by 130 ft. in depth at 2nd floor, of Class 3 and 4 construction, erected in 1901, now on a lot 166 ft. front by 155 ft. 7 in. irregular in depth, in a residence use, C area, Class 1 height district; used and occupied since 1921: cellar—woodworking, factory, ordinary use and storage, 5 persons; 1st floor—woodworking factory and storage, 60 persons; 2nd floor—office and lockers, 15 persons, for which no certificate of occupancy has been issued; proposed to be used and occupied as follows: cellar—woodworking factory, ordinary use and storage, 5 persons; 1st floor—woodworking factory and storage, 70 persons; 2nd floor—office and lockers, 15 persons; that the building is provided with a 1-source sprinkler system, 1 interior open stairs and 1 enclosed stairs, the latter enclosed in partitions of wood studs covered with asbestos, with wood self-closing doors; stairhalls do not lead to street or roof; that there is one fire escape on side of building extending to roof by ladder and to yard by stairs with egress to street through yard; window and doors on course thereof are fireproof, self-closing; and

WHEREAS, the applicant contends the premises are developed with four buildings known as Bldgs. A, B, C and D; that it is now proposed to change the use of Building A, a frame, 1-story building 18 ft. front by 85 ft. 7 in. in depth from existing legal use of wagon shed, as established under N.B. App. 471/11, to the use of lumber storage in conjunction with the woodworking factory now in Buildings B, C and D; that Building A will be reduced to 80 ft. 7 in. in depth and a new masonry front installed 5 ft. back of the Bergen Street building line; that no factory activity will be performed in the building as it will be used only for storage of lumber with no permanent occupants; that this frame building abuts the existing Class 3 factory and the connecting door will be provided of fireproof construction; that the building is equipped with a dry sprinkler system which will be maintained; that the present factory building abutting is equipped with a one-source wet sprinkler system; that the lumber storage building will be only one story in height and have three exits to an open side yard.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 278/55, Objection No. 3, and that the appeal be and it hereby is *granted*, as to Building A, to permit the continuance of such building for the use proposed, as shown on plans filed with Cal. No. 96-45-BZ—Vol. II, marked "Received September 7, 1955", 9 sheets, under variance granted by the Board this day, and *on condition* that the one-source sprinkler system shall be maintained in accordance with requirements therefor to the satisfaction of the fire commissioner; that the sprinkler system in the adjoining building shall also be installed and maintained in accordance with the requirements therefor; that the building shall not be increased in height or area.

467-54-BZ

APPLICANT—Ingram S. Carner, for Sam Rosenberg, owner.

SUBJECT—Application June 9, 1954—(decision of the borough superintendent) under section 7h of the zoning

MINUTES

resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of ten years.
PREMISES AFFECTED—940-960 Belmont avenue, 199-223 Crystal street, southeast corner and 530-548 Chestnut street, Block 4228, Lot 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: J. L. Barberu.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Belmont avenue are in a residence use, C area, class 1 height district; Crystal street and Chestnut street are in residence and local retail use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1954 acting on Alt. Applic. 1892/54, reads:

"1. The proposed parking lot for motor vehicles in a Residence use district is contrary to Art. II sec. 3 of zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 200 ft. frontage by 167 ft. 4 in. and 211 ft. 9 3/4 in. in depth, irregular, presently vacant; that it is proposed to grade the property, install a 5 ft. 6 in. woven wire fence along the building lines and lot lines and install cinders with a binder to reduce dust, install a 10 ft. by 10 ft. attendant's shanty, so that a parking lot for private cars can be maintained at the premises; and

WHEREAS, the applicant contends that in view of the fact that the large housing development by the New York City housing authority has not provided for parking and that extensive business area is being provided along Sutter avenue, this parking area will properly serve the entire area; that the Board has considered the area and has recommended that a parking area be provided in the next block from Chestnut to Doscher streets and has granted a variance under Cal. No. 626-53-BZ; that in view of the foregoing and further that parking should be provided in all areas where business and concentrated residences are congregated, it is requested that this application be granted for a temporary period of years; and

WHEREAS, the applicant states that the present owner has held title to the property since May 7, 1953 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, as indicated on plans filed with this application, marked "Received June 9, 1954", 2 sheets, *on condition* that only motor vehicles of the pleasure car type shall be so parked or stored; that the premises shall be leveled substantially to the grade of the abutting streets, graded with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with no openings therein except two to Belmont avenue, each not over 12 ft. in width with curb cut opposite not over 15 ft. in width, which openings shall be fitted with gates, normally kept closed

when the parking lot is not in operation; that proper bumpers shall be maintained against the fence for protection thereof; that signs shall be restricted to a permanent sign attached to the fence at each entrance, not over 15 sq. ft. in area, not illuminated and not extending beyond the building line; that such sign shall advertise only the parking and storage use, rates charged and such other information as may be required by the Commissioner of Licenses; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that during the term of this variance, there shall be no other uses on the site, or buildings erected other than a building of class III construction not over one story in height and not over 100 sq. ft. in area, for use of the attendant as a shelter and office, erected near the entrance; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

957-54-BZ

APPLICANT—Herman Horowitz, for Senville 35th Street Realty Corp., owner.

SUBJECT—Application reopened March 20, 1956—The Supreme Court, Appellate Division, First Department annulled the determination of the Board and remitted the matter to the Board for further proceedings not inconsistent with the opinion herein (New York Law Journal, February 1, 1956). In accordance with the resettled order of the Court, annulment of the resolution of the Board adopted April 12, 1955, recorded and application reopened for further proceedings not inconsistent with the order of the court, and set for hearing on April 24, 1956 at 10 A.M., for applicant to present further arguments—re (decision of the borough superintendent), previously granted by the Board, on certain conditions, under section 21 of the zoning resolution, permitting in a business use, B area district, the extension on first story of proposed structure, using more than the area permitted.

PREMISES AFFECTED—524-532 3rd avenue and 163-167 East 35th street, northwest corner, Block 891, Lots 38, 39, 41, 42 and 43, Borough of Manhattan.

APPEARANCES—

For Applicant: Jesse Climenko.

For Opposition: Philip Eisenberg.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 8, 1955 after due notice by publication in the Bulletin; laid over to March 29, 1955, for inspection and decision; hearing closed; then to April 12, 1955, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 3rd avenue are in a business use, B area, class 1 1/2 height district; East 35th street is in residence and business use, B area, class 1 1/2 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 17, 1954 acting on N.B. Applic. 67-53, reads:

"1. Proposed extension in first story of new building exceeds the permissive coverage as specified in Sec. 12B(b) Art. IV Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 98 ft. 9 in. frontage by 99 ft. 11 1/2 in. in depth, on which is located a building under construction; that it is proposed to erect a 14 story apartment house, with

MINUTES

two stores; that the site has been excavated and foundation walls and footings are now being constructed; and

WHEREAS, the applicant requests a variation so that the store on the street floor, to be entered from Third Avenue, may be extended to the rear lot line so as to add an area of 27 ft. 5½ in. by 74 ft.; and

WHEREAS, the applicant contends that practical difficulty and unnecessary hardship are present in this case because strict compliance with section 12B will require the owner herein to provide light and air, at street floor level, to adjoining properties without equality of privilege to the owner; that the existing building on lot 37, wholly devoted to business use, though originally constructed as a residence, covers the entire lot; that while the structure now on lot 44, used mainly for business purposes, does not quite cover the entire lot, the restrictions of section 12B will not apply to this lot if a new business structure is erected thereon; that it will not be possible to rent the store in question to a choice tenant unless the store has greater depth; that the presence of a store tenant of the highest type will be of advantage to the entire neighborhood as well as to the owner; and

WHEREAS, the applicant states that the present owner has held title to the property since April 7, 1953; that the assessed valuation of land is \$134,000 and of the building \$30,500 making a total of \$164,000; that the building is in course of construction; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and it was found that due to the grade that the proposed extension of the building, one story in height, would have a roof substantially below, or about at the grade of the premises facing on Sniffen Court, and that light and air would not be affected, the committee recommends that the application be granted on condition; and

WHEREAS, on April 12, 1955 this application was granted by the Board on certain conditions under section 21 of the zoning resolution, to permit in a business use, B area district, the extension on first story of proposed structure, using more than the area permitted; and

WHEREAS, the Supreme Court, Appellate Division, First Department annulled the determination of the Board and remitted the matter to the Board for further proceedings not inconsistent with the opinion herein (New York Law Journal, February 1, 1956); and

WHEREAS, in accordance with the resettled order of the Court, annulment of the Resolution of the Board adopted April 12, 1955, was recorded and application reopened on March 20, 1956 for further proceedings not inconsistent with the order of the court, and set for hearing on April 24, 1956 at 10 A.M., for applicant to present further arguments; and

WHEREAS, such hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; then laid over for consideration and decision by the Board, date to be set, hearing closed; then set for June 19, 1956; and

WHEREAS, the premises and surrounding area were inspected by all members of the Board; and

WHEREAS, the findings of the Board are as follows:

June 7, 1956.

Re: Cal. No. 957-54-BZ

Premises: 524-532 Third Avenue,
163-167 East 35th Street, Manhattan.

Section 12(b) indicates the intent to require a residence building when erected in a Business District, B area, to have the area of building coverage limited as therein set forth. No mention is made of a building when used only in part for residence use. A proper interpretation of this Section is that unless a building is used throughout for residence use, the Section does not apply to a building used only partly for residence. The building in question is only partly used for residence use. Part of this building is used for business and that part is permitted to be erected in compliance with Section 12 (a) and Section 17 (a). Under Section 17 (a), a building erected on a corner lot requires

no rear yard except where it abuts a residence district, in which case a rear yard is required. Such rear yard to be built over to a height "not above the sill level of the 2nd story windows, nor in any case more than 23 feet above the curb level", nor is there any requirement where a building, such as the one in question, is partly used for business and partly used for residence must comply with Section 12 (b). That the residential portion of the building in question does comply with the requirements of Section 12 (b), while perhaps desirable, such compliance is not required and the owner was free to construct the residential portion as he chose, provided that such part of the building complied with the Sections of the Zoning Resolution relating thereto and the requirements of the Multiple Dwelling Law.

The Board finds that the building is in substantial compliance with the provisions of the Zoning Resolution and that the interpretation of the Department of Buildings—that the building should comply with the terms of Section 12 (b) is incorrect. Had the owner filed an Administrative Appeal to the Board, the Board could have made such a finding as hereinbefore set forth. But such a procedure, in view of the urgency, would have taken time. It is sufficient for this Board to find that practical difficulties and unnecessary hardship are caused due to "unique circumstances which reflect the unreasonableness of the Zoning Ordinance itself" as wrongly interpreted by the Department of Buildings. (*Otto vs. Steinhilber*, 282 N.Y. 71).

It is a salient principle of zoning that there should be a contribution to light and air by the owner and adjoining owners for the common welfare. It should be noted that the owner to the west, whose buildings exist lawfully or unlawfully for the full depth of his lot, contributes no light or air at his lot grade. Due to the sloping grade of the applicant's plot, the unbuilt-upon space at the rear, required under Section 12 (b), would be approximately six feet below even the street grade of the buildings of the owner abutting to the west. These facts precluded the use of the building throughout for residence purposes as any rear apartments on the ground floor would have been unrentable, with windows opening upon a deep pit, with the sheer walls of the buildings on the lot line to the west hemming in the area and shutting off the light and air. Had the owner chosen to construct the building for residential use throughout, under the terms of 12 (b), he would suffer from practical difficulties and unnecessary hardship. If he considered using the space at the rear for unloading or garaging, as Section 12(b) permits, an entering ramp from East 35th Street would itself use too much of the space as to make such use impracticable. An entrance from Third Avenue would obviously be wasteful and impracticable. Furthermore, an unloading space for a building residential throughout is unneeded. A garage permitted by Section 12 (b) would be a failure because it would be too small in area to be economically successful for operation by the owner or under the usual concession method.

It was apparent to the owner for the above reasons that a building, if residential throughout, under Section 12 (b) was impractical. He could have constructed a building for business throughout but believing that the correct development of the plot was a building part business and part residence, he proceeded on that basis, only to be blocked by an incorrect ruling of the Building Department. The Board has recognized the unique state of facts, including the lack of even one square foot along the common lot line to the west for light and air, and in finding that there are practical difficulties and unnecessary hardship has corrected the error in interpretation.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 15, 1956 after due notice by publication in the Bulletin; laid over to June 12, 1956, for inspection and decision; hearing closed; then to June 19, 1956, for applicant to file a new immediate area plan and for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Metropolitan avenue are in an unrestricted use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 28, 1955 acting on Alt. Applic. 225-55, reads:

"1. Area of the plot to be occupied exceeds percentage permitted by Sec. 14, Subd. c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 51 ft. 7 in. frontage by 128 ft. 7 in. in depth on which is located a two story building of class 4 construction, 51 ft. 7 in. front on Metropolitan avenue by 61 ft. 2½ in. in depth, 24 ft. 6 in. in height, used and occupied as a factory for the manufacture of mirror and glass products; that the area of the lot is 7054.6 sq. ft.; the built upon area of the lot, 3155.5 sq. ft.; excess land area, 3899.1 sq. ft.; allowable area, 2144.5 sq. ft.; proposed extension, 3096 sq. ft.; excess area, 951.5 sq. ft.; that it is proposed to demolish an existing one story frame extension 12 ft. by 25 ft. 6 in. and extend the building at the rear by adding a one story extension 60 ft. in depth by 51 ft. 7 in. in width, of class 3 construction, to be occupied as additional factory and storage space in conjunction with existing factory; that it is also proposed to maintain a rear yard 7 ft. 2 in. and 13 ft. 6½ in. in depth for the width of the lot; and

WHEREAS, the applicant contends that the premises is owner occupied; that the present owner's father acquired title to the premises about 1920 and operated the present business at this location since that time; that the present owner acquired title and continues to operate the business; that the owner is in need of additional space for efficient operation of his business as the bulky and fragile nature of the product requires additional area; that the extension will be of class 3 construction; that the owner previously had altered the front of his building to present a modern attractive building; that the premises is located in an unrestricted use district and it is believed that the D area zone

MINUTES

designation which has existed since 1916 was not primarily intended to limit the percentage of coverage in an unrestricted district; that a substantial number of the premises in the affected area were developed in excess of the limitation of section 14c before the amendment of December 4, 1944; that the premises immediately adjoining to the east in block 2771, lot 52 was the subject of Cal. 517-54-BZ, granted by the Board to permit the extension of the existing structure in excess of the area district limitation; and

WHEREAS, the applicant states that the present owner has held title to the property since February 8, 1955; that the assessed valuation of land is \$4900 and of the building \$11,000 making a total of \$15,900; that the building was erected in 1894; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the rear of the plot is hemmed in on all sides with no contribution of light and air from abutting premises; and

WHEREAS, the Board found that the applicant has substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to extension of area to permit the erection of a two story extension at the rear of the existing building as proposed and as indicated on plans filed with this application marked "Received May 26, 1955" (11 sheets) and "June 15, 1956" one sheet, *on condition* that the building shall not be extended in height or area beyond what is now proposed; that it shall in all other respects comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 437-55-A; that the rear yard shall be concreted and properly drained and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

PREMISES AFFECTED—63-17 to 63-19 Metropolitan avenue, north side, 173 ft. 5 in. east of 62nd street, Block 2771, Lot 55, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated April 28, 1955, on Alt. App. 225/55 reads:

"2. Provide two legal exits from each floor area Sec. 270 Labor Law."

3. Extension to a frame factory building is contrary to sec. 4.1.5 and 4.2.1 and 4.2.3 of the administrative code."

and

WHEREAS, the applicant states the building is 2 stories, 24 ft. 6 in. in height, 51 ft. 7 in. front by 61 ft. 2½ in. irregular in depth, of Class 4 construction, erected in 1894 on a lot 51 ft. 7 in. front by 128 ft. 7 in. in depth in an unrestricted use, D area, Class 1 height district; used and occupied since 1940 as follows: cellar—storage; 1st floor—

grinding and polishing glass, 5 persons; 2nd floor—manufacturing glass products, 6 persons; proposed to be used and occupied: cellar—storage; 1st floor—grinding, polishing and storage of glass, 10 persons; 2nd floor—manufacturing glass products, 6 persons; that the building is provided with two 3 ft. 10 in. wide steel stairs, enclosed with partitions of metal lath and ¾ in. portland cement, equipped with fire-proof, self-closing doors leading direct to street and with scuttle and ladder to roof; and

WHEREAS, the applicant states it is proposed to demolish a one-story existing frame extension on the rear 12 ft. by 25 ft. 6 in. in area and extend the building at the rear by a one-story Class 3 extension 51 ft. 7 in. in width and 60 ft. in depth, to be used for factory and storage in conjunction with existing factory and to maintain a rear yard 7 ft. 2 in. and 13 ft. 6½ in. in depth for the entire width of the lot; that the present owner's father acquired the premises about 1920 and operated the business at this location up to his death when the present owner acquired the title; and

WHEREAS, the applicant states the structures consist of two 2-story, Class 4 structures adjoining each other and used as follows: Westerly structure—cellar, storage; 1st floor, factory, 5 persons; 2nd floor—factory, 6 persons; easterly structure—cellar—storage; 1st floor, warehouse and office, 5 persons; 2nd floor—manufacturing, 6 persons; and

WHEREAS, the applicant states that for each building there is an interior steel stairway, enclosed in fire-retarded partitions leading from second floor direct to street and a party-wall fire escape at rear; that in addition to erecting the Class 3 extension at the rear, it is proposed to provide a horizontal connection on the 2nd floor and the 1st floor for conjunctive use of both structures; and

WHEREAS, the applicant contends as to Objection 2 issued by the borough superintendent that direct access is now available to each of two enclosed stairways leading directly to the street from the second floor; that from the first floor there are two stairways remotely located leading direct to the street; that the cellar and 1st floor ceilings of existing building will be fire-retarded; that the cellar areas are used for storage; that the two stairways leading to first floor, remotely located which serve the cellar area and will be provided with a new communication passageway at rear; and

WHEREAS, the applicant contends as to Objection 3, that the Code permits the proposed extension since it will be entirely of Class 3 construction and well within the 10,000 sq. ft. and 30 ft. height permitted; that the total sectional area will be 6,254 sq. ft.; that both buildings are now used; that there will be no increase in area of the Class 4 structure other than the proposed conjunctive use of the two existing frame buildings; and

WHEREAS, the premises were inspected by a committee of the Board in connection with Cal. No. 436-55-BZ which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 225/55, and that the appeal be and it hereby is *granted*, as to Objection No. 2 *on condition* that the exits as proposed and as indicated on plans filed with this appeal marked "Received May 26, 1955" 10 sheets, shall be complied with; that the fire escape, as proposed at the rear, shall be constructed and maintained extending to the yard from which access shall be provided across adjoining premises; that there shall be no manufacturing in the cellar; that such cellar shall be used for storage only and shall comply with the requirements as to exits as shown on such plans; that, as proposed, a sprinkler system in the cellar shall be maintained; that housekeeping throughout the building shall be materially improved so as to permit no inflammable material to be accumulated and to provide proper aisle space to the exits; that as to Objection No. 3, that the existing brick faced building of frame shall have such protection against fire as may be required by the Borough Superintendent; and that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct.

674-55-BZ

APPLICANT—Lama, Proskauer and Prober, for May Goodfarb, owner (Polo Ground Motors, Inc., lessee).

SUBJECT—Application August 24, 1955—(decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles, with show windows, curb cuts and signs within 75 ft. of the residence use district.

PREMISES AFFECTED—1920-1924 Amsterdam avenue and 501 West 155th street, northwest corner, Block 2114, Lot 40, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, Raymond Gradowitz and Louis J. Gradowitz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; laid over to June 19, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, class 1½ height district; Amsterdam avenue is in retail and business use, B area, class 1½ height districts; West 155th street is in retail and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 9, 1955 acting on N.B. Applic. 137/55, reads:

1. Proposed "Gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles" in a Retail Use District is contrary to Art. II, pp. 4-A of the Zoning Resolution.
2. Proposed 2—30' 0" curb cuts are not permitted since they are within the 75' 0" limitation imposed by Art. II, PP. 7-A of the Zoning Resolution.
3. Proposed show window and signs are not permitted within 75' 0" of the boundary of the residence use district, Art. II, PP. 1-A, Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft. frontage by 100 ft. in depth, on which is located a parking lot for more than 5 motor vehicles, used car sales, frame store and office; that it is proposed to remove the present buildings and uses and secure a variance for a period of 15 years in order to develop the site with a modern gasoline service station consisting of ten 550 gallon gasoline storage tanks and 5 dispensing pumps; that the proposed accessory building will have a frontage of 30 ft., a depth of 62 ft., one story in height, of class 3 construction, and contain the conjunctive uses of lubritorium, car washing, minor auto repairs, storage, office and sales; that part of the open part of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a business use district and received their present use designation on August 26, 1954; and

WHEREAS, the applicant contends that the premises are presently being used for the sale of used cars, parking and storage of motor vehicles, a 10 ft. by 10 ft. frame office, a 20 ft. by 21 ft. frame store, all installed under Alt. No. 13 of 1949 and certificate of occupancy No. 35197 issued February 16, 1949; that the development will be modern in design, will help improve the appearance of the neighborhood; that there are sufficient stores now in the area for public requirements and additional stores on the site opposite

the cemetery would not be feasible; that Amsterdam avenue is a main auto throughfare leading north and south; that the proposed curb cuts on West 155th street are required for efficient operation of the gas station and for the traffic using West 155th street; that the proposed show window and signs set 45 ft. back of the West 155th street building line and cannot possibly affect West 155th street; that the cemetery opposite, which has a frontage of 450 ft. on West 155th street, precludes the possibility of the proposed curb cuts or show window and signs from affecting the residential aspect of West 155th street; and

WHEREAS, the applicant states that the present owner has held title to the property since December 11, 1946; that the assessed valuation of land is \$33,000 and of the building \$400 making a total of \$33,400; that the building was erected in 1949; and

WHEREAS, the committee of the Board familiar with this site and the area, having made several inspections in this vicinity in recent years, and recommended that the application be granted, particularly in view of the numerous consents that have been filed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses including parking and storage under Section 7e for a similar term substantially as proposed and indicated on plans filed with this application, marked "Received August 24, 1955," 4 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the plot leveled substantially to the grade of West 155th street and Amsterdam avenue, and constructed and arranged as indicated on such plans; that the accessory building shall be of face brick, have no cellar and be arranged as proposed on plans; that there shall be no windows in the side lot line walls on the north or west, opening on adjoining property; that pumps shall be of an approved low type, erected not nearer than 15 ft. to either street building line, where shown; that curb cuts shall be restricted to two, each not over 30 ft. in width, on West 155th street and two on Amsterdam avenue, each 27 ft. 6 in. wide, with no portion of any curb cut nearer than 5 ft. to a side lot line as prolonged; that at the intersection there shall be erected a block of concrete, not less than 12 in. in height, extending 5 ft. along each lot line from the intersection; that on the interior lot line to the north from accessory building to the building line of Amsterdam avenue, the wall of adjoining building with permission of the owner, shall be faced with brick to a height of not less than 6 ft.; that along the lot line to the west from accessory building to the building line of West 155th street, there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height with suitable masonry terminating posts; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved gasoline tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the sidewalk and curbs abutting the site shall be reconstructed or restored to the satisfaction of the Borough President; that under section 7i for a similar term, there may be minor repairs with hand tools only, for adjustments maintained solely within the accessory building; that where applicable, the curb cuts hereinbefore permitted are permitted under Section 7A; that signs shall be restricted to permanent signs attached to the facade of the accessory building, facing Amsterdam avenue and West 155th street, and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline sold and permitting such sign to extend beyond the building line not more than 4 feet; that such

MINUTES

portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

806-55-BZ

APPLICANT—Paul Trapani, for N. Lanzara, owner.
SUBJECT—Application October 17, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, D area district, the proposed extension of the second floor of a two story building of class 3 construction used as a retail store and dwelling, using more than area permitted.

PREMISES AFFECTED—2922½ Bruckner boulevard, south side, 125 ft. west of Edison avenue, Block 5419, Lot 191, Borough of The Bronx.

APPEARANCES—

For Applicant: Paul Trapani.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1¼ height district; Bruckner boulevard is in retail and local retail use, D area, class 1¼ height districts; Edison avenue is in residence and retail use, D area, class 1¼ districts; and

WHEREAS, the decision of the borough superintendent, dated October 4, 1955 acting on Alt. Applic. 897-55, reads:

"1. The proposed extension of 2nd floor will exceed limits specified in Section. 14(c) of the Zon. Res." and

WHEREAS, the applicant states that the premises consist of a plot, 11 ft. frontage by 100 ft. in depth, on which is located a retail store and dwelling; that the ground floor (retail store) occupies the full width with a depth of 75 ft. and the second, a dwelling occupies the full width with a depth of 60 ft.; that it is proposed to extend the 2nd floor the full length of the 1st floor, to add one more room to apartment; and

WHEREAS, the applicant states that the zone is now retail, 1, D; that the area is 55% of lot and the owner desires to occupy the additional area above the store rear extension; that area of lot is 1100 sq. ft.; area of building at 1st floor, 825 sq. ft.; area of building at 2nd floor—660 sq. ft.; 55% of lot, 605 sq. ft.; new 2nd floor area—825 sq. ft.; and

WHEREAS, the applicant contends that the building was erected by the present owners in 1943; that the owners are elderly and would like to retire in this apartment; that if forced to move, they would have to pay higher rents and it is believed that the alteration cost would be cheaper in the end; that this application is based on section 19g and the owner feels that he is not encroaching upon any required open spaces and that this building is entirely in the business zone; that this extension will in no way alter the appearance of the neighborhood as it is in the rear of the lot; and

WHEREAS, the applicant states that the present owner has held title to the property since August 1943; that the assessed valuation of land is \$2,200 and of the building \$6,300 making a total of \$8,500; that the building was erected in September, 1943; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant

under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 to permit the extension on the second floor as proposed and as indicated on plans filed with this appeal marked "Received October 17, 1955" (4 sheets) on condition that the building shall not be increased further in height or in area and shall comply in all other respects to all laws, rules and regulations applicable to the building and occupancy; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

867-55-BZ

APPLICANT—Paul Friedman, for William Gottfried, owner (conditional vendee; W. L. Associates, Inc.).

SUBJECT—Application November 2, 1955—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, auto washing (non-automatic), lubrication, office and accessory sales for a term of 15 years.

PREMISES AFFECTED—66-11 to 66-33 Queens Midtown expressway, northeast corner of Clinton avenue, Block 2394, Lot 8, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Walter Szachacz, Stanley Sosaris, Losie Dalto, Mrs. E. Puris, C. Vincus, F. Sallizzi, M. Siewski, John Gwiazdzinski, Dorothea Schenblein, M. Mickalauskas, M. Szukiewicz and Mrs. F. Plach.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for applicant to file up-to-date photographs and for inspection and decision; hearing closed; then to June 19, 1956, for revised plans for entrance and exit to service road in view of sloping condition of the plot; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Queens Midtown expressway and Clinton avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 21, 1955 acting on N.B. Applic. 4366-55, reads:

"1. Proposed gasoline service station, auto washing (non-automatic) lubrication, office & accessory sales located in a Residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 235.60 ft. by 10 ft. by 166.54 ft. by 100.10 ft. by 25.02 ft. by 46.95 ft., irregular, now vacant; that it is proposed to erect and maintain for a term of 15 years a gasoline service station, auto washing (non-automatic), lubrication, office and accessory sales; and

WHEREAS, the applicant states that as of July 25, 1916 the portion of the property within 100 ft. of Borden avenue, as then mapped, was zoned as a business district and the remainder, if any, was in a residence district; that the business portion was changed to residence on March 25, 1954; that the height and area designations have not been changed

MINUTES

since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant further states that the subject premises consists of an irregular, almost triangular portion of land at the confluence of the northeasterly corner of Queens Midtown expressway and Clinton avenue; that the premises has a frontage of 235.60 ft. on Queens Midtown expressway, a frontage of 10 ft. at the confluence of Queens Midtown expressway and Clinton avenue and a frontage of 166.54 on Clinton avenue; that the premises is vacant; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for a conforming residential development; that it is located on Queens Midtown expressway, a 300 ft. wide express highway which when completed will sustain a substantial volume of automotive traffic; that the unique shape of the plot makes the premises unadaptable for any other use, but makes it singularly adaptable for the proposed gas station use; that Queens Midtown expressway is a heavily trafficked main thoroughfare; that the premises could be developed as an attractive gas station, substantially as proposed, so as to yield a fair return on the investment, without impairing the rights of nearby owners; that the proposed use of the premises would not adversely affect the neighborhood; that the adjoining premises along Queens Midtown expressway and Clinton avenue to the east is vacant; that along Clinton avenue, adjoining the vacant premises there are three existing non-conforming loft and factory buildings in block 2394, lots 21, 23 and 24; that the properties opposite the subject premises on the northerly side of Clinton avenue are mostly vacant and would be sufficiently remote from the proposed gas station so as not to be adversely affected thereby and in addition these properties would be protected by the proposed fence wall and landscaping arrangement on the Clinton avenue frontage and by confining all curb cut entrances and exits to Queens Midtown expressway; that the properties opposite the subject premises on the southerly side of Queens Midtown expressway are more than 300 ft. from the subject premises and would be too remote to be adversely affected by the proposed use; that the proposed fence wall and landscaping arrangement on all lot lines, except the Queens Midtown expressway frontage, would adequately buffer and protect the adjoining premises; that the proposed use would furnish more light and ventilation to nearby properties than a conforming use since the proposed building would be a maximum of one story (14 ft.) in height and would occupy approximately 10.5% of the area of the plot; that the proposed building, set back more than 100 ft. from the intersection of Queens Midtown expressway and Clinton avenue would enhance public safety by providing clear traffic visibility at the intersection; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1953 and that the assessed valuation of land is \$9,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant has filed revised plans showing no entrance on Clinton avenue and no other entrance except to the service road of Queens Midtown Highway, and the Committee has studied the plans and believes it to be to the best interests of the area that the application be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and shown on plans filed with this application, marked "Received November 2, 1955", 1 sheet, March 21, 1956", 1 sheet, "May 11, 1956", 1 sheet and revised plans marked "Received June 14, 1956", 3 sheets, on

condition that all buildings and uses on the premises shall be removed and the site graded and constructed substantially as shown on such revised plans; that the accessory building shall have no cellar and shall be located on the northerly side, designed and arranged as proposed on revised plans; that its exterior shall be of Carrara glass except that the rear elevation may be of white brick, as shown; that the interior arrangement shall be substantially as shown on such plans; that there shall be erected on the easterly and northerly lot lines, retaining walls as may be necessary to support the adjoining property; that on such retaining wall or along all lot lines except along the service road there shall be erected a woven wire fence of the chain link type on a concrete base to a total height of not less than 5 ft. 6 in.; that such fence shall return along all building lines to the service road of the Midtown Expressway; that suitable terminating posts of masonry shall be erected at the termination of such fences; that curb cuts shall be restricted to four to the service road, where shown, each 30 ft. in width, with no portion of any curb cut nearer than 5 ft. to a lot line as prolonged; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line of the expressway service road; that planting shall be maintained at the rear of accessory building and along the street lines of Clinton avenue and the side lot lines to the east, as shown, properly protected with a concrete curbing not less than 8 in. high and 6 in. wide and planting shall be of suitable plant material; that the balance of the premises where not occupied by accessory building, pumps and planting shall be paved with concrete or asphalt and properly rolled and drained to provide surface drainage; that the sidewalk and curbing abutting the site shall be reconstructed or restored to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building, facing the service road, and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line of the service road toward the east of one post standard, located where shown, to support a sign which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not over 4 feet; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

915-55-BZ

APPLICANT—Leonard F. Rothkrug, for Samuel Weinstein, owner (Gilmark Paper Co., lessee).

SUBJECT—Application November 15, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the change of occupancy from a garage for more than 5 motor vehicles and motor vehicle repair shop and service station, to storage and distribution of paper products and office.

PREMISES AFFECTED—635-637 East 28th street, east side, 60 ft. north of Flatbush avenue, Block 5251, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Weinstein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 28th street is in business and residence use, C area, class 1 height districts; Flatbush avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 17, 1955 acting on Alt. Applic. 3616-55, reads:

"1. Proposed change of occupancy to storage and distribution of paper products and offices in partly business and partly residence zone is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage on East 28th street by 100 ft. in depth, on which is located a one story building 16.5 ft. in height of class 3 construction erected in 1914 under N.B. Applic. 4283-14, occupied as a garage under certificate of occupancy No. 70853, altered under Applic. 958-33 and occupied under certificate of occupancy No. 71133 as a public garage for more than five cars, motor vehicle repair shop and service station; that it is proposed to change the occupancy to the storage and distribution of paper products and offices; and

WHEREAS, the applicant contends that a grant would not adversely affect the neighborhood in that the legal use of the premises as a public garage and auto repair shop would be more undesirable than the proposed use which is a permitted use in the business use district portion of the premises; that East 28th street converges with Flatbush avenue at the premises, thereby creating a unique tax block situation which results in the subject premises fronting on East 28th street and also be fronting on Flatbush avenue; that Flatbush avenue is in a business use district and the proposed use is in conformity with the uses established; that a grant would have no adverse effect upon the real estate values in the area in that the building was erected prior to 1916 and it is not proposed to change the external facade, but rather it would have a beneficial effect when compared to the use as set forth in the certificate of occupancy; that the building cannot be altered to permit a residential occupancy; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1945; that the assessed valuation of land is \$6,000 and of the building \$14,000 making a total of \$20,000; that the building was erected in 1914; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the building formerly occupied throughout as a garage and repair shop, to be occupied throughout as proposed, for the storage and distribution of light paper products and offices, substantially as proposed and indicated on plans filed with this application, marked "Received November 15, 1955", 4 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that no windows or other openings shall be constructed in the side or rear walls of the building; and that all permits, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

Adjourned: 3:40 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 19, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

1176-38-SM

APPLICANT—Louisville Cement Company, owner.

SUBJECT—Application for consideration—reopened September 14, 1954 as to amendment to resolution as to additional mill—re Brixment (Masonry Cement); previously approved.

APPEARANCES—

For Applicant: James Francis Martin.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1176-38-SM

Subject: Amendment to resolution as to additional mill.

Louisville Cement Company, Louisville, Kentucky requested by letter dated July 19, 1954 that the resolution adopted March 28, 1939 under Cal. No. 1176-38-SM be amended so as to include Brixment as manufactured at the Louisville Cement Company mill located at Speed, Indiana. The application was reopened by a vote of the Board September 14, 1954. The application was subject to dismissal May 1, 1956 for lack of prosecution but was withdrawn from the dismissal list at the request of the applicant.

Purpose

The material is a masonry cement.

Description

The material as manufactured at the Speed, Indiana, plant is the identical to the material as manufactured at the Akron plant.

The applicant has submitted test reports from various laboratories showing that the material complies with requirements of ASTM-C91-53. The complete reports are on file with and are part of the record.

Recommendation

On the basis of the tests, the Committee on Test recommends that the resolution adopted March 28, 1939 under Cal. No. 1176-38-SM be amended so as to include the material Brixment (masonry cement) as manufactured at the applicants plant located in Speed, Indiana, on condition that the requirements of the resolution adopted March 28, 1939 under Cal. No. 1176-38-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,

Assistant Engineer.

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 28, 1939 in accordance with the above report.

577-39-SA

APPLICANT—Iron Fireman Corporation, owner.

SUBJECT—Application for consideration—reopened January 17, 1956 as to amendment to resolution as to additional models and marketing under additional trade names—re Iron Fireman Oil Burner, Model M and M3; previously approved.

REPORT OF COMMITTEE ON TEST

Re: Cal. 577-39-SA

Subject: Amendment to resolution as to additional models and marketing under additional trade names.

Iron Fireman Manufacturing Company requested by letter dated October 24, 1955 that the resolution adopted June 7, 1939 and amended through November 22, 1955 be amended so as to include additional models of oil burners and permission to market under additional trade names. The application was reopened by a vote of the Board January 17, 1956.

Purpose

The appliance is a gun-type pressure atomizing oil burner.

Description

The model M-2 is similar to the model M (approved by the Board June 7, 1939 under Cal. No. 577-39-SA) except that the capacity of the M2 ranges from 0.60 to 4.50 gph and the model M ranged from 1½ to 5 gpg. The model M2 is now designated as model M-15, capacity 0.6 to 1.5 gph. Model M-25, capacity 1.0 to 2.6 gph, model M-35, capacity 2.0 to 3.5 gph. The model M-3 (approved by the Board November 22, 1955) is now designated M-60 capacity 3.0 to 6.0 gph. In all other respects the burners are similar to the model M-2 and M-3.

Recommendation

The Committee on Test recommends that the resolution adopted June 7, 1939 and amended November 22, 1955 under Cal. No. 577-39-SA be amended so as to include the Models M-15, M-20, M-30 and M-60 and further that these burners may be marketed under the additional trade names of Petro P.15, P.20, P.30 and P.60 on condition that the requirements of the resolution adopted June 7, 1939 under Cal. No. 577-39-SA be complied with.

REPORT OF COMMITTEE ON TEST

Re: Cal. 764-47-SA Vol. II

Subject: Amendment to resolution as to additional models of gas conversion burners.

Clewell Equipment Co., for Mid-Continent Metal Products Co., Chicago, Illinois requested by filing an application dated September 13, 1955 that the resolution adopted January 27, 1948 under Cal. No. 764-47-SA Vol. I be amended so as to include additional models. The application was reopened by a vote of the Board November 15, 1955 under Cal. No. 764-47-SA Vol. II.

Purpose

The appliance is a gas fired burner for domestic and/or commercial installation.

Description

The appliance is basically the same as the appliance approved by the Board January 27, 1948 under Cal. No. 764-47-SA Vol. I. The difference between the requested models, namely Models 150C, 300C and 500C and the approved models is in the nozzle. The nozzle in the approved models is a ceramic windbox which is basically a nozzle. The requested models have a steel outer shell and an inner cast iron cartridge, the two forming a gun type nozzle. The controls and balance of the equipment are identical on the requested and the approved models. The appliance has been approved by the AGA under 20-197-3.101 and 20-197.201.

Recommendation

The Committee on Test recommends that the resolution adopted January 27, 1948 under Cal. No. 764-47-SA Vol. I be amended so as to include the models 150C, 300C, 500 and 700 Lo-Blast Economite Gas Conversion Burners on condition that requirements of the resolution adopted January 27, 1948 under Cal. No. 764-47-SA Vol. I be complied with.

REPORT OF COMMITTEE ON TEST

Re: Cal. 409-54-SA

Subject: Johnson Gas-Fired Tubular Warm Air Heaters, Models, JA15, JA20, JA25, JA30, JA35, JA40, JA50, HB75, HB1, HB2, HB3, HB4, HB5, JAS1, JAS1E, JAS1, JAS2, JAS3E, JAS53, JAS4, JAS5, JA.75, JA1.5, JA2.5, JA3, JA4, JA5, JA6, JA7, JA8, JA2, JA10 and JA12.

Johnson Heater Corp., owner-manufacturer filed May 20, 1954 an application with the Board of Standards and Appeals for approval of the Johnson Warm Air Heaters (gas fired) and the above mentioned model numbers, under the provisions of Article 12, Chapter 26 of the Administrative Building Code.

Purpose

Gas fired heaters for heating domestic, commercial and industrial buildings.

Description

The principal features of the Johnson Tubular Warm Air Heaters are that these heaters are of all welded steel and gas tight construction using as prime direct heating surfaces, multiple banks of practically self cleaning criss cross single pass air heating tubes placed directly over the fire for the highest possible transfer of heat from the fire to the air. The heater construction is such that the external air pressure surrounding the tubular heater cone of the heater is always greater than the internal pressure within the combustion chamber and in no case can any product of combustion escape into the circulated air being heated. The hot flue gases from the fire rise upward between multiple banks of air heating tubes so that no tube resulting in high heat transfer to the confined air streams which are forced through the air heating tubes by a motor driven blower. The air heating tubes are located in such a manner that an air pressure is formed at the lower end of the air heating tubes. There is a further control of the passage of flue gases through the heaters by a Johnson or equal flue gas control that is adjusted permanently to maintain a slight draft above the fire.

Large open buildings are heated with these heaters, using the exclusive Johnson method of heating by discharging large volumes of low temperature air at a low velocity into the area to be heated from outlets at the heater only. Areas in excess of 1,500,000 cubic feet are being heated by this method using only one free standing heater using no duct work or conveying piping.

The heaters are designed, however, for use with conventional duct system where required. The controls consist of a pressure regulator Enco or equal, an automatic main control valve General Controls or equal. A diaphragm controller, an automatic and electric ignition. The models differ as to size and BTU rating. Suspended models from 138,000 to 1,000,000 BTU. Other floor models from 75,000 to 5,000,000 BTU capacity.

Firing devices used with gas as fuel and shipped as standard equipment are as follows: Nordensen, Mettler and other approved Power Type Burners and AGA approved atmospheric type burner equipment. The firing devices are interlocked with the blower on large models to prevent input of fuel into combustion chamber unless the blower is in operation.

Inspection and Test

A model of this heater was inspected and tested at the Studebaker Corp., New Hyde Park, Long Island and found to operate as designed. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and K. S. Johnson and K. S. Johnson, Jr., representing the applicant. The appliance operated as designed.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Johnson Gas-Fired Tubular Warm Air

Heaters, Models JA15, JA20, JA25, JA30, JA35, JA40, JA50, HB75, HB1, HB2, HB3, JAS1, JAS1E, JAS1, JAS2, JAS53, JAS3E, JAS4, JAS5, JA.75, JA1.5, JA2.5, JA3, JA4, JA5, JA6, JA7, JA8, JA2, JA10 and JA12 for use in New York City when installed and operated in accordance with this report and the requirements of C26, Article 12 of the Administrative Building Code, provided each heater bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 409-54-SA." and provided further that in garages the heater shall be located 8 ft. above the floor and shall be equipped with a 40/40 mesh screen over the combustion air intake.

REPORT OF COMMITTEE ON TEST

Re: Cal. 206-55-SA

Subject: Connersville Multi-Jet Gas Rug Dryer, Model MJ-443-1350.

Merjian Brothers, Inc., for United Vacuum Appliance Corporation of Connersville, Indiana owner-manufacturer filed March 2, 1955 an application with the Board of Standards and Appeals for approval of the Connersville Multi-Jet Gas Rug Dryer, Model MJ-443-1350 under the provisions of C26-178.0.b and Article 12 Administrative Building Code.

Purpose

A rug washing and drying apparatus.

Description

The Connersville multi-jet dryer is a direct gas-fired unit consisting of a combustion chamber containing 3 centrifugal fans on a common shaft driven by a V-belt, maxon premix burner and maxon safety shut-off valve (approval Cal. No. 203-44-SA) with lino-flame assembly, protectoglo combustion safety guard controls, Minneapolis-Honeywell Regulator Company. The Premix Burner together with large volume of secondary air assures complete combustion. All products of combustion are introduced directly into the dry room and vented to outdoors. Dry room doors are provided with limit switches to automatically cut off burner if door is opened while unit operating.

Inspection and Test

The appliance was inspected and tested at 121-06 22nd Avenue, College Point, New York as found to operate as designed. Present at the test were Chief Engr. L. V. Huber of the Committee on Test and representatives of the applicant.

MINUTES

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Comersville Multi-Jet Gas Rug Dryer, Model MJ-443-1350 for use in New York City under the provisions of C26-178.0.b and Article 12 of the Administrative Building Code when installed and operated in accordance with this report and the provisions of Article 12 of the Administrative Building Code on condition that each appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 206-55-SA."

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal 522-55-SM

Subject: Alpha 275 Gallon Gasoline Storage Tanks.

Mr. Ribelle V. Perotto for Alpha Tank Company, Inc., 1850 Steinway Street, Queens, filed June 15, 1955 an application with the Board of Standards and Appeals for approval of the Alpha 275 Gallon Gasoline Storage Tanks under the provisions of Section C19-69.0 Administrative Code.

Purpose

Steel tanks for the underground storage of gasoline.

Description

All steel, welded tanks of 275 gallon capacity. Shells are made of a single sheet with a welded 2 inch lap joint. Heads are made of a single sheet, dished and flanged, with flanges inserted within the tank shell and welded. Shell and head thicknesses are $\frac{1}{4}$ inch.

The tanks will be made in three dimensions all 275 gallon capacity.

24 inch. dia. x 11 ft. 11½ inches overall length.

30 inch. dia. x 7 ft. 10¼ inches overall length.

36 inch. dia. x 5 ft. 8 inches overall length.

All tanks will be provided with five threaded openings for connecting piping.

A coat of black asphaltum is applied to each tank.

Inspection and Test

A sample tank, 36" x 5' 8", was hydrostatically tested at a pressure of 105 pounds per sq. inch for more than 30 minutes without leakage or distortion. This test was made at the premises of the applicant.

Present were Asst. Engr. G. F. Sklenarik, Committee on Test, Mr. R. Perotto and Mr. Forman of Alpha Tank Company.

Recommendation

On the basis of the data filed and the test made, the Committee on Test recommends the approval of the Alpha 275 Gallon Gasoline Storage Tanks for use in New York City when constructed in accordance with this report under the provisions of C19-69.0 Administrative Code and provided that each tank bears a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 522-55-SM."

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 761-55-SM

Subject: Graymor Chemical Co. Inc., Flameproof Resin (for flameproofing fabrics)

Graymore Chemical Company, Inc., New York filed September 20, 1955 an application with the Board of Standards and Appeals for approval of the material known as Graymor Chemical Company, Inc., Flameproof Resin under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is a flameproofing compound for the flameproofing of fabrics to be used in places of public assembly.

Description

The material is a mixture of borates, phosphates and ammonium compounds. The resultant is a viscous liquid. When it is used to flameproof a fabric, this liquid is mixed with water to form a solution. The amount of water added is dependent on the type of fabric to be flameproofed, for example for all cotton velveteen, the flameproofing is 20% solution and a mixture of rayon and cotton of 15% solution is required.

Inspection and Test

Various fabrics flameproofed with the compound were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engrs. J. A. Darts and G. Sklenarik Committee on Test and Messrs M. & A. Gordon representing the applicant. Results were as follows:

1. All cotton Velveteen flameproofed with 20% solution. No flashing or flaming and the time of glow within the charred area was 2 minutes and 8½ seconds.

2. Cotton Back—Rayon Face—fleece type 15% solution. No flashing or flaming and the time of glow within the charred area was 1 minute and 11 seconds.

3. Cotton Back—Rayon face—plu-li, 15% solution.

MINUTES

No flashing or flaming and the time of glow within the charred area was 1 minute and 53 seconds.

4. Rayon Warp—Cotton filling, 15% solution. No flashing. Average time of flaming was $2\frac{3}{4}$ seconds and the time of glow within the charred area was 54 seconds.

5. Viscose Rayon and Cotton Drapery Fabric, 15% solution. No flashing and no flaming and the average time of glow in the charred area was 29 seconds.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that fabrics herein described namely all cotton velveteen, cotton-back—rayon face fleece type, Cotton-back rayon face plush, Rayon warp, Cotton filling, jacquard and Viscose rayon and cotton drapery fabric when flameproofed with the compound known as Graymor Chemical Company, Inc., Flameproof Resin possesses inherent flameproofing properties and accordingly recommends approval of this material.

Test for each specific installation or any retests thereof, shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each container in which the material is marketed shall be labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 761-55-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 942-55-SA

Subject: General Chef, Combination Gas Range Refrigerator (without garbage disposer), Models R600, LKR520, RS1004, R1004 and R1004-2.

The General Air Conditioning Corp., Los Angeles, California, owner-manufacturer, filed November 15, 1955 an application with the Board of Standards and Appeals for approval of General Chef Combination Gas Range Refrigerator (without garbage disposer) Models R600, LKR520, RS1004, and R1004 and R1004-2 under the provisions of C19-96.0 and C26-695.0 Administrative Code and for use under section 64 of the Multiple Dwelling Law.

Purpose

Domestic type combination refrigerators and gas ranges for cooking and for food storage.

Description

All five models are cabinet types made of double walled sheet steel insulated with fibreglas. The tops are made of porcelain and the sides are finished in baked enamel.

The model R600 consists of a double sink with three gas burners on the top with a 6 cubic foot electric refrigerator and a gas fired oven and broiler beneath.

A pilot light is provided for the top burners and the oven has thermostatic temperature control.

The model LKR520 consists of a single sink and three gas burners on top and a 4 cubic foot refrigerator and storage drawer beneath.

A pilot light is provided for the burners.

The model RS1004 is similar to the LKR520 except that the sink is not provided.

The models R1004 and R1004-2 are four and two burner ranges respectively, each with a 4 cubic foot electric refrigerator and a storage bin beneath. No pilot lights are provided on these models.

The refrigerators in these appliances have the same type refrigerating system consisting of a Tecumseh hermetically sealed compressor and motor air cooled condenser, capillary tube refrigerant control and evaporator. A charge of approx. $\frac{1}{2}$ lbs. of F-12 is used as refrigerant. A neoprene bushing around the motor terminals is used as a means of pressure relief in case of excess internal pressure as might be caused by a fire surrounding the unit.

Inspection and Test

All data submitted was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

WHEREAS, it was noted that the method of pressure relief provided for the refrigerating systems was not in literal compliance with Section C19-104.C Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriters Laboratories as evidence by their report SA#1163 dated May 3, 1954.

Except for the R1004-2 all other models have AGA approval.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of Gas Piping and Gas Appliances in Buildings as approved by ASA and sponsored by AGA 1954 gives the following definitions:

1. Appliance automatically controlled—appliance equipped with an automatic pilot and other automatic devices which (a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.

2. Automatic Ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes; designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test Recommends as follows:

Models R1004 and R1004-2 may be constructed without a device which shall automatically shut-off the gas as there are no pilot lights or constantly burning flames or thermostats; all installations shall be in accordance with the requirements of Sections C19-96.0 and for the Model R1004—C26-695.0.2.a, and for the Model R1004-2—C26-695.0.2.b Administrative Code as the latter has not been approved by a recognized testing laboratory.

Models R600, LKR520 and RS1004 shall be constructed with an approved device which shall shut-off automatically

MINUTES

the gas supply when the pilot light or other constantly burning flame is extinguished as these models are considered to be automatically controlled gas appliances under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations may be in accordance with Sections C19-96.0 and C26-695.0.2.a Administrative Code as the above models have been approved by a recognized testing laboratory and further these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 942-55-SA," and in addition thereto shall also designate the model.

The Committee further recommends that models R600, LKR520 and RS1004 shall carry in addition to the wording required on the label described above, the wording "Equipped with approved automatic shut-off" and that each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1043-55-SM

Subject: Tapestron (drapery material).

Delco Tapestron Distributors, New York filed November 17, 1955 an application with the Board of Standards and Appeals for approval of the material known as Tapestron (drapery material) under the provisions of C26-721.0 Administrative Building Code and the Flameproofing Rules of the Board.

Purpose

The material is a flameproof drapery material for use in places of public assembly.

Description

The material is produced by coating a modified cellulose acetate on "Saran" (a vinyl vinylidene chloride) mono-filament woven mesh. The acetate coating contains phosphate which renders the material self-extinguishing.

Inspection and Test

The material was tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test, in accordance with the requirements of the Flameproofing Rules of the Board. There was no flashing and the average time of flaming was one half second.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test is of the opinion that the material has inherent flameproofing qualities and accordingly recommends the approval of the material Tapestron as a flameproof fabric.

Test for each specific installation and any retests, thereof, shall be made by the Fire Commissioner or in a laboratory approved by him, in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each bolt of this material or the container in which the material is marketed shall be tagged or marked as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 1043-55-SM."

(Sgd.) HARRIS H. MURDOCK,

Purpose

Household refrigerator and gas burning range combinations.

Description

The model RG5F combines a small refrigerator and a four burner gas range in a steel cabinet of double walled construction insulated with fibreglas. The fibreglas insulates the refrigerator and is applied in two inch thickness at the sides and bottom and in three inch thickness at the top and in the door.

The range is provided with a pilot light.

The refrigerating system used in the Model RG5F is made up of a hermetically sealed compressor, air cooled condenser, capillary tube refrigerant control and an evaporator. Silver soldered joints are used for the copper tubing connections.

Refrigerant charge is held to 1/2 lbs. of F-12. Excessive pressure within the system, as may be caused by fire, is provided relief through a neoprene compression ring used to seal the compressor motor terminals.

MINUTES

The model RGS4AF combines a small refrigerator, a two burner gas range and a stainless steel sink in a steel cabinet constructed in the same manner as in the RG5F. The range is not provided with a pilot light.

Inspection and Test

The above model refrigerator-gas range combinations were inspected at the premises of the applicant, 29-24 40th Avenue, New York City, by Asst. Engr. G. F. Sklenarik, Committee on Test. Also present was Joseph Rosenhaft of the Acme National Refrigeration Company, Inc.

WHEREAS, it was noted that the method of pressure relief provided for the refrigerating system does not literally comply with Section C19-104.C of the Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriter's Laboratories as evidenced by their report SA #1666 dated May 22, 1952.

The Model RG5F, equipped with pilot, is AGA approved.

The Model RGS4AF, not equipped with pilot, is not AGA approved.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definitions:—

1. Appliances automatically controlled—appliances equipped with an automatic pilot and other automatic device which

- (a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.
- (b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner of burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows:

Model RGS4AF may be constructed without a device which shall automatically shut-off the gas as there is no pilot or constantly burning flame or thermostat; all installations shall be in accordance with the requirements of C26-695.0.2b as this model has not been approved by a recognized testing laboratory.

Model RG5F shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as this model is considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; its installation may be in accordance with the requirements of C26-695.0.2a and C19-96.0 Administrative Code as this model has been approved by a recognized testing laboratory and further these ranges may be used under the provisions of Section 64 Multiple Dwelling Law.

The Committee further recommends that these appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 52-56-SA", and in addition there to shall also designate the model.

The Committee further recommends that model RG5F shall have in addition to the wording required on the label described above, the wording, "Equipped with approved automatic shut-off" and that each such range shall have at-

tached, thereto, a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

294-56-SM

APPLICANT—American Metal Products Co., Inc., owner.
SUBJECT—Application March 19, 1956—Amerivent Gas Vent (Type B), Style O (oval) and Style R (round) and Amerivent Gas Vent, Type BW, Style O (oval) and All Amerivent Fittings and Vent Caps, approval of.

APPEARANCES—

For Applicant: Harry Silverman.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 294-56-SM

Subject: Amerivent Gas Vent, Type B Style O and Style R, Type BW, Style O and all Amerivent Fittings and Vent Caps.

Harry Silverman for American Metal Products Company, Inc., Los Angeles, California filed March 13, 1956 an application with the Board of Standards and Appeals for approval of the material known as Amerivent Gas Vent Type B, Style O and Style R, Type BW, Style O and All Amerivent Fittings and Vent Caps under the provisions of C26-88.0 and C26-696.0.C.4 Administrative Building Code.

Purpose

The material is to be used as an outlet pipe for gas appliances.

Description

The outlet pipe is designed for gas appliances having a maximum outlet temperature of flue gases of 550°F.

The piping and fittings are of double wall construction, both inner and outer wall being of aluminum. The alloy used contains a minimum of 99.0% aluminum and the balance consists of small percentages of silicon, iron, copper, manganese, magnesium, chromium, zinc and other elements.

The sections are formed with die formed male and female ends, the male end having a snap on coupler and the female end snap locks over the mating male end.

The space between the outer and inner shells is one half inch thus insuring ventilation.

The Style R is furnished in lengths of 0'-6", 1'-0", 3'-0" and 5'-0" with internal diameters of 3, 4, 5, 6, 7 and 8 inches.

Style O is furnished in one size having internal diameter of 2 1/8" by 6 1/2".

Inspection and Test

Samples of the vent were inspected by Asst. Engr. J. A. Darts Committee on Test and were found to meet the requirements of C26-88.0 Administrative Building Code. The material has also been approved by the Underwriters Laboratory under Misc. Hazard 5102. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the

MINUTES

approval of the material known as Amerivent Gas Vent, Type B, Style O and Style R and Type BW, Style O and All Amerivent Fittings and Caps, as having met the requirements of C26-88.0 Administrative Building Code for use in New York City under the provisions of C26-696.0.4.C Administrative Building Code on condition that each carton in which the material is marketed shall be labeled, stamped or marked as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 294-56-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Assistant Engineer.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

237-54-A

APPLICANT—Nathan C. Horwitz and Frederick E. M. Ballon, for Fifty West Forty-Fourth Corp., owner.

SUBJECT—Application March 26, 1954—Appeal from an order and a decision of the fire commissioner—re sprinkler system.

PREMISES AFFECTED—1120-1136 Avenue of the Americas, east side, from West 43rd street to West 44th street; 51-75 West 43rd street and 48-76 West 44th street, Block 1259, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Nathan C. Horwitz.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, Order #97228 LC issued by the Fire Commissioner September 9, 1953, and repeated in his decision of February 26, 1954, reads:

Permit No. D183046
Expiring December 1953
Storage Garage

Gentlemen:

An inspection of your premises discloses that the following order must be complied with, otherwise your permit indicated above will be revoked. Kindly notify this department when such order has been complied with.

1. Install an approved wet automatic sprinkler system on the 2nd and 3d floors of garage having at least one source of supply, arranged and equipped as per Chapter 26, Article 16, Administrative Code. C19-10, Adm. Code."

and

WHEREAS, the applicant states the building is 5 stories, 59 ft. 2 in. in height, 200 ft. 7¼ in. front by 239 ft. 9¼ in. in depth, of Class 1 construction, erected in 1953 in a retail use, B area, Class 2 height district; used and occupied: Cellar—garage and mechanical equipment, 10 persons; 1st floor—garage, 50 persons; stores, 300 persons; 2nd and 3d floors—garage, 10 persons per floor; 4th floor—offices and 5% manufacturing, 412 persons; 5th floor—offices, 412 persons; 6th, 7th and 8th floors, 412 persons each. The building is provided with an approved standpipe system and a partial approved two-source sprinkler system; there are three interior stairs and one fire tower of fire-proof construction; and

WHEREAS, Certificate of Occupancy #42079 issued January 15, 1954, against N.B. 80/51 permits the existing use and occupancy, pursuant to a variance granted by the City Planning Commission September 12, 1951, under Cal No.

48, as approved by the Board of Estimate September 20, 1951, Cal. 192 and June 26, 1952, Cal. No. 210; and

WHEREAS, the applicant contends that the building conforms to existing requirements of law and the standpipe system, cellar sprinkler system, interior fire alarm system and exterior fire extinguishing and fire prevention appliances and means of ventilation and egress are adequate and sufficient; that the Fire Department inspected the premises and found full compliance with all garage requirements and tested the standpipe, sprinkler and interior fire alarm systems and certified their approval to the Department of Buildings, which department issued Certificate of Occupancy #42079; and

WHEREAS, the applicant states that pursuant to the requirements of the City Planning Commission, the owner submitted the garage proposal showing no windows on the 2nd and 3d floors to the Fire Department, at which time the Chief Inspector of the Fire Department suggested that sprinklers be provided throughout the building and the Chief Inspector of the Division of Combustibles, having jurisdiction over garages believed no sprinklers were required in view of the standpipe, cellar sprinkler system and interior fire alarm system; that the matter was submitted to the Fire Commissioner and conferences held and the owner outlined the proposed cellar sprinkler system and the Commissioner advised the owner in writing to include an approved wet automatic sprinkler system in the cellar and basement and made no requirement for sprinklers on the 2nd and 3d floors and thereafter the building was constructed; that subsequently the Deputy Chief in Command of the Division of Combustibles was succeeded by another deputy chief who has requested sprinklers on the 2nd and 3d floors of the building after it has been constructed; that his recommendation was referred to the Fire Commissioner and the Board of Hazardous Trades who have upheld his requirement and the sprinkler order in question was thereafter issued; and

WHEREAS, the applicant contends the entire building is Class 1 fireproof construction and entire building equipped with an approved interior fire alarm system; that the building is provided with an approved standpipe system and a fire tower; that the garage space is provided with mechanical ventilation and auxiliary fire extinguishing appliances; that the cellar is equipped with an automatic two-source sprinkler system; that the 2nd story is without windows, is brick-faced and has enclosed stairs leading to street; the 3d story is without windows, is brick and aluminum faced, has enclosed stairs leading from 2nd floor; that the public leaves their cars on the 1st story and the garage employees only used the upper garage space; and

WHEREAS, the applicant states it is proposed to maintain two unobstructed aisle spaces on each of the 2nd and 3d floors, each 20 ft. wide for the depth of each floor, running from the Avenue of the Americas; that it is proposed to provide on the 2nd floor, opening directly into each unobstructed aisle space, an aluminum access door, 4 ft. 8 in. by 4 ft. 8 in. with a 3 ft. sill, opening into building, kept unlocked but held in check by rubber wedges, and kept accessible for operation by Fire Department from exterior of building; that on the 3d story, it is proposed to provide, opening directly into each unobstructed aisle space, two aluminum access doors, 2 ft. 6 in. by 4 ft. 10 in. with a 2 ft. sill, opening into building, unlocked but held in check by rubber wedges and accessible to the Fire Department from exterior; that it is proposed to provide for the garage space additional fire extinguishers, pails with sand, waste cans and no smoking signs; and

WHEREAS, the applicant states that open ramps from the 1st floor to 2nd and 3d floors provide natural ventilation to supplement mechanical ventilation maintained for all floors.

Resolved, that the decision of the Fire Commissioner dated September 9, 1953 and repeated in his decision of February 26, 1954, acting on Order No. 97228LC be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that in lieu of the sprinkler system required to be installed there shall be access doors accessible and openable, two on the second floor and four on the third

MINUTES

floor, as indicated on plans marked "Received March 26, 1954" (5 sheets), and "May 29, 1956" (3 sheets); that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the standpipe system, sprinkler system and interior fire alarm system shall be maintained in accordance with the requirements therefor.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. IV, on April 24, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 24, 1956, under Vol. IV of this calendar number by adding thereto:

"that in the event the owner desires to make minor changes in the arrangement of the station, so that it may be 25 ft. 6 in. back from the street building line, as now shown on revised plans marked "Received June 18, 1956", (1 sheet); that the auto showroom may be squared out so as to be not nearer than 25 ft. 6 in. from the street building line of Bay Parkway; that two pump islands may be maintained where shown, with pumps of a low approved type located where shown; that the distance back from the front of the repair shop building to the street building line may be reduced as shown to 17 feet; that the permission for automobile repairing heretofore granted may be continued and that in all other respects the requirements of the resolutions above cited shall be complied with, as shown on plans herein referred to." (Alt. 1356/55)
